

## Commercial Activity Tax

**T**he commercial activity tax (CAT) is a tax imposed on the privilege of doing business in Ohio, measured by gross receipts. The CAT is paid either quarterly or annually and applies to all business types that operate in Ohio, regardless of whether such business is located within Ohio. The tax was enacted by the Ohio General Assembly in 2005 as part of House Bill 66, legislation that also gradually phased out the tangible personal property tax and corporation franchise tax for the vast majority of Ohio businesses.

In fiscal year 2009, the CAT produced \$1,179.2 million in total revenue. Of this amount, \$825.4 million, or 70 percent, was deposited in the School District Property Tax Replacement Fund and \$353.7 million, or 30 percent, was placed in the Local Government Property Tax Replacement Fund. No revenue was deposited into the General Revenue Fund.

The returns due and filed during fiscal year 2009 show that manufacturing taxpayers accounted for the largest share of tax liability, reporting \$333.4 million or 28.9 percent of the total while accounting for 9.9 percent of all taxpayers. The retail sector represented the largest group of taxpayers – 12.8 percent – and represented 18.8 percent of total liability. Taxpayers with taxable gross receipts over \$100 million accounted for more than half (58 percent) of total CAT liability and just 0.4 percent of the overall taxpayer population. In contrast, taxpayers whose receipts were \$1 million or less represented just 1.1 percent of total tax liability but made up 71.9 percent of all taxpayers.

### Taxpayer

(Ohio Revised Code 5751.01)

The CAT is paid by any person with taxable gross receipts of \$150,000 or more in a calendar year. The term “person” includes sole proprietors, partnerships and corporations. It also applies to service providers such as medical professionals, attorneys, and accountants, as well as persons engaged in the sale or rental of most types of real property. The tax also applies to all businesses that either:

- have at least \$500,000 in taxable gross receipts in Ohio;
- have at least \$50,000 in property in Ohio;
- expend at least \$50,000 in payroll for work in Ohio;
- have at least 25 percent of their total property, payroll, or gross receipts in Ohio; or
- are domiciled in Ohio.

The tax does not apply to entities such as nonprofit organizations or certain types of entities that are liable for another Ohio tax, including:

- financial institutions and certain affiliates of financial institutions, which pay the corporation franchise tax;
- insurance companies, which pay the Ohio insurance premiums tax, and certain affiliates of insurance companies, which pay the corporation franchise tax; and

- dealers in intangibles, which pay the Ohio dealers in intangibles tax.

The tax also does not apply to certain receipts by public utilities that are subject to the public utility excise tax.

### Tax Base

(R.C. 5751.001(F))

The base of the CAT is gross receipts situated to Ohio. “Gross receipts” means the total amount realized, without deduction for the cost of goods sold or other expenses incurred, that contributes to the production of gross income. Examples of gross receipts include sales, performance of services, and rentals or leases. The method of accounting for gross receipts for the CAT is the same as for federal income tax purposes (that is, accrual or cash basis).

### Rates

(R.C. 5751.03 and 5751.031)

Generally, businesses with annual taxable gross receipts of \$150,000 or less are not subject to the CAT.

Businesses with annual taxable gross receipts of more than \$150,000 are subject to an annual minimum tax of \$150.

Businesses with annual taxable gross receipts in excess of \$1 million are subject to the annual minimum tax of \$150 and also pay tax on receipts above \$1 million on a quarterly basis (with a \$250,000 quarterly exclusion) at the following tax rates:

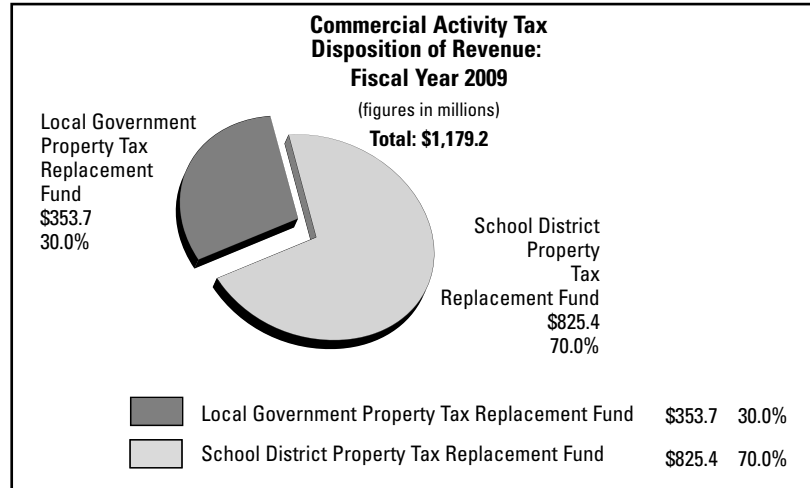

- April 1, 2008 to March 31, 2009: 0.208 percent.
- April 1, 2009 and thereafter: 0.26 percent.

