Our Mission

One team providing education, innovation, outreach, and exceptional service to our customers.

Hello,

Thank you for filing your Ohio income tax return! At the Ohio Department of Taxation, we are here to support you with clear guidance and information every step of the way.

This year's tax season brings a few updates to Ohio tax laws, and this booklet will walk you through them to make filing your 2024 return as smooth as possible. Here are two key changes to note:

1. New Income Tax Rates

Ohio's income tax brackets have changed for 2024, with three previous brackets now reduced to just two.

2. Homeownership Savings Accounts

Starting this year, you can deduct contributions (within statutory limits) made to Ohio Homebuyer Plus savings accounts, along with any interest earned.

If you haven't tried it yet, our **OH|TAX eServices platform** is the fastest, most accurate way to file your Ohio and school district income tax returns. It's free, secure, and the quickest way to receive any refund.

Important Dates

The deadline to file both your Ohio and federal tax returns is April 15, 2025. Please note that an extension to file does not extend the deadline for payment.

For any questions, our Taxpayer Assistance team is here to help! Call us at 1-800-282-1780 or visit the 'Contact Us' section at tax.ohio.gov.

Thank you again for being a part of Ohio's mission to fund education, protect our communities, and support a healthy environment.

Patricia Harris
Ohio Tax Commissioner

Common Filing Tips for Paper Filers

Use black ink and UPPERCASE letters.

Verify your name(s), SSN(s), and address are correct.

Verify the forms are for the correct tax year.

- Do not change the year on the form. If you do this, processing of your return may be delayed.

Do not write on software-generated returns.

- Do not make written changes to returns printed from your tax preparation program. Use the program to make the needed changes and reprint the return.
- The Department's system will not pick up handwritten changes on returns generated by tax preparation software.

Pay your tax electronically.

- You can pay online even when filing by paper. See tax.ohio.gov/pay for more information.

When paying by check, always use the Ohio Universal Payment Coupon (OUPC).

- When paying Ohio income tax, make sure the OUPC indicates "Individual Income Tax."
- When paying school district tax, make sure the OUPC indicates "School District Income Tax."

Do not staple, paper clip, or otherwise attach your return together.

Round all figures to the nearest dollar.

Include all necessary schedules and worksheets.

Ensure your return is placed in the proper order:

1. Ohio IT 1040 (pages 1 and 2)
2. Ohio Schedule of Adjustments
3. Ohio Schedule of Business Income
4. Ohio Schedule of Credits
5. Ohio Schedule of Dependents
6. Ohio Schedule of Withholding
7. Worksheets and attachments
8. Wage and income statements

Include verification for withholding and credits.

- When claiming withholding, include the proper withholding schedule(s) as well as copies of your wage and income statements.
- When claiming certificate-based credits, include copies of the required certificates.
- When claiming pass-through entity credits, include the Ohio IT K-1(s).

Do not include any banking information with your return.

- Direct deposit is not available to paper filers.

When filing both Ohio and school district income tax returns, send each return in its own envelope.

Payment Options

Generally, Ohio income and school district income tax is due by April 15, 2025. There are several options for paying these taxes. Payments for Ohio and school district income taxes must be made separately.

The Department is **not** authorized to set up payment plans. You may submit partial payments toward any outstanding tax, interest, or penalty. However, such payments will not stop the Department's billing process or collection attempts by the Ohio Attorney General's Office.

Electronic Check

Most filers can pay by electronic check via the Department's OH|TAX eServices available at tax.ohio.gov/pay.

Note: If you are filing in Ohio for the first time, you may not be eligible to use the Department's OH|TAX eServices to pay your Ohio income taxes.

Additionally, electronic filers can follow their filing software's payment prompts at the time they file.

An electronic check withdraws funds directly from your checking or savings account. There is **no fee** for using this payment method. Generally, your payment will be withdrawn within 24 hours of the date you choose for payment. You must ensure that the funds are in your account and available on the date you choose for payment. The payment will show on your bank statement as "STATE OF OHIO".

You can delay payment until the payment deadline of April 15, 2025. You can also pay your quarterly 2025 Ohio individual and/or school district estimated income tax with this method.

Important: Future-dated payments can only be modified through the Department's OH|TAX eServices at tax.ohio.gov/OHTAX.

Debit or Credit Card

Any filer can pay using a debit or credit card (Discover, Visa, MasterCard, or American Express) at tax.ohio.gov/pay. All debit and credit card payments are processed by ACI Payments, Inc.

ACI Payments charges a service fee of 2.65% of your payment or \$1, whichever is greater. Ohio does **not** receive any of this fee. The payment will appear on your credit card statement as two separate entries – one for the payment and another for the service fee. If there is a problem with your payment, call ACI Payments at 1-800-487-4567.

Paper Check or Money Order

Any filer can pay by check or money order. If you pay with this method, you must include an Ohio Universal Payment Coupon (OUPC), available at tax.ohio.gov/forms. If you use a money order, keep a copy for your records. You will be charged a \$50 fee for writing a bad check. See page 2 for mailing addresses.

Ohio IT 1040: Make your check or money order payable to "Ohio Treasurer of State." Include the tax year, "IT 1040," and the last four digits of your SSN on the "Memo" line. Include an OUPC that indicates "Individual Income Tax."

SD 100: Make your check or money order payable to "School District Income Tax." Include the tax year, "SD 100," the last four digits of your SSN, and the school district number on the "Memo" line. Include an OUPC that indicates "School District Income Tax." If you are filing for multiple districts on page 3 of the SD 100, use the first school district number from Column A.

Federal Privacy Act Notice: Because we require you to provide us with a Social Security number, the *Federal Privacy Act of 1974* requires us to inform you that providing us with your Social Security number is mandatory. 42 U.S.C. 405 and Ohio Revised Code sections 5703.057 and 5747.08 authorize us to request this information. We need your Social Security number to administer this tax.

General Information for the Ohio IT 1040 and SD 100

When Are My Ohio Returns Due?

Most taxpayers must file their Ohio IT 1040 and SD 100 (if applicable) by April 15, 2025. You must file your return by this date even if you are unable to pay the tax due. For an exception for certain military service-members, see page 10.

Filing extensions: Ohio does not have an extension request form but honors the IRS extension. If you filed an IRS extension, your due date for filing your Ohio IT 1040 and SD 100 is October 15, 2025. Include a copy of your IRS extension or IRS acknowledgment, and/or your extension confirmation number.

An extension of time to file **does not** extend the time for payment of the tax due. You must make extension payments by April 15, 2025. Interest will accrue on any tax not paid by April 15, 2025, and penalties may also apply.

See [R.C. 5747.08\(G\)](#) and [Ohio Adm. Code 5703-7-05](#).

What Tax Records Do I Need to Keep?

Keep a copy of your:

- Income tax returns and schedules;
- Wage and income statements;
- Supporting documentation;
- Payment records;

for at least four years from the later of the filing due date or the date you filed the return. You must be able to support all items listed on your return. See [R.C. 5747.17](#).

How Should I Complete My Income Tax Returns?

- Only use black ink.
- Round numbers to the nearest dollar.
- Print numbers and letters (UPPER CASE only) inside the boxes as shown:

1	2	3		A	N	Y		S	T	R	E	E	T
---	---	---	--	---	---	---	--	---	---	---	---	---	---

When Will I Receive My Refund?

Most taxpayers who file their returns electronically and request direct deposit will receive their refunds in approximately 15 business days. Paper returns will take approximately 8 to 10 weeks to process.

What Information Must a Preparer Provide?

A tax return preparer must provide their printed name and Preparer Tax Identification Number (PTIN)

on all returns. The PTIN serves as the preparer's signature. The preparer should not otherwise sign the return. Non-paid preparers should check the appropriate box. See [R.C. 5703.263\(C\)](#) and [5747.08\(F\)](#).

Can My Tax Preparer Contact the Department About My Tax Return?

You may check the box above your tax preparer's name on page 2 of the return to authorize your preparer to:

- Contact the Department about the status of your return, payments, or refund;
- Provide the Department with information missing from your return; AND
- Respond to inquiries or notices from the Department related to the return.

You may also complete form TBOR 1, Declaration of Tax Representative available at tax.ohio.gov/forms. This form authorizes a tax representative to represent you in any matter before the Department.

See [R.C. 5747.08\(J\)](#).

Should I Make Estimated Tax Payments for Tax Year 2025?

If your income is subject to Ohio withholding, you generally do not need to make estimated payments. You should make estimated payments for tax year 2025 if your estimated Ohio tax liability (total tax minus total credits) less Ohio withholding is more than \$500.

Estimated payments are made quarterly according to the following schedule:

1st quarter - April 15, 2025
 2nd quarter - June 16, 2025
 3rd quarter - Sept. 15, 2025
 4th quarter - Jan. 15, 2026

Use the appropriate OUPC to make estimated Ohio income tax and/or school district tax payments. You can determine your estimated payments using the worksheet included with the coupons. Married taxpayers unsure of their filing status for 2025 should make separate estimated payments based on their individual estimated tax liabilities. Estimated payments will only be applied to the return associated with the Social Security number listed on the OUPC. Payments will not be split between you and your spouse if you combine your tax liabilities, but file separately.

Instead of making estimated payments, you can increase your Ohio withholding by filing a revised Ohio IT 4 with your employer. Also, special rules regarding estimated payments apply to certain taxpayers with farming and/or fishing income. See [Adm. Code 5703-7-04](#).

If you do not make the required estimated payments, you may be subject to an interest penalty for underpayment of estimated taxes. See form IT/SD 2210.

For more information, see the FAQs at [tax.ohio.gov/2210](#). See also [R.C. 5747.09](#).

What Is Modified Adjusted Gross Income?

Modified adjusted gross income (MAGI) is your Ohio adjusted gross income (Ohio IT 1040, line 3) plus your business income deduction (Ohio Schedule of Adjustments, line 13). If you did not take a business income deduction, your MAGI matches your Ohio adjusted gross income.

You will need to know your MAGI to determine your:

- Exemption amount;
- Retirement income credit;
- Lump sum retirement credit;
- Senior citizen credit;
- Lump sum distribution credit;
- Child care and dependent care credit;
- Exemption credit; AND
- Joint filing credit.

