

OPERATIONAL REPORT 2024

OHIO STATE HIGHWAY PATROL

May 5, 2025

On behalf of the women and men of the Ohio State Highway Patrol (OSHP), I am pleased to present the OSHP's 2024 Operational Report. This comprehensive report highlights how Ohio state troopers responded to the threats last year that Ohioans were most concerned about including distracted driving, reckless and aggressive driving, and impaired driving.

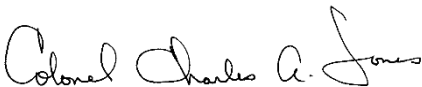

At the outset of 2024, the Division advanced its strategic approach with Impact 2024 – a forward-focused operational direction that built upon the framework of Impact 2023. This initiative continued to emphasize collaboration, operations and technology to make a difference in communities across Ohio.

The approach led to significant successes in 2024, including:

- Thanks to the support of the General Assembly, 2024 marked the first full year of enforcement under Ohio's primary hands-free distracted driving law. That enforcement effort produced a 210% increase in distracted driving arrests from 2023. Data from Cambridge Mobile Telematics showed that handheld phone use and screen interaction while driving decreased 10% statewide. Ohio was the only state to see early reductions and increase them more than one year after passing a hands-free law and starting enforcement.
- Through a proactive focus on traffic safety – including distracted driving enforcement, targeted drug and alcohol impaired driving patrols, increased traffic stops and expanded commercial vehicle inspections – Ohio saw 85 fewer lives lost on its roadways in 2024 than in 2023, marking the state's third consecutive year of declining traffic fatalities.
- Additionally, the OSHP partnered with agencies and organizations across the state to execute more than 60 targeted law enforcement operations in both urban and rural communities, further strengthening public safety efforts throughout the year.

Our mission centers on critical safety and security priorities – areas where, every day, state troopers, police officers and professional staff directly and positively impact local communities. It is our hope that the data and results in this report will inspire the continued focus on safety and contribute to an improved quality of life for all Ohioans.

Sincerely,

Colonel Charles A. Jones,