### Credits

(R.C. 5751.51 – 5751.53, 5751.98)

Eligible taxpayers began accumulating one or all of the following credits against their CAT liability beginning Jan. 1, 2008, and were able to claim these credits beginning July 1, 2008 (on the return due Nov. 9, 2008):

- job creation tax credit.
- job retention tax credit.

**Chart**

- credit for qualified research expenses.
- credit for research and development loan payments.

In addition, a credit for unused franchise tax net operating loss deductions became available starting with the 2010 calendar year.

For more information about these credits, see the **Business Tax Credits** chapter.

**Filing and Payment Dates**

(R.C. 5751.051)

All businesses liable for the CAT must register prior to filing a return. All taxpayers are subject to the annual minimum tax of \$150, which is due by May 10 of each year.

Taxpayers with taxable gross receipts greater than \$1 million must file quarterly returns. Quarterly returns must be filed electronically through the Ohio Business Gateway. Quarterly returns are due on the tenth day of the second month after the end of each calendar quarter (May 10, Aug. 10, Nov. 10, and Feb. 10).

Taxpayers with taxable gross receipts less than \$1 million may file annual returns. The annual return may also be filed electronically but electronic filing is not mandatory as it is with the quarterly return. The annual return is due on or before May 10 of each year. The annual return reports the prior year's taxable gross receipts and pays the annual minimum tax for the current (privilege) year.

**Disposition of Revenue**

(R.C. 5751.20)

During the 2009 fiscal year:

- 70 percent of the revenue generated by the CAT was dedicated to the School District Property Tax Replacement Fund.
- 30 percent of the revenue generated by the CAT was dedicated to the Local Government Property Tax Replacement Fund.

Current law maintains this distribution formula until fiscal year 2011. Beginning in fiscal year 2012, the CAT revenue apportioned to the Local Government Property Tax Replacement Fund will be drawn down at an average rate of 3.5 percentage points annually and deposited into the General Revenue Fund. Starting with fiscal year 2019, the General Revenue Fund will receive 30 percent of CAT revenue, and the remaining 70 percent will be allocated to the School District Property Tax Replacement Fund.

**Administration**

The Tax Commissioner administers the CAT and distributes the revenue to the various funds.

**Recent Court Cases**

**Ohio Grocers Association v. Levin, 123 Ohio St.3d 303, 2009-Ohio-4872:**

The Ohio Supreme Court reversed the decision made by the Tenth District Court of Appeals in *Ohio Grocers Assoc., et. al. v. Wilkins*, 897 N.E.2d188 (Ohio App. 10th Dist., Sept. 2, 2008). In its opinion, the Court decided that the CAT "is not a tax on the sale or purchase of food and therefore does not violate the Ohio Constitution." The Court further clarified that the CAT "is a tax on the privilege of doing business" and the "fact that the tax is measured by gross receipts that include proceeds from the sale of food does not affect the constitutionality of [the CAT]."

1 The total tax liability shown in this table does not match actual commercial activity tax revenues in fiscal year 2009. This is because the table reflects reported tax liability, not actual payments made. In addition, the table reflects information from tax returns on the computer system as of the dates when the August 2008, November 2008, February 2009 and May 2009 return data was extracted; any subsequently filed tax returns or subsequent corrections made to previously-filed tax returns are not reflected in this table.

2 On a quarterly basis, each taxpayer's first \$250,000 in taxable gross receipts is excluded from the 0.208% tax, resulting in an annual exclusion of \$1 million per taxpayer.

3 The annual minimum tax is \$150. All taxpayers (annual taxpayers and quarterly taxpayers alike) are required to pay the annual minimum tax.

4 Beginning with the third quarter 2008 filing period (the tax return due in November 2008), several nonrefundable tax credits could be claimed by eligible commercial activity taxpayers. The available nonrefundable credits are: the credit for qualified research expenses; the job retention tax credit; and the research and development loan credit.

5 Beginning with the third quarter 2008 filing period (the tax return due in November 2008), the refundable job creation tax credit could be claimed by eligible commercial activity taxpayers.

2. These categories reflect aggregate taxable gross receipts (before exclusion) as reported by taxpayers on returns that were due and filed during fiscal year 2009. For example, a taxpayer whose taxable gross receipts were \$5 million, \$6 million, \$4 million, and \$7 million, on returns filed in August 2008, November 2008, February 2009 and May 2009, respectively, would have total fiscal year 2009 taxable gross receipts of \$22 million, and thereby would be included within the \$10-\$25 million category.

3. On a quarterly basis, each taxpayer's first \$250,000 in taxable gross receipts is excluded from the 0.208% tax, resulting in an annual exclusion of \$1 million per taxpayer.

4. The annual minimum tax is \$150. All taxpayers (annual taxpayers and quarterly taxpayers alike) are required to pay the annual minimum tax.