Additionally, if you live in an earned income tax base school district, your taxable income is limited to only earned income included in your MAGI.

Use the worksheet on page 40 to calculate your MAGI.

See [R.C. 5747.01\(II\)](#).

What if a Taxpayer Is Deceased?

The taxpayer's representative, such as an executor or administrator, must file the deceased taxpayer's return by:

- Checking the "Deceased" box after their SSN;
- Selecting the filing status from the federal income tax return; AND
- Signing the return on behalf of the deceased.

If the taxpayer is due a refund, the check will be issued in the taxpayer's name. The taxpayer's representative can present proof that they are the executor or administrator to the bank when cashing the check.

If the taxpayer's representative needs the check reissued to include their name, see the FAQs at [tax.ohio.gov/faq-IncomeGeneral](#) for instructions.

See [R.C. 5747.08\(A\)](#).

What if I Move After Filing My Return?

If you move after filing your return, notify the Department of your new address as soon as possible. You should also notify the post office at [moversguide.usps.com](#).

Amending Your Ohio IT 1040 and SD 100

You can file an amended Ohio IT 1040 or SD 100 to report changes to your originally filed return(s). An amended return can result in either a tax due or a refund based on the changes. Under certain circumstances, an amended return may be required.

To amend the Ohio IT 1040 or SD 100, you should file a new return, reflecting all proposed changes, and indicate that it is amended by checking the box at the top of page 1. You must include the IT RE with your amended IT 1040 and/or the SD RE with your amended SD 100. Use your **current** mailing address on the amended return. Allow at least 120 days from the date of receipt to process your amended return. For more information, see the FAQs at [tax.ohio.gov/faq-Amended](#).

When Not to Amend Your Return

Some common mistakes may not require an amended return. Some examples include:

- Math errors;
- Missing pages or schedules;
- Demographic errors;
- Missing income statements (W-2, 1099, K-1) or credit certificates;
- Unclaimed payments or withholding.

In these situations, the Department will either make the corrections or contact you to request documentation. For more information, see the FAQs at [tax.ohio.gov/faq-Amended](#).

Requesting a Refund

You may amend your return to claim an additional credit, deduction, or payment. Such changes may result in a refund. Generally, you have four years from the date of the payment to request a refund. You must include documentation to support the changes reported on your amended return. Some common required documentation includes:

- **Business Income:** Page 1 of your federal return, the federal schedules reporting your business income, and IT K-1 forms;
- **Social security, disability, survivorship, and retirement benefits:** Copies of 1099(s), page 1 of your federal return, and the retirement plan paying the benefits;
- **Residency status:** Any document supporting your residency change including property records (mortgage statements, lease agreements, etc.), driver's licenses or state IDs, voter registration, resident state tax returns, armed services records, and utility bills;
- **Payments/credits:** Copies of your income statements (W-2, 1099, etc.), Ohio IT K-1, or credit certificates;
- **Nonresident credit:** Ohio form IT NRC.

See [R.C. 5747.11](#).

Reporting Additional Tax Due

You should amend your return to report additional income or reduce a previously claimed credit or deduction. Such changes may result in additional tax due.

Changes to Your Federal Return

If the IRS makes changes to your federal return, either based on an audit or an amended return, and those changes affect your Ohio return(s), you are required to file an amended IT 1040 and/or SD 100. The IRS notifies the Department of these changes.

Do not file your amended Ohio return(s) until the IRS has finalized the changes to your federal return. Once they are finalized, include a copy of all of the following:

- Your federal 1040X;
- The IRS acceptance letter; AND
- The refund check from the IRS, if applicable.

Note: Instead of providing these documents, you may be able to submit a copy of the IRS Tax Account

Transcript reflecting your updated federal return information.

If there is a change in your filing status and/or dependents, it must be reflected on your amended Ohio return(s). Additionally, for changes to dependents, complete an updated Ohio Schedule of Dependents.

Net Operating Loss: To claim a federal NOL carryback, check **both** boxes at the top of the return(s) and include a completed Ohio Schedule IT NOL. See the instructions for the Ohio Schedule IT NOL on page 63.

Your amended Ohio IT 1040 and/or SD 100 must be filed **no later than 90 days** after the IRS completes its review of your federal return, even after the four-year period has passed. Failure to file the return within the 90-day period may result in an assessment or a denial of your refund claim.

See [R.C. 5747.10](#).

Changes to Your Resident Credit

You must file an Ohio amended return based on changes made by another state if all of the following are true:

- You claimed a resident credit on your Ohio IT 1040;
- You filed income tax returns in other states;
- The Ohio resident credit claimed was based on the taxes due or the taxes paid to the other states;
- The other states made changes to the returns; AND
- The changes will affect your Ohio resident credit calculation.

Your income taxes paid to other states may change after the four-year period has passed. If the taxes paid would otherwise qualify for the Ohio resident credit, you have an additional 90 days after the changes have been finalized by the state(s) to file an amended return and request any refund that results from the changes.

Once the changes are finalized, please include a copy of all of the following:

- A revised Ohio form IT RC;
- The other state return(s) or correction notice(s); AND
- Proof of payment to the other state(s).

See [R.C. 5747.05\(B\)\(4\)](#).

Ohio Income Tax for Military Servicemembers and Their Civilian Spouses

Residency. A military servicemember is a resident of their "state of legal residence." This is generally the same as the servicemember's "home of record" unless it is subsequently changed. The servicemember's state of legal residence does not change based on military orders.

Generally, a servicemember's civilian spouse will also retain their original state of legal residence. A civilian spouse's residency does not change by reason of being present or absent in a state solely to be with the servicemember as part of military orders.

Both the servicemember and their spouse can elect to use any of the following as their residence for state income tax purposes:

- The residence or domicile of the servicemember;
- The residence or domicile of the spouse; OR
- The permanent duty station of the servicemember.

Deductions. Ohio provides five deductions to military servicemembers. Only income included in the taxpayer's federal adjusted gross income is eligible for these deductions. For example, Ohio Veterans Bonus payments are not included in federal adjusted gross income and thus are not deductible. The following deductions are in the "Uniformed Services" section of the Ohio Schedule of Adjustments:

- Line 31 - Deduction for military pay and allowances for certain active duty servicemembers stationed outside Ohio
- Line 32 - Deduction for military pay earned by a non-resident servicemember
- Line 33 - Deduction for uniformed services retirement income
- Line 34 - Deduction for military injury relief fund grants and veteran's disability severance payments
- Line 35 - Deduction for certain reimbursements and benefits received for service in the Ohio National Guard

Additionally, a servicemember's nonresident civilian spouse can deduct compensation earned in Ohio on line 32.

See pages 23-24 for specific instructions on each of these deductions.

Withholding. A servicemember who qualifies for the deduction on line 31 or a civilian spouse who qualifies for the deduction on line 32 can complete form IT 4 to avoid Ohio withholding on income not subject to tax. Such taxpayers should check the appropriate box in Section III of the IT 4 and provide the form to their employers.

Filing. Certain military servicemembers may not have a filing requirement due to the deductions available under Ohio law. However, the Department recommends that such taxpayers file an Ohio IT 1040 or IT 10 to avoid delinquency billings. For more information on who must file an Ohio income tax return, see page 12.

Extensions to File/Pay. Generally, Ohio recognizes any extensions granted by the IRS. Certain military servicemembers will have the same extensions to file their Ohio returns and pay any Ohio tax due. These servicemembers do not owe interest, penalties, or the interest penalty in connection with this extension period. See [R.C. 5747.026](#) for more information.

Taxability. The charts on page 42 summarize the taxability of income for military servicemembers and their civilian spouses.

School District Income Tax. Military servicemembers and their civilian spouses may be liable for school district income tax if they are Ohio residents, even if they are not present in Ohio due to military orders. To determine if you are liable for school district income tax, see page 56.

For more information, see tax.ohio.gov/military, or Information Release IT 2008-02, "Ohio Taxable Income and Deductions for Servicemembers and Civilian Spouses." You can also email the Department at military-info@tax.ohio.gov.

Ohio Definitions and Examples of Business and Nonbusiness Income

How Is Business Income Treated on My Return?

Taxpayers can deduct the first \$250,000 (\$125,000 for married separate filers) of their business income included in their federal adjusted gross income. Also, any business income not deducted is taxed at a flat 3%. See the instructions for the Ohio Schedule of Business Income on pages 26-27.

Additionally, Ohio-related business income earned by nonresidents is taxable to Ohio. See the instructions for the IT NRC on pages 35-40.

How Does Ohio Law Define Business and Nonbusiness Income?

"Business income" is income, including gain/loss, arising from any of the following:

- Transactions, activities, and sources in the regular course of a trade or business operation;
- Real, tangible, and intangible property if the acquisition, rental, management, and disposition of the property constitute integral parts of the regular course of a trade or business operation;
- A partial or complete liquidation of a business, including gain or loss from the sale or other disposition of goodwill;
- Income from certain sales of equity or ownership interests in a business; OR
- Compensation and guaranteed payments paid by a pass-through entity, or a professional employer organization on its behalf, to an investor who directly or indirectly owns 20% or more of the entity.

"Nonbusiness income" is any income other than business income.

See [R.C. 5747.01\(B\)](#), [5747.01\(C\)](#) and [5733.40\(A\)\(7\)](#).

How Do I Determine What Income Is Business Income?

Business income can be determined by using either test:

Transactional Test: Looks to the nature, frequency, and regularity of the transaction.

Functional Test: Looks to if the property was integral to the trade or business, or if it generated business income in the past.

See *Kemppel v. Zaino*, 2001-Ohio-92.

Sale of an equity or ownership interest in a business means the sale was treated as an asset sale for federal income tax purposes and/or the seller materially participated, as described in 26 C.F.R. 1.469-5T, in the activities of the business during the taxable year in which the sale occurs or during any of the five preceding taxable years.

Generally, income recognized by a sole proprietorship or pass-through entity is business income. However, determining if income is business income is highly dependent upon the specific facts and circumstances.

What Are Some Examples of Business Income vs. Nonbusiness Income?

Interest and Dividends: John reports \$1,500 of interest and dividend income on federal Schedule B. \$200 of his interest income is from a pass-through entity that primarily operates an investment business. The remaining \$1,300 is from personal, nonbusiness sources. Thus, only \$200 of John's interest is business income.

