IT 1040X Instructions

Time Period in Which To File (Statute of Limitations)

1. Generally, you can claim a refund within four years from the date of the overpayment of the tax, interest or penalty. For most taxpayers, the four-year period **begins** on the date that the Ohio income tax return was due without extensions. For example, 2008 Ohio forms IT 1040 and IT 1040EZ were due April 15, 2009; for 2008 Ohio forms IT 1040 and IT 1040EZ the four-year period begins on April 15, 2009.
2. If your Ohio amended return shows a refund due to a decrease in your federal adjusted gross income and if the IRS issues you a refund check due to that decrease, you always have at least 60 days from the date that the IRS agreed to the decrease to file your Ohio amended return.
3. If your Ohio amended return shows a refund due to an increase in your Ohio resident credit, you always have 60 days from the date that the other state increased the tax owed to that state to file your Ohio amended return.

Change in Filing Status

1. Check the box on page 1 of Ohio form IT 1040X that corresponds with the filing status of the federal income tax return for which this Ohio form IT1040X is based.
2. You can change your filing status from married filing separately to married filing jointly at any time within the statute of limitations, but without taking into consideration any extension of time to file.
3. You cannot change your filing status from married filing jointly to married filing separately after the time (including extensions, if any) has expired for the filing of either your return or your spouse's return.

General Information

1. Use Ohio form IT 1040X to do the following:
 - a correct your Ohio income tax return; AND/OR

 - a report IRS changes that affected your federal adjusted gross income; AND/OR

3. You must complete all of the information requested on the form. Otherwise, we cannot process your amended return and we may have to contact you for additional information.

Please note that if your filing status for your federal income tax return is married filing jointly, then you must place on line 1 of the Ohio income tax return the amount you show as adjusted gross income on your federal income tax return. You must show this amount even if only one spouse earned or received any income in Ohio. See Ohio Administrative Code Rule 5703-7-18, which is available through our Web site at tax.ohio.gov.

4. If your amended return shows a refund due to **any** of the following:

- a a decrease in your federal adjusted gross income;

- a an increase in the number of exemptions claimed,

then you must include the following to avoid delays:

- (a) A copy of the federal account transcript; OR

Net Operating Losses (NOL)

Be sure you complete and attach Ohio form IT NOL, Net Operating Loss Carryback Worksheet and check the box on the front of this return indicating that you are amending for an NOL. This form is available on our Web site at tax.ohio.gov.

Your NOL carryback deduction on the Ohio amended income tax return is limited by the following:

- a the amount of your federal itemized deductions and personal exemption amounts allowed in the carryback year; AND
- a the depreciation adjustment discussed below.

Itemized Deductions and Exemptions: Your federal adjusted gross income, after application of the allowed net operating loss carryback amount, will **not** be zero dollars if you claimed any itemized deductions or exemptions on your federal income tax return. For more information please see our Aug. 12, 2002, information release entitled "Personal Income Tax Information Release: Net Operating Loss Carryback Five-Year Rule" at tax.ohio.gov.

Depreciation Adjustment: If the federal NOL carryback/carryforward reflects either Internal Revenue Code (I.R.C.) section 168(k) bonus depreciation or I.R.C. section 179 expensing, then you must reduce the federal net operating loss carryback/carryforward amount by both of the following:

- a Adjustment for the I.R.C. section 168(k) bonus depreciation; AND
- a Adjustment for the excess of the I.R.C. section 179 amount over the amount that would have been allowed based upon I.R.C. section 179 in effect on Dec. 31, 2002.

For more information please see Ohio Revised Code section 5747.01(A)(20) as amended by the 129th General Assembly in HB 365 and our information release entitled "Recently Enacted Ohio Legislation Affects Depreciation Deductions for Taxable Years Ending in 2001 and Thereafter" at tax.ohio.gov.

Example 1: In 2007 Maria reported \$800,000 in federal adjusted gross income. Maria's 2007 federal return as filed reflected \$350,000 in itemized deductions and personal exemption amounts. Maria's 2007 federal modified taxable income was \$450,000. In 2009 Maria incurred a federal NOL of \$1 million including an I.R.C. section 168(k) bonus depreciation amount of \$300,000. Maria must first

reduce the federal NOL carryback/carryforward by \$250,000 (5/6 of the \$300,000 bonus depreciation). The NOL carryback/carryforward is \$750,000. The deduction on the year 2007 Ohio amended income tax return for the NOL carryback from taxable year 2009 is limited to \$450,000 (the amount of the year 2007 federal modified taxable income). Maria can use the remaining \$300,000 of the year 2009 NOL carryback/carryforward for taxable years 2008 and later.

Example 2: In 2012, Maria is a sole proprietor who is an employer. She reported \$800,000 in federal adjusted gross income. Maria's 2012 federal return as filed reflected \$350,000 in itemized deductions and personal exemption amounts. Maria's 2012 federal modified taxable income was \$450,000. In 2014, Maria incurred a federal NOL of \$1 million including an I.R.C. section 168(k) bonus depreciation amount of \$300,000. In that same year, Maria increased her employer income tax withholding by 10% from the previous year. Maria must first reduce the federal NOL carryback/carryforward by \$200,000 (2/3 of the \$300,000 bonus depreciation). The NOL carryback/carryforward is \$800,000. The deduction on the year 2012 Ohio amended income tax return for the NOL carryback from taxable year 2014 is limited to \$450,000 (the amount of the year 2012 federal modified taxable income). Maria can use the remaining \$350,000 of the year 2014 NOL carryback/carryforward for taxable years 2013 and later.