Capital Gains and Losses: Andrew recognizes a capital gain from the sale of a tractor used to harvest wheat on his farm. Since the tractor was integral to his farming business, the capital gain is business income.

Capital Gains and Losses: Paul reports \$8,000 of capital gain income on his federal Schedule D. \$2,000 of the capital gains are from a pass-through entity that primarily operates an investment business. The remaining \$6,000 is from personal, nonbusiness sources. Thus, only \$2,000 of Paul's capital gains are business income.

Rental Income and Losses: Debbie owns a rental property. She actively advertises, manages, and maintains the property. Debbie is in the trade or business of property rental. Therefore, her rental income is business income.

Rental Income and Losses: Ryan occupies a home on a golf course. The golf course hosts a two-week tournament every year. Ryan annually takes a vacation to Florida and rents out his home during the tournament. While the rental might be considered regular, Ryan is not in the trade or business of property rental. Therefore, his rental income is not business income.

Royalty Income: Hannah works full-time from her home writing children's books. Hannah has an agreement with a publisher that pays her a royalty for each copy of her book that is sold. Hannah is in the trade or business of writing books. Therefore, her royalty income is business income.

Mineral Rights Income: Cynthia allows a company to extract minerals from her residential property. She receives income based on the company's usage of her land. Since Cynthia is not engaged in a related trade or business, it is not business income.

Pass-Through Income: Ellen owns 15% of a pass-through entity. She reports \$50,000 of ordinary income, \$10,000 of bonus depreciation, and \$60,000 of guaranteed payments on federal Schedule E. Since Ellen owns less than 20% of the entity, the guaranteed payments are nonbusiness income. Thus, her net business income from federal Schedule E is \$40,000 (her ordinary income less bonus depreciation).

Guaranteed Payments: Stan owns 25% of a pass-through entity. He reports a \$60,000 guaranteed

payment on federal Schedule E. Because he owns at least 20% of the entity, the guaranteed payment is business income.

Wages/Compensation: Jim owns 80% of an S corporation. Jim receives \$200,000 of wages from the S corporation, which are reported on a W-2. Because he owns at least 20% of the corporation, the wages are reclassified as business income.

Trust Income: Brett sets up a trust, with himself as the beneficiary, that invests in multiple pass-through entities. Operating income from these entities is distributed to the trust, which further distributes the income to Brett. Since the income was business income to the entities, it retains its character as business income as it passes through to the trust and to Brett.

Trust Income: David sets up a trust, with himself as the beneficiary, to hold his personal investments. Although David uses a trust, the usage of a trust does not create a trade or business. Therefore, the investment income is nonbusiness income to both the trust and to David.

General Information for the Ohio IT 1040

Who Must File an Ohio Income Tax Return?

Every Ohio resident and every part-year resident is subject to the Ohio income tax. Every nonresident having Ohio-sourced income must also file. Examples of Ohio-sourced income include the following:

- Wages or other compensation earned in Ohio (see "Exception" below);
- Ohio lottery, casino, and/or sports gaming winnings;
- Income or gain from Ohio property;
- Income or gain from a sole proprietorship doing business in Ohio;
- Income or gain from a pass-through entity doing business in Ohio.

Exception: A full-year nonresident living in Indiana, Kentucky, Michigan, Pennsylvania, or West Virginia does not have to file if the nonresident's only Ohio-sourced income is wages.

Example: Charley lives in Kentucky but commutes to Cincinnati every day to her job. Charley's wages are not taxable in Ohio even though they are earned here.

You do **not** have to file an Ohio income tax return if:

- Your Ohio adjusted gross income (Ohio IT 1040, line 3) is less than or equal to \$0;
- The total of your senior citizen credit, lump sum distribution credit, and joint filing credit (Ohio Schedule of Credits, lines 4, 5 and 12) is equal to or exceeds your income tax liability (Ohio IT 1040, line 8c) **and** you are not liable for school district income tax; OR
- Your exemption amount (Ohio IT 1040, line 4) is the same as or more than your Ohio adjusted gross income (Ohio IT 1040, line 3).

However, even if you meet one of these exceptions, if you have a school district income tax liability (SD 100, line 26 or 36), you are required to file the Ohio IT 1040.

Note: If your federal adjusted gross income is greater than \$28,450, the Department recommends that you file an Ohio IT 1040 or IT 10, even if you do not owe any tax, to avoid delinquency billings.

Ohio IT 10: Certain taxpayers can file Ohio form IT 10 instead of the Ohio IT 1040. The four types of taxpayers described on form IT 10 are eligible to file the form if:

- They do not have an Ohio individual income or school district income tax liability; AND
- They are not requesting a refund.

Do not file the IT 10 if you file the IT 1040.

See [R.C. 5747.08](#).

Ohio Residency

What Is My Ohio Residency Status?

Resident: You are an Ohio resident for income tax purposes if you are domiciled in Ohio. Thus, under Ohio law, the terms “domiciled” and “resident” mean the same thing.

Generally, any individual with an abode in Ohio is presumed to be a resident. The abode can be either owned or rented. Temporary absence from your Ohio abode, no matter how long, does not change your residency status. Thus, if you live in Ohio, the presumption is that you are an Ohio resident.

Example: Brent travels to Florida each winter and returns to Ohio each spring. However, he maintains his Ohio driver's license, voter registration, etc. and has not established permanent residence in Florida. Therefore, he is a full-year resident of Ohio.

Part-year resident: You are a part-year resident of Ohio if you were a resident of Ohio for a portion of the tax year and a nonresident for the rest of the tax year. Thus, you are a part-year resident if you permanently moved into or out of Ohio during the tax year.

Part-year residents are entitled to the nonresident credit for any income earned while they were a resident of another state. They are also eligible for the resident credit on non-Ohio income earned while they were an Ohio resident if they were subject to, and paid tax on, that income in another state.

Nonresident: You are a nonresident if you were a resident of another state for the entire tax year. Nonresidents who earn or receive income within Ohio will be able to claim the nonresident credit with respect to all items of income not earned and not received in Ohio.

If you are currently a member of the military and you have questions about residency status, see page 10.

For more information, see tax.ohio.gov/residency, or [Information Release IT 2018-01](#), "Residency Guidelines - Tax Imposed on Resident and Nonresident Individuals for Taxable Years 2018 and Forward." See also [R.C. 5747.01\(I\)\(1\)](#) and *Cunningham v. Testa*, 2015-Ohio-2744.

How Do I Show I Am a Nonresident of Ohio?

Any individual can challenge the presumption of Ohio residency by providing documentation showing that they are a nonresident. Ohio uses a contact period test to determine the burden of proof needed to show that an individual is a nonresident.

If you had fewer than 213 contact periods in Ohio during the tax year, you must provide enough documentation to show that it is more likely than not that you were a nonresident. If you had 213 or more contact periods, you must provide clear and convincing documentation that you were a nonresident.

Alternatively, certain individuals can change the presumption of Ohio residency to a presumption of nonresidency by filing the Ohio Nonresident Statement (form IT NRS). For more information on this statement, see pages 16 and 62.

See [R.C. 5747.24\(B\), \(C\), and \(D\)](#).

What Is a Contact Period?

You have a contact period in Ohio if all of the following are true:

- You have an abode outside of Ohio;
- You are away overnight from your abode; AND
- While away, you spend any portion of two consecutive days in Ohio.

You do not have to spend the night in Ohio. For example, if you spend portions of Monday and Tuesday in Ohio, but stay in a hotel in Kentucky on Monday night, you would still have a contact period in Ohio.

You must spend consecutive days in Ohio to have a contact period. For example, if you spend portions of Monday and Wednesday in Ohio, but not Tuesday, then you would not have a contact period in Ohio.

See [R.C. 5747.24\(A\)](#).

Filing Status

Your filing status must be the same as your federal income tax filing status for the tax year. See [R.C. 5747.08\(E\)](#).

If you check "married filing separately," enter your spouse's SSN in the spaces provided.

If you and your spouse filed a joint federal return, you **must** file a joint Ohio income tax return even if one or both of you are nonresidents of Ohio. You may claim the nonresident credit (see the Ohio Schedule of Credits) for income not earned or received in Ohio. If you and your spouse filed separate federal returns, you **must** file separate Ohio returns.

Extension Filer

Any taxpayer with a valid federal extension is allowed an extension of time to file their Ohio returns. Such taxpayers should check the box indicating they are a federal extension filer for this tax year to qualify for the Ohio extension. For more information on filing extensions, see page 7.

IT 1040 and IT 10

School District Number

If you were an Ohio resident for any part of the tax year, enter the number of the school district in which you lived during the majority of the year. Full-year nonresidents should enter 9999.

See pages 49-56 for a full list of Ohio's school districts or use The Finder at tax.ohio.gov/Finder.

Note: Some school districts levy an income tax on their residents. See pages 56-57 for more information.

Residency Status

Check the box corresponding to your residency status. If your filing status is married filing jointly, each spouse must indicate their residency status.

If you checked the box for "part-year resident" or "non-resident," write, in the space provided, the two-letter abbreviation of the state (other than Ohio) where you resided for the majority of the tax year.

For more information on Ohio residency, see page 13.

Nonresidents who meet certain required criteria and wish to establish an irrebuttable presumption of non-Ohio residency for the tax year may check these boxes instead of filing form IT NRS. The five **required** criteria are listed on page 62 under, "What Criteria are Required to File the Ohio Nonresident Statement?"

Nonresidents who file jointly and both meet the required criteria can each check the box to establish an irrebuttable presumption of non-Ohio residency.

Note: Individuals who do not meet the required criteria are still able to file as nonresidents. Residents and part-year residents **cannot** check these boxes to establish an irrebuttable presumption of non-Ohio residency.

Ohio IT 1040 - Individual Income Tax Return

Line 1 – Federal Adjusted Gross Income

Enter the amount from line 11 of your 2024 federal 1040, 1040-SR, or 1040-NR. Line 1 of your Ohio income tax return **must** match your federal adjusted gross income as defined in the Internal Revenue Code.

Zero or Negative Federal Adjusted Gross Income.

If you have a zero or negative federal adjusted gross income, you must include a copy of page 1 of your federal return.

A foreign trust that files federal form 1040-NR should **not** use the IT 1040 to file with Ohio. Such trusts must file form IT 1041.

See [R.C. 5747.01\(A\)](#).

Line 2a – Ohio Schedule of Adjustments (Additions)

The Ohio Schedule of Adjustments lists the additions to your federal adjusted gross income. For more information about the additions you must make, see pages 19-20.

- If you have no additions to your Ohio income, leave line 2a blank.
- Any additions listed on this line must be supported by the applicable Schedule of Adjustments line item(s). Enter the amount from Schedule of Adjustments, line 12 on this line.

You must include a copy of the Ohio Schedule of Adjustments with your return.

Line 2b – Ohio Schedule of Adjustments (Deductions)

The Ohio Schedule of Adjustments lists the deductions from your federal adjusted gross income. For more information about the deductions you must make, see pages 20-26.

- If you have no deductions to your Ohio income, leave line 2b blank.
- Any deductions listed on this line must be supported by the applicable Schedule of Adjustments line item(s). Enter the amount from Schedule of Adjustments, line 46 on this line.

You must include a copy of the Ohio Schedule of Adjustments with your return.

Line 4 – Personal and Dependent Exemptions

Ohio allows an exemption for the following:

- You, if not claimed as a dependent on another person's return;
- Your spouse, if filing jointly and not claimed as a dependent on another person's return; AND
- Your dependents claimed on your federal tax return.

The personal and dependent exemption is based on your modified adjusted gross income (see page 8):

Modified Adjusted Gross Income	Exemption Amount
\$40,000 or less	\$2,400
\$40,001 – \$80,000	\$2,150
More than \$80,000	\$1,900

Enter your number of exemptions in the spaces provided. Multiply your exemptions by the appropriate amount from above and enter the result on line 4.

Example: John and Mary claim their son Patrick as an exemption on their jointly filed federal income tax return. Their modified adjusted gross income is \$75,000. Thus, they claim three exemptions totaling \$6,450 on their Ohio return. Patrick files his own tax return. Since Patrick is a dependent and his parents claim an exemption for him, he is not eligible for an exemption on his return. He should check the box indicating he can be claimed by someone else and enter \$0 on line 4.

Ohio Schedule of Dependents. If you included dependents on your Ohio return, complete the Ohio Schedule of Dependents. If your dependent has an individual tax identification number (ITIN) or adoption taxpayer identification number (ATIN), enter that number in the boxes for the dependent's SSN. If the dependent information is not provided, incomplete, or contains errors, you may be asked for supporting documentation.

See [R.C. 5747.025](#) and [5747.01\(O\)](#).

Line 8a – Tax on Line 7a

Calculate your tax on your Ohio income tax base less business income using the Income Tax Brackets found on page 18. Additionally, the Department provides a tool to assist you with this calculation at tax.ohio.gov/taxcalculator. See [R.C. 5747.02\(A\)\(3\)](#).

Line 11 – Interest Penalty

Generally, if you are a wage earner and have Ohio withholding, you will not owe an interest penalty. If you have non-wage income or no Ohio withholding, use Ohio IT/SD 2210 to determine if an interest penalty is due. For more information, see the FAQs at tax.ohio.gov/2210. See also [R.C. 5747.09\(D\)](#) and [\(E\)](#).

Line 12 – Unpaid Use (Sales) Tax

Report the amount of unpaid use (sales) tax due for the tax year. You owe Ohio use tax if both of the following are true:

- You made purchases where sales tax was not collected; AND
- The purchases were not qualifying purchases made during Ohio's sales tax holiday.

Use tax eliminates the disadvantage to Ohio retailers when Ohio shoppers buy from out-of-state sellers who do not collect sales tax. Use tax is most commonly due on out-of-state purchases such as those made from the internet, television, or catalogs.

Use the worksheet on page 46 to calculate your use tax. For more information, see the "Sales and Use Tax" topics at tax.ohio.gov/FAQ. See also [R.C. 5747.083](#).

Line 14 – Ohio Income Tax Withheld

Enter your Ohio income tax withheld as reported on Part A, line 1 of the Schedule of Ohio Withholding.

Schedule of Ohio Withholding. Complete this schedule if you are reporting an amount on line 14 of the IT 1040. Enter **only** income statements (W-2, W-2G, 1099) reporting Ohio income tax withheld. **Do not** include:

- Taxes withheld for another state, a city, or a school district; OR
- Taxes paid by a pass-through entity and reported to you on an Ohio IT K-1 (report these amounts on Ohio Schedule of Credits, line 42).

See the sample statements on pages 47-48. Place copies of your income statements after the last page of your return. **Do not** include income statements that are handwritten, self-created, or generated by your tax preparation software.

See [R.C. 5747.08\(H\)](#).

Enter the following amounts:

- Estimated payments;
- Timely extension payments; AND
- Any credit carryforward amount from your prior year Ohio IT 1040.

Do not include:

- A prior year's refund that you requested but did not receive. Contact the Department about the status of any such refund.
- Taxes paid by a pass-through entity and reported to you on an Ohio IT K-1 (report these amounts on Ohio Schedule of Credits, line 42).

See [R.C. 5747.09\(B\)](#).

Line 17 – Amount Previously Paid (Amended Returns Only)

When filing an amended return, enter the amount previously paid with your previously filed return(s) excluding the amount reported on line 15.

Line 19 – Overpayment Previously Requested (Amended Returns Only)

When filing an amended return, enter the amount you reported on line 24 on your previously filed return(s).

Line 22 – Interest Due

Interest is due from the unextended due date until the date the tax is paid. Generally, you do not owe interest if you are due a refund. An extension of time to file does not extend the payment due date. The interest rate for calendar year 2025 is 8%.

Certain military servicemembers may not be subject to interest. See page 10 for more information.

See [R.C. 5747.08\(G\)](#).

Line 23 – Total Amount Due

This amount must be paid by April 15, 2025. **Do not** mail cash. Instead, make payment by:

- Electronic check;
- Credit or debit card; OR
- Paper check or money order.

Make your check or money order payable to "Ohio Treasurer of State" and include an Ohio Universal Payment Coupon (OUPC). Include the tax year and the last four digits of your SSN on the "Memo" line.

For more information regarding payment options, see page 6.

Line 25 – Credit Carryforward

Enter the portion of your refund you want applied to tax year 2025. This is **only** allowed on timely filed, original returns; it is **not** allowed on amended returns.

Line 26 – Donations

You may donate all or a portion of the amount on line 24 to one or more of the organizations listed. Such donations will reduce your refund, and are **only** allowed on timely filed, original returns; they are **not** allowed on amended returns.

If you decide to donate, this decision is **final**. For more information on the donation options, see pages 14-15.

See also [R.C. 5747.113](#).

Line 27 – Your Refund

If you do not request direct deposit, or you filed by paper, your refund will be mailed to the address on the tax return. You can check your refund status anytime at tax.ohio.gov/refund.

Note: Your refund may be offset pursuant to [R.C. 5747.12](#), [5747.121](#), [5747.122](#), and [5747.123](#). You will be notified if your refund is subject to offset. See tax.ohio.gov/offset for more information.

If you move after filing your tax return, your refund may be delayed. Notify the Department of your address change **as soon as possible**.

Replace “5/6” with “2/3” for employers who increased their Ohio income taxes withheld by an amount equal to or greater than 10% over the previous year. Replace “5/6” with “6/6” for taxpayers who incur a net operating loss for federal income tax purposes if the loss was a result of the 168(k) and/or 179 depreciation expenses.

"Disaster work" means repairing, renovating, installing, or constructing property and equipment destroyed by the declared disaster, provided that the property or equipment is owned by a public utility, commercial mobile radio service provider, cable service provider, or video service provider. Disaster work also includes any preparation for these activities.

- Your spouse;
- Your sibling;
- Your children (including stepchildren); OR

Additionally, deduct interest income, to the extent included in federal adjusted gross income, paid by an Ohio Homebuyer Plus account owned by you or your spouse, if filing jointly.

Also deduct amounts contributed by an employer to an Ohio Homebuyer Plus account owned by you or your spouse, if filing jointly. The contributions must be included in your federal adjusted gross income to be eligible for this deduction.

Line 26 – Ohio Depreciation Deduction

Deduct:

- 1/5 of prior year 5/6 add-backs,
 - 1/2 of prior year 2/3 add-backs, AND
 - 1/6 of prior year 6/6 add-backs,
- of Internal Revenue Code sections 168(k) and 179 depreciation adjustments. The deduction **must** be taken in equal increments in consecutive tax years and any unused portion from any given tax year is **not** eligible to be carried forward.

You can **only** deduct amounts that you added back in a prior year on your Ohio IT 1040. If you receive an Ohio IT K-1 reporting a deduction, you **must** verify it is consistent with your prior year add-back(s). You can take this deduction even if you no longer directly or indirectly own the asset.

Additionally, in tax years with an NOL, an NOL carryback or an NOL carryforward, you cannot claim this deduction. Instead, you **must** carry the deduction forward to the next tax year in which you have no NOL, carryback, or carryforward.

For more information, see the FAQs at tax.ohio.gov/faq-IncomeDepreciation. See also [R.C. 5747.01\(A\)\(18\)](#).

federal Schedule A. Do not include any amounts that were previously deducted on the Ohio Schedule of Adjustments in any tax year. See [R.C. 5747.01\(A\)\(11\)\(a\)](#).

Example: Sue claimed an itemized deduction of \$500 for attorney fees on her 2022 federal Schedule A. In 2024 she received a reimbursement for \$200 of those fees from her attorney. She reported this \$200 on her 2024 federal income tax return as other income. Sue is entitled to deduct the \$200 reimbursement on this line.

Line 28 – Repayment of Income Reported

Deduct amounts, described in section 1341(a)(2) of the Internal Revenue Code, that you repaid in the current tax year if:

- You recognized the amount as income on your federal return in a prior year;
- You have not deducted this income on any other line on your Ohio income tax return for any tax year;
- In the year you recognized the income, it did not qualify for either the Ohio resident or nonresident credit; AND
- In the current tax year, you claimed either (i) an itemized deduction on your federal Schedule A for the amount repaid OR (ii) a tax credit on your federal 1040 based upon the amount repaid.

See [R.C. 5747.01\(A\)\(12\)](#).

Line 29 – Wage Expense Not Deducted Due to the Federal Work Opportunity Tax Credit

Line 30 – Federal Conformity Deductions

This line is **only** for federal conformity adjustments. Do not enter any federal Schedule A adjustments on this line. For updates on Ohio conformity, see [tax.ohio.gov/conformity](#). See also [R.C. 5701.11](#).

Line 31 – Military Pay for Ohio Residents

Important: Nonresidents and resident servicemembers stationed in Ohio are **not** eligible for this deduction.

Deduct military pay and allowances only if all of the following are true:

- They are included in your federal adjusted gross income;
- You received them while stationed outside Ohio;

- You are a resident of Ohio; AND
- You were in active duty service in the U.S. Army, Air Force, Navy, Marine Corp, or Coast Guard or reserve components thereof, or the National Guard.

For more information on taxation of military service-members and their civilian spouses, see page 10. See also [R.C. 5747.01\(A\)\(21\)](#).

Line 32 – Nonresident Military and Civilian Spouse Wages

Important: Ohio residents are **not** eligible for this deduction.

Deduct military pay and allowances included in federal adjusted gross income and earned by the military servicemember **only** if the servicemember is a non-resident of Ohio.

Also deduct compensation earned in Ohio by a non-resident civilian spouse if the spouse is in Ohio solely because of the servicemember's military orders.

For more information on taxation of military service-members and their civilian spouses, see page 10. See also 50 U.S.C. §4001.

Line 33 – Uniformed Services Retirement Income

Deduct military retirement income if both of the following are true:

- The income is included in federal adjusted gross income; AND
- The income is related to your service in the uniformed services or reserve components thereof, or the National Guard.

The term "uniformed services" includes the Army, Navy, Air Force, Marine Corps, Space Force, Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, and the Public Health Service.

If you served in the military and receive a federal civil service retirement pension, you are eligible for a limited deduction based on the amount of your federal retirement pay that is attributable to your years of military service. You can contact the Office of Personnel Management if you need assistance in determining your military and total service time used in your retirement calculation.

Example: Joe served in the Army for 10 years and then worked for the U.S. National Parks Service for an additional 20 years before retiring, a total of 30 years of federal service time. Joe's total federal pension is \$100,000, \$90,000 of which is included in his federal adjusted gross income. In calculating his Ohio deduction, Joe should divide 10 years by 30 years, and then multiply the result by \$90,000 [$90,000 \times 10/30$]. Thus, Joe can deduct \$30,000 or 1/3 of the portion of his retired personnel pay included in federal adjusted gross income.

Additionally, deduct amounts collected under a "survivor benefit" plan by a surviving spouse or former spouse of a deceased member of the "uniformed services." You may be required to provide a copy of the federal 1099-R to verify this deduction.

Note: Amounts deducted on this line cannot be used to calculate the retirement credit or the lump sum retirement credit on the Ohio Schedule of Credits.

For more information on taxation of military service-members and their civilian spouses, see page 10. See also [R.C. 5747.01\(A\)\(23\)](#) and [5747.01\(FF\)](#).

Line 34 – Military Injury Relief Fund and Disability Severance Payments

Enter military injury relief fund and disability severance payments included in your federal adjusted gross income. For more information on taxation of military servicemembers and their civilian spouses, see page 10. See also [R.C. 5747.01\(A\)\(24\)](#), [\(32\)](#), and [R.C. 5747.023](#).

- The reimbursements are included in your federal adjusted gross income;
- You purchased group life insurance pursuant to the "Servicemembers' Group Life Insurance Act"; AND
- You were on active duty in the Ohio National Guard for the months during which premiums were paid.

Also deduct death benefits included in your federal adjusted gross income that are paid by the Ohio Adjutant General due to the death of an active duty member of the Ohio National Guard.

For more information on taxation of military service-members and their civilian spouses, see page 10. See also [R.C. 5747.01\(A\)\(19\)](#) and [\(20\)](#).

Line 36 – Contributions to a 529 Plan

Deduct contributions you made to a 529 savings plan. This deduction is limited to \$4,000 per beneficiary per year. Contributions exceeding the \$4,000 limitation may be deducted on future years' returns until fully utilized, subject to the annual limitation of \$4,000 per beneficiary. Married taxpayers may deduct up to a combined maximum of \$4,000 per beneficiary whether their filing status is married filing jointly or married filing separately.

Additionally, deduct income from a 529 savings plan that is included in federal adjusted gross income. Such amounts may be reported as "other income" on your federal return. Also deduct negative amounts reported in box 2 of your federal 1099-Q, that were not deducted in computing your federal adjusted gross income.

You may not deduct:

- Income related to a 529 savings plan that is not included in federal adjusted gross income; OR
- Amounts contributed by another person.

For more information, including a worksheet to assist you in calculating the unused portion of your 529 account contributions, see the FAQs at tax.ohio.gov/faq-529. See also [R.C. 5747.01\(A\)\(9\)](#) and [5747.70](#).

Line 37 – Portion of Certain College Grants Used to Pay Room and Board

Deduct any portion of a federal Pell grant and/or Ohio College Opportunity Grant included in your federal adjusted gross income that was:

- Received by you, your spouse or your dependent; AND
- Used to pay qualifying room and board expenses.

Qualifying room and board expenses include only those amounts paid for room and board, including meal plans, furnished by the educational institution.

See [R.C. 5747.01\(A\)\(27\)](#).

Line 38 – Ohio Educator Expenses

Deduct any education expenses incurred by a qualifying Ohio educator during the tax year to the extent not otherwise deducted or excluded in calculating your Ohio ad-

justed gross income. This deduction is limited to \$250 per qualifying Ohio educator.

“Qualifying Ohio educator” means a kindergarten through grade 12 Ohio public or private school teacher, instructor, counselor, principal, or aide who worked at least 900 hours during the school year. “Education expenses” means any expenses described in Internal Revenue Code section 62(a)(2)(D).

See [R.C. 5747.01\(A\)\(31\)](#) and [\(JJ\)](#).

Line 39 – Rural Practice Incentive Program Repayments

To the extent included in federal adjusted gross income, deduct governmental or other educational loan principal and interest repayments made on your behalf by the Ohio Department of Higher Education (ODHE) under the rural practice incentive program. These repayments must be for certain qualifying expenses incurred while enrolled in law school and pursuant to a contract with the chancellor of ODHE.

Individuals employed as service attorneys within underserved communities are eligible for a repayment of up to \$30,000 for a three-year service obligation or up to an additional \$20,000 for an additional fourth or fifth year of service.

Line 40 – Grant Payments for Students Who Are Adopted

To the extent included in federal adjusted gross income, deduct amounts paid as grant payments for the benefit of you, your spouse, or your dependents by the Ohio Department of Higher Education (ODHE) to a state institution of higher education or a private college. Such grants are available as a one-time \$2,500 grant for adopted students in Ohio who apply with ODHE. See [R.C. 5747.01\(A\)\(38\)](#) and [3333.128](#).

Line 41 – Disability Benefits

Deduct disability benefits to the extent included in federal adjusted gross income. To determine if amounts are disability benefits, you should refer to the terms of the plan under which the benefits are paid.

You may **not** deduct:

- Retirement benefits that converted from disability benefits upon reaching a minimum retirement age;

- Temporary wage continuation payments; OR
- Payments for temporary illnesses or injuries (such as sick pay provided by an employer or third party).

See [R.C. 5747.01\(A\)\(4\)](#) and [Ohio Adm. Code 5703-7-08](#).

Line 42 – Survivor Benefits

Deduct survivor benefits to the extent included in federal adjusted gross income. Most life insurance benefits are not included in federal adjusted gross income and thus are not deductible.

Generally, survivor benefits include any amount received because of the death of another individual. The decedent's age, recipient's age, relationship to the decedent, and prior tax treatment of the income on the decedent's return are not relevant in determining if income qualifies as survivor benefits.

To determine if amounts are survivor benefits, you should refer to the terms of the plan under which the benefits are paid. Any amounts payable without the death of a covered individual as a precondition are **not** survivor benefits.

See [R.C. 5747.01\(A\)\(4\)](#) and [Ohio Adm. Code 5703-7-08](#).

Line 43 – Unreimbursed Medical and Health Care Expenses

Deduct the following amounts to the extent not otherwise deducted or excluded in calculating your federal adjusted gross income:

- Long-term care insurance premiums;
- Certain dental, vision and health insurance premiums; AND
- Medical care expenses (such as prescription medication, copays, doctor visits) in excess of 7.5% of your federal adjusted gross income.

Include any of the above amounts that you paid for you, your spouse, or your dependents.

Do **not** deduct any amounts:

- Paid with pre-tax dollars (such as health savings or flexible spending accounts);
- Paid by you but later reimbursed or refunded; OR
- Paid by insurance or another person.

Use the worksheet on page 41 to calculate this deduction and include a copy with your return. For more information, see the FAQs at tax.ohio.gov/faq-HealthExpenses. See also [R.C. 5747.01\(A\)\(10\)](#).

Line 44 – Medical Savings Account

Deduct the amount of funds you and your spouse (if filing jointly) deposited into a medical savings account. For 2024, the maximum deduction for contributions is \$5,846 per taxpayer. Do not include amounts deducted on your federal return for contributions to a health savings account.

You may also deduct any investment income or interest earned on your deposits into a medical savings account to the extent included in your federal adjusted gross income.

Use the worksheet on page 42 to calculate this deduction and include a copy with your return. See [R.C. 5747.01\(A\)\(13\)](#).

Line 45 – Qualified Organ Donor Expenses

See [R.C. 5747.01\(A\)\(22\)](#).

Ohio Schedule of Business Income

Enter all business income that you (and your spouse, if filing jointly) received during the tax year, from all sources, on this schedule. Only **one** Schedule of Business Income should be used for each return filed.

Part 1 - Business Income

Enter only amounts that are both included in federal adjusted gross income and are "business income" under Ohio law.

Important: Due to differences between federal and Ohio law, some amounts reported as business income on your federal return may not be business income on this schedule. **Do not** simply list the amounts from your federal return.

For more information on how Ohio defines business income and examples of business income, see pages 11-12. See also [R.C. 5747.01\(B\)](#) and [\(C\)](#).

Line 1 - Schedule B, Interest and Ordinary Dividends

Enter taxable interest and ordinary dividends reported on federal Schedule B that qualify as business income. Do not include interest or dividend income from personal bank accounts or personal investments.

Line 2 - Schedule C, Net Profit or Loss From Business

Enter net profit or loss from a business reported on federal Schedule C. If you have multiple businesses, you must net business losses against business gains.

Example: Sam has a business that incurs a loss of -\$15,000. Sam's spouse Suzy has a separate business that generates a profit of \$10,000. The net Schedule C loss reported on their jointly filed federal return is -\$5,000. Thus, they must report -\$5,000 on this line.

Line 3 - Schedule D, Capital Gains and Losses

Enter capital gains or losses reported on federal Schedule D that qualify as business income. Do not include gains or losses from the sale of property that was not used in a trade or business.

Line 4 - Schedule E, Supplemental Income and Loss

Enter your net business income or loss reported on federal Schedule E. If you have multiple sources of business income, you must net any business losses against any business income. **Do not** include any guaranteed payments on this line, even if included on federal Schedule E.

Line 5 - Guaranteed Payments and/or Compensation

Enter guaranteed payments and/or compensation (i.e., wages or salaries) paid to you by a pass-through entity, or a professional employer organization on its behalf, in which you have at least a 20% direct or indirect ownership. Please note, "indirect" ownership does **not** include beneficial or constructive ownership via Internal Revenue Code attribution rules.

Example: Matt and Sarah are married and both work for PTE A. Matt is the owner of PTE A. Thus, he directly owns 100% of PTE A and his wages from PTE A qualify as business income. However, Sarah's wages from PTE A do **not** qualify as business income. While Sarah **constructively** owns 100% of PTE A (through attribution of Matt's ownership), she does **not** directly or indirectly own any portion of PTE A.

Line 6 - Schedule F, Net Profit or Loss From Farming

Enter net profit or loss from farming reported on federal Schedule F. You must net any farming losses against any farming gains.

Line 7 - Ohio Electing Pass-Through Entity Taxes

Enter any portion of the taxes you reported on line 2 of the Ohio Schedule of Adjustments for which both of the following are true:

- The amount represents your proportionate share of the tax paid by an electing pass-through entity that filed Ohio form IT 4738; AND
- The income on which the tax is based qualifies as business income under Ohio law.

See pages 11-12 for the definition of "business income". See also [R.C. 5747.01\(A\)\(36\)](#).

Line 8 - Non-Ohio Tax Related to IRS Notice 2020-75

Enter the portion of the taxes you reported on line 3 of the Ohio Schedule of Adjustments for which both of the following are true:

- The amount represents your proportionate share of taxes paid by a pass-through entity that were

enacted for purposes of complying with IRS notice 2020-75; AND

See pages 11-12 for the definition of "business income." See also [R.C. 5747.01\(A\)\(41\)](#).

Line 9 - Other Business Income

Enter any business income or loss included in your federal adjusted gross income that was not entered on lines 1 through 8. Include on this line any amounts reported on the federal 4797 that are business income.

Part 2 - Business Income Deduction

Use these lines to calculate your Ohio business income deduction. If the amount on line 11 is zero, you **do not** have a business income deduction or any taxable business income.

Part 3 - Taxable Business Income

Do not complete these lines if your Ohio taxable income (Ohio IT 1040, line 5) is zero. Ohio taxes business income at a flat 3% rate. See [R.C. 5747.02\(A\)\(4\)](#).

Part 4 - Business Entities

For each pass-through entity in which you or your spouse are an investor, enter the following:

- The FEIN;
- Your and your spouse's ownership percentage; AND
- The business name.

When listing sole proprietorships, enter the owner's SSN and name or the "doing business as" name.

Ohio Schedule of Credits

Nonrefundable Credits

Many of these credits are based, in part, on your modified adjusted gross income (MAGI). For more information on MAGI, see page 8.

Additionally, many of these credits can be carried forward to future tax years. A worksheet is available at tax.ohio.gov/worksheets to assist you in calculating the carryforward amounts.

If you received an Ohio IT K-1 from a pass-through entity that includes one or more of the credits listed in this section, include a copy of the IT K-1 with your return.

Line 2 – Retirement Income Credit

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You must have received income from a pension, profit-sharing, or retirement plan (such as traditional IRAs or 401(k) plans);
- This income was received on account of retirement;
- This income is included in your Ohio adjusted gross income; AND
- You have not previously taken the Ohio lump sum retirement credit.

Use Table 2 on page 44 to determine your credit based on your and your spouse's (if filing jointly) total eligible retirement income. Amounts deducted on the Ohio Schedule of Adjustments (such as Social Security benefits and uniformed services retirement income) do **not** qualify for this credit. **The maximum credit per return is \$200.**

See [R.C. 5747.055\(B\)](#).

Line 3 – Lump Sum Retirement Credit

Important: If you take this credit, you **cannot** take the retirement income credit on this year's return or any future return.

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You must have received a total, lump sum distribution on account of retirement;

- The income is included in your Ohio adjusted gross income;
- The distribution must have come from a qualified pension, retirement, or profit-sharing plan; AND
- You have not previously claimed this credit.

A "total distribution" is generally indicated in box 2b of your 1099-R. Use the worksheet on page 43 to calculate this credit. See [R.C. 5747.055\(C\), \(D\), and \(E\)](#).

Line 4 – Senior Citizen Credit

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You were 65 or older at the end of the tax year; AND
- You have not previously taken the Ohio lump sum distribution credit.

The credit is equal to \$50 **per return**. See [R.C. 5747.055\(F\)](#).

Line 5 – Lump Sum Distribution Credit

Important: If you take this credit, you **cannot** take the \$50 senior citizen credit on this year's return or any future return.

To qualify for this credit, all of the following must be true:

- Your modified adjusted gross income less exemptions is less than \$100,000;
- You were 65 or older at the end of the tax year;
- You must have received a total, lump sum distribution from a qualified pension, retirement, or profit-sharing plan; AND
- You have not previously claimed this credit.

A "total distribution" is generally indicated in box 2b of your 1099-R. Use the worksheet on page 44 to calculate this credit. See [R.C. 5747.055\(G\)](#).

Line 6 – Child Care and Dependent Care Credit

To qualify for this credit, your modified adjusted gross income must be less than \$40,000 and you must have claimed the federal "credit for child and dependent care expenses" on federal form 2441.

Use the worksheet on page 45 to calculate this credit. See [R.C. 5747.054](#).

Line 7 – Displaced Worker Training Credit

To qualify for this credit as a "displaced worker", all of the following must be true:

- You lost or left your job due to the closing or moving of your job location or the abolishment of your position or shift;
- You paid for job training to enhance your ability to get a job; AND
- You worked no more than 20 hours per week at a new job.

The credit equals the lesser of \$500 or 50% of the amount you paid, less any reimbursements, during the 12-month period immediately following the loss or leaving of your job. If the 12-month period extends over two tax years, your maximum credit for both tax years combined is \$500.

Expenses that generally qualify as job training include:

- College tuition and fees;
- Vocational training;
- Course materials (such as books and software) required as part of a course or training.

Expenses that do not qualify are generally those that do not teach or improve skills used in a job, such as:

- Computer purchases and upgrades;
- Professional organization fees/dues;
- Job placement or career planning services (resume workshops, interview critiques, skills assessment, etc.);
- Certification or licensure expenses (tests, fees, etc.).

Use the worksheet on page 45 to calculate this credit and include a copy along with all supporting documentation with your return. For more information, see tax.ohio.gov/credits. See also [R.C. 5747.27](#).

Line 8 – Campaign Contribution Credit

To qualify for this credit, you must have contributed money to the campaign committee of a candidate for any of the following Ohio offices:

- Governor or lieutenant governor
- Secretary of state
- Auditor of state
- Treasurer of state
- Attorney general
- Chief justice of the Ohio Supreme Court
- Justice of the Ohio Supreme Court
- Ohio Board of Education
- Ohio Senate
- Ohio House of Representatives

The credit equals the amount contributed during the tax year up to \$50 per return, or \$100 if you are filing jointly. Contributions to local candidates (such as city or county officials) or federal candidates (such as President or U.S. Senator) **do not** qualify for this credit. See [R.C. 5747.29](#).

Line 9 – Exemption Credit

To qualify for this credit, your modified adjusted gross income less exemptions must be less than \$30,000. The credit equals \$20 for each exemption claimed on your return. See [R.C. 5747.022](#).

Line 12 – Joint Filing Credit

To qualify for this credit, you and your spouse must each have at least \$500 of qualifying income and jointly file your return. "Qualifying income" is any amount included in Ohio adjusted gross income, other than the following:

- Interest;
- Dividends and distributions;
- Capital gains; AND
- Rents and royalties.

Amounts deducted on the Ohio Schedule of Adjustments are not included in Ohio adjusted gross income, and thus are **not** "qualifying income." Examples of such amounts include business income, state and local tax refunds, Social Security and railroad retirement benefits, and certain military compensation and retirement benefits.

The credit equals a percentage of your tax liability prior to the application of the credit. **The maximum credit per return is \$650.** The percentage used is based on your modified adjusted gross income (MAGI) less exemptions, as shown in the following table:

MAGI less exemptions	Credit (max \$650)
0 - \$25,000	20% of line 11
\$25,001 - \$50,000	15% of line 11
\$50,001 - \$75,000	10% of line 11
\$75,001 or more	5% of line 11

Example: Kevin and Krysten file jointly. Kevin has \$50,000 of wage income and \$5,000 of interest income. Krysten has \$40,000 of business income and \$20,000 of taxable Social Security benefits. While Kevin has \$50,000 of qualifying income (his wages), Krysten has

no qualifying income because her business income and taxable Social Security benefits were both deducted in calculating their Ohio adjusted gross income. Therefore, they are not entitled to the joint filing credit.

Please include a separate statement listing the qualifying income for each spouse. See [R.C. 5747.05\(E\)](#).

Line 13 – Earned Income Credit

Your nonrefundable Ohio earned income credit (EIC) equals 30% of your federal EIC (federal 1040 and 1040-SR, line 27). See [R.C. 5747.71](#).

Line 14 – Home School Expenses Credit

To qualify for this credit, you must pay for “educational expenses” for your dependent who is home schooled in Ohio. The credit equals the lesser of \$250 or the amount you paid for educational expenses. Only one credit can be claimed **per return**, regardless of your filing status.

“Educational expenses” include any of the following used directly in home school instruction:

- Books and subscriptions;
- School supplies and supplementary materials;
- Computer software and applications.

“Educational expenses” **does not** include expenses or fees for computers or similar electronic devices or accessories.

Important: Only expenses for dependents who have been excused by an Ohio school district superintendent for formal home schooling qualify for this credit.

For more information, see [tax.ohio.gov/credits](#). See also [R.C. 5747.72](#).

Line 15 – Scholarship Donation Credit

To qualify for this credit, you must make a monetary donation directly to an eligible scholarship granting organization (SGO). The credit equals the lesser of \$750 or the total amount you donated to SGOs during the tax year. If you are filing a joint return and both you and your spouse make eligible donations, each of you can claim this credit (up to \$1,500 total).

You may also include amounts donated in 2025, prior to April 16. However, the same contribution cannot be used to claim the credit in two different tax years.

You may also qualify for this credit if a pass-through entity, in which you have ownership interest, made a

monetary donation to an eligible SGO. You may claim your proportionate or distributive share of the credit to the extent it does not exceed \$750 per investor.

For a list of eligible SGOs, see [tax.ohio.gov/SGO](#). See also [R.C. 5747.73](#).

Line 16 – Nonchartered, Nonpublic School Tuition Credit

To qualify for this credit, you must pay tuition for your dependent(s) to an eligible nonchartered, nonpublic school that has been approved by the Ohio Department of Education. For a list of approved schools, see [tax.ohio.gov/credits](#).

The credit equals the lesser of the total tuition paid for all dependents or:

- \$1,000 if your federal AGI is less than \$50,000; OR
- \$1,500 if your federal AGI is \$50,000 and above.

Only one credit can be claimed **per return**, regardless of your filing status.

Line 13 – Other Nonbusiness Income

Enter other nonbusiness income reported on your federal return, and paid or accrued while you were an Ohio resident, in Column B.

Do not enter any amounts deducted on lines 15, 18, 27, or 28 of the Ohio Schedule of Adjustments.

See [R.C. 5747.20\(B\)\(6\)](#).

Line 14 – Federal Deductions

Enter the portion of your federal "above-the-line" deductions paid or accrued while you were an Ohio resident in Column B. See [R.C. 5747.20\(B\)\(6\)](#).

Section II – Ohio Business Income

List every sole proprietorship or pass-through entity in which you held an ownership interest during the tax year. If you have more than 20 businesses, include additional copies of page 2, with only lines 1-20 completed. Total the amounts in each column of any additional pages on line 21.

For each business, enter:

- The total business income included on your federal return in Column A;
- The Ohio depreciation adjustment in Column B (from Section III, line 22);
- The Ohio apportioned income in Column C (from Section III, line 18).

Each column is independently calculated for each business. Column A is **not** a total of Columns B and C.

If you have an Ohio IT K-1 for a business, you must still list that business and check the "IT K-1" box. Additionally, you must enter:

- The total business income included on your federal return in Column A;
- The Ohio depreciation adjustment in Column B (from Ohio IT K-1, the Ohio portion of line 2c);
- The Ohio apportioned income in Column C (from Ohio IT K-1, the Ohio portion of line 2a plus 2b).

You **must** complete Section III, even if you received an IT K-1 from the entity, if the IT K-1 depreciation worksheet includes amounts not added back on your previous Ohio income tax returns.

Line 22 – Column Totals

Column A: This is the total of all business income reported on your federal return.

Column B: This is the total of all Ohio apportioned depreciation adjustments. The total may be a positive or negative number. Enter this amount on Section I, line 6.

Column C: This is the total of all Ohio apportioned business income. It may be positive or negative. If the amount is positive, complete lines 23 and 24. Otherwise, enter the amount on Section I, line 5.

Section III – Business-Level Income & Apportionment

Complete a separate Section III for each sole proprietorship or pass-through entity having property, payroll, and/or sales in Ohio. However, if an Ohio IT K-1 reporting income from a pass-through entity is attached with the IT NRC, a Section III does not need to be completed for that entity.

Important: If both spouses on a joint return have an ownership interest in the same business, complete a separate Section III for each spouse.

For more information, see [Information Release IT 2001-01](#) titled "Nexus Standards & Filing Safe Harbors for Individuals," at tax.ohio.gov/info.

Part A

Calculate a separate apportionment ratio for each sole proprietorship or pass-through entity. Ohio apportionment is based on a three-factor, weighted ratio.

The three factors are property and payroll, each weighted at 20%, and sales, weighted at 60%, for a total of 100%. However, if any factor's "total everywhere" is zero, the weights of the remaining factors must be proportionately increased so that the total remains 100%. You must show the reweighted factors by crossing out the listed weights and replacing them with the correct weights.

Example: ABC LLC is a single-member LLC with no employee payroll. In calculating its Ohio apportionment ratio, ABC LLC must weight its property factor at 25% and its sales factor at 75%.

If this business receives income from pass-through entities, its apportionment ratio calculation must include the proportionate share of each lower-tiered entity's property, payroll, and sales.

Line 1 – Property Factor

The property factor is the ratio of:

$$\frac{\text{Average value of property in Ohio}}{\text{Average value of property everywhere}}$$

"Property" includes any real and tangible personal property that is owned, rented, subrented, leased, and/or subleased in the course of a trade or business.

Property **does not** include any of the following:

- Construction in progress;
- Property not used in a trade or business;
- Property for which Ohio has issued an air, noise, or industrial water pollution control certificate; AND
- Property used exclusively during the tax year for qualified research.

Note: The original cost of qualifying improvements to property in an enterprise zone, for which Ohio has issued a Tax Incentive Qualification Certificate, should be included only in Column B.

The "average value" of business property is calculated by averaging the total value of all applicable property owned or rented at the beginning and end of the tax year.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(a\)](#).

Line 1(a) – Property Owned

Column A: Enter the average value of all Ohio business property owned during the tax year.

Column B: Enter the average value of all business property owned during the tax year.

Property owned by the business is valued at its original cost.

Line 1(b) – Property Rented

Column A: Enter the average value of all Ohio business property rented during the tax year.

Column B: Enter the average value of all business property rented during the tax year.

Property rented by the business is valued at eight times the net annual rental rate (annual rental expense less subrental receipts).

Line 2 – Payroll Factor

The payroll factor is the ratio of:

$$\frac{\text{Total compensation paid in Ohio}}{\text{Total compensation paid everywhere}}$$

"Compensation" means any form of remuneration paid to an employee for personal services. Compensation **does not** include any of the following:

- Amounts paid to employees for services unrelated to a trade or business;

- Amounts paid to employees who are primarily engaged in qualified research; AND
- Amounts reclassified as a distributive share of income from a pass-through entity under [R.C. 5733.40\(A\)\(7\)](#).

Note: Compensation paid to certain employees at an urban job and enterprise zone facility, for which Ohio has issued a Tax Incentive Qualification Certificate, should be included only in Column B.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(b\)](#).

Column A: Enter the total compensation paid in Ohio during the tax year. Compensation is paid in Ohio if:

- The employee's job is entirely in Ohio;
- The employee's job is primarily in Ohio with only incidental work outside Ohio;
- The employee performs services in Ohio and either the headquarters, or, if no headquarters exists, the place from which the service is directed or controlled, is in Ohio; OR
- The employee is a resident of and performs some services in Ohio, and the headquarters or the place from which the service is directed or controlled is not in a state where part of the service is performed.

Column B: Enter the total compensation paid everywhere during the tax year.

Line 3 – Sales Factor

The sales factor is the ratio of:

$$\frac{\text{Total sales in Ohio}}{\text{Total sales everywhere}}$$

“Sales” includes gross business receipts such as:

- Receipts from the sale of real property, tangible personal property, or services;
- Receipts from rents and royalties from real and tangible personal property; OR
- Receipts from the transfer of or the right to use intellectual property such as trademarks, trade names, patents, and copyrights.

“Sales” **does not** include:

- Interest and dividends;
- Receipts from the transfer of intangible property other than trademarks, trade names, patents, copyrights, or other similar intellectual property;
- Receipts from the transfer of real or tangible personal property that is either a capital asset or an Internal Revenue Code section 1231 asset; AND

- Receipts from sales to certain public utilities, insurance companies, and financial institutions described in [R.C. 5733.05\(B\)\(2\)\(c\)](#).

Note: Income amounts excluded from the sales factor may still be considered business income under Ohio law.

See [R.C. 5747.21\(B\)](#) and [5733.05\(B\)\(2\)\(c\)](#).

Column A: Enter gross receipts from sales within Ohio during the tax year. Sales within Ohio include all of the following:

- Receipts from sales of tangible personal property, less returns and allowances, to the extent the property was received by the purchaser in Ohio;
- Receipts from services to the extent the purchaser ultimately used or received the benefit of the services in Ohio;
- Rents and royalties from tangible personal property to the extent the property was used in Ohio;
- Receipts from the transfer of certain intellectual property to the extent the property was used in Ohio;
- Receipts from the right to use certain intellectual property in Ohio;
- Receipts from the sale of real property located in Ohio; AND
- Rents and royalties from real property located in Ohio.

Note: For tangible personal property, where the property is “received by the purchaser” is not the same as where the purchaser takes physical or legal possession. Instead, it is considered “received” where it is ultimately used by the purchaser.

See [R.C. 5733.05\(B\)\(2\)\(c\)\(i\)](#) and [\(ii\)](#).

Column B: Enter the gross receipts from sales everywhere during the tax year.

Line 4 – Ohio Apportionment Ratio

This is the Ohio apportionment ratio for this business. Use this ratio in Parts B and C to determine:

- Ohio apportioned income; AND
- Ohio apportioned depreciation adjustments from the Ohio Schedule of Adjustments.

Part B

Enter only amounts that are both included in the calculation of your federal adjusted gross income and are “business income” under Ohio law. Because

of differences between federal and Ohio law, some amounts reported as business income on the federal return may not be business income on this schedule. **Do not** simply list the amounts from the federal return.

For more information on how Ohio defines business income and examples of business income, see pages 11-12. See also [R.C. 5747.01\(B\)](#) and [5733.40\(A\)\(7\)](#).

Line 5 – Schedule B, Interest and Ordinary Dividends

Enter capital gains or losses reported on federal Schedule D that qualify as business income. Show a net capital business loss as a negative number.

Line 8 – Schedule E, Supplemental Income and Loss

Enter the net business income or loss reported on federal Schedule E. Show a net business loss as a negative number. **Do not** include any guaranteed payments on this line, even if included on federal Schedule E.

Line 9 – Guaranteed Payments, Compensation, and/or Wages

If this business is a pass-through entity in which you have at least a 20% direct or indirect ownership, enter any guaranteed payments or compensation paid to you by the entity, or a professional employer organization on its behalf. “Indirect” ownership **does not** include beneficial or constructive ownership via Internal Revenue Code attribution rules.

Line 10 – Schedule F, Net Profit or Loss From Farming

Enter the net profit or loss from farming reported on federal Schedule F. Show a new business loss as a negative number.

Line 11 – Certain Pass-Through Entity Additions

Line 12 – Other Business Income and/or Federal Conformity Additions

Enter any business income included in your federal adjusted gross income that was not entered on lines 5 through 11. Include on this line any amounts reported on the federal 4797 that are business income.

Also, enter any federal conformity additions reported on the Ohio Schedule of Adjustments related to this business.

Line 13 – Other Business Deductions and/or Federal Conformity Deductions

Line 17 – R.C. 5747.212 Income Apportioned to Ohio

[R.C. 5747.212](#) amounts are apportioned differently than other business income. For more information on how to apportion these amounts, see [R.C. 5747.212](#) as well as *Corrigan v. Testa*, 2016-Ohio-2805.

Enter the Ohio portion of the R.C. 5747.212 amount entered on line 16. Show a loss as a negative number. Include your apportionment calculation with this form.

Part C**Line 19 – Ohio Depreciation Add-Back**

Enter any portion of the amount reported on line 7 of the Ohio Schedule of Adjustments attributable to this business.

Line 20 – Ohio Depreciation Deduction

IT RC - Ohio Resident Credit Calculation

Individuals **must** use the IT RC to calculate their Ohio Resident Credit. Include this form with your Ohio IT 1040 and retain a copy for your records.

“State” means **only** the 50 U.S. states. State **does not** include any country, province, territory, or city. Additionally, individuals cannot claim a resident credit for income earned in a state without an individual income tax. Thus, those states are not listed on form IT RC.

Only Ohio full-year and part-year residents may use this form. Income earned while a nonresident of Ohio is **not** eligible for the Ohio resident credit but may be eligible for the nonresident credit. See pages 35-40 for the IT NRC instructions.

For more information, see tax.ohio.gov/residencycredits.

Column A – Income Taxed

Enter the portion of your Ohio adjusted gross income included on an income tax return for another state or the District of Columbia. Amounts deducted on the Ohio Schedule of Adjustments (for example, business income and state and local tax refunds) are not included in Ohio adjusted gross income, and thus are not eligible to be included on this line.

Do not enter wages, salaries, or other compensation earned in Indiana, Kentucky, Michigan, Pennsylvania, or West Virginia while you were an Ohio resident. These amounts are not taxed by those states because of agreements they have with Ohio.

Column B – Tax Paid

Enter any income taxes paid for the current tax year on an income tax return for another state or the District of Columbia. Generally, this will be the amount shown on the line of the return that is equivalent to Ohio IT 1040, line 10.

Do not include:

- Taxes paid to any country, province, territory, or city; OR
- Taxes that are not on or measured by net income.

Also, do not include taxes deducted or that should have been deducted in computing your federal adjusted gross income, unless they are added back on line 3 of the Ohio Schedule of Adjustments and not deducted on line 13 of the Ohio Schedule of Adjustments.

Line 1: You must reduce the amount you enter on this line by your federal self-employed health insurance deduction (federal 1040, Schedule 1, line 17).

For purposes of this line, “health insurance premiums” includes amounts you paid for health insurance under the Affordable Care Act, even if you received a federal subsidy for purchasing it.

Example 1: From January 1 through June 30, Dan was not eligible for Medicare or health insurance through his employer. Dan paid \$100 per month in premiums, totaling \$600, for insurance he obtained under the Affordable Care Act. Dan became eligible for Medicare on July 1. Department of the Treasury—Internal Revenue Service

Box b – This is your employer identification number (EIN).

Box 15 – For states other than Ohio, **do not** include the amount in box 17 as Ohio income tax withheld.

Box 16/17 – Your state wages and state income tax withholding. Only include Ohio amounts on the Schedule of Ohio Withholding.

School District Withholding

Both city and school district tax information is reported in boxes 19 and 20. **Do not** include any city income tax withholding on either the SD 100 or the IT 1040. A locality name that begins with "R" followed by a 3 or 4-digit number indicates city income tax, not school district income tax.

Box 19/20 – Only include the school district tax in box 19 for the school district that is identified in box 20 (which typically shows "SD" and a four-digit code or "SD" and the abbreviated name of the school district). **Do not** include any amounts in box 19 on the IT 1040.

Box 14 – Your school district withholding and its school district name/number may be reported here instead of in boxes 19 and 20.

Sample W-2G – Gambling Winnings and Withholding

Ohio School District Numbers

Below is an alphabetical list of all school districts in Ohio with their respective school district numbers. Enter the school district number for the district in which you lived for the majority of the tax year on your Ohio IT 1040. Full-year nonresidents of Ohio should enter 9999.

If you do not know the school district in which you live, use "The Finder" at tax.ohio.gov/Finder. If you believe there is an error or have questions regarding The Finder, email thefinderhelp@tax.ohio.gov.

Bold print indicates a school district with an income tax for the tax year. An asterisk (*) indicates a school district with a newly enacted tax, or a change in rate or tax type. The tax rate for each district is listed as a four-digit decimal. Districts with a "T" use the traditional tax base. Districts with an "E" use the "earned income" tax base. If you were a resident of a taxing school district for any portion of the tax year, you may be required to file a school district income tax return, Ohio SD 100. For more information, see pages 56-57.

General Information for the SD 100

Who Must File a School District Income Tax Return?

Only Ohio residents who lived in a taxing school district during any portion of the year are subject to Ohio's school district income tax. Individuals who worked, but did not live, in a taxing school district are **not** subject to the district's income tax.

Not all school districts have an income tax. See pages 49-56 for a complete list of Ohio's school districts and their respective tax rates.

You must file an SD 100 if all of the following are true:

- You lived in a taxing school district for any portion of the tax year;
- You received income while living in the district; AND
- Based on that income, you have a school district income tax liability (SD 100, lines 26 or 36).

If you have a tax liability for more than one school district, you will file **only one** SD 100.

You may have a school district income tax liability even if you do **not** have an Ohio income tax liability. In that case, you **must** file both a school district income tax return and an Ohio income tax return.

Note: If you lived in a taxing school district and received income, the Department recommends you file an SD 100, even if you don't have a tax liability, to avoid delinquency billings.

See [R.C. 5747.08](#).

How Is the School District Income Tax Calculated?

School district income tax is levied based on one of the following methods:

The **traditional tax base** uses modified adjusted gross income (MAGI) less exemptions to calculate the school district income tax base. Traditional filers must complete lines 23-29 on the SD 100.

The **earned income tax base** is based on the taxpayer's "earned income" and must be calculated by completing lines 30-39 on the SD 100.

"Earned income" includes **only** the following items to the extent they are included in MAGI:

- Employee compensation such as wages, salaries and tips; AND
- Self-employment income from sole proprietorships and partnerships.

"Earned income" **does not** include items such as retirement income, interest, dividends, capital gains, and unemployment benefits.

For more information, see "What is Modified Adjusted Gross Income?" on page 8 and the worksheet on page 40.

See [R.C. 5748.01\(E\)\(1\)](#).

How Do I Determine If I'm a Resident of a School District?

You are a resident of a school district if your primary residence is in that district. Your voter registration, driver's license, and vehicle registration can help determine your primary residence. If you lived in Ohio for any portion of the year, you were a resident of at least one school district. For information on how to determine your school district, see page 49. See also [R.C. 5748.01\(F\)\(1\)](#).

How Do I Complete the Schedule of School District Residency?

Complete the schedule to provide school district residency information for the entire tax year, including any dates you lived outside Ohio or in a non-taxing school district. Use 9999 as the school district number for any portion of the year you were a nonresident of Ohio. You may need more than one entry for the same period of time if your and your spouse's dates of residency do

not match and you are filing jointly. The Department provides a tool to calculate your "days as resident" and "residency factor" at tax.ohio.gov/SDresidency.

What If I Lived in More Than One School District?

You will file a single SD 100 regardless of how many school districts in which you resided. Complete the Schedule of School District Residency on page 1.

Page 3 of the return has space to report two traditional base districts and two earned income base districts. If you resided in more than two districts of either base, complete additional copies of page 3.

Determining Your Income

Ohio's school district income tax is levied on the portion of taxable income received by an individual while a resident of the taxing district.

For both tax bases, if you know the exact amounts of income/adjustments you received or made in each district, you **should** specifically match up those amounts to the proper school district. However, if you do not know the

exact amounts, you may prorate your income and/or adjustments by multiplying the amounts by the residency factor(s) on page 1 of the return for each school district you resided in.

For more information and examples, see pages 59-61.

What If My Employer Withheld School District Tax in Error?

You **must** file an SD 100 to request a refund of the erroneous withholding. All of your school district withholding **must** be reported on a single Schedule of School District Withholding and combined on line 11 of the SD 100. The total withholding will be applied toward any tax liability you have on line 10. If you do not have a tax liability, the erroneous withholding will be refunded to you.

Additionally, you should file a new IT 4 with your employer to report your current school district of residence.

For more information, see tax.ohio.gov/schooldistrict.

Ohio SD 100 - School District Income Tax Return

The traditional tax base is determined using modified adjusted gross income (MAGI) less exemptions, which is calculated on line 5. The earned income tax base is limited by MAGI, which is calculated on line 3. For more information on MAGI, see page 8. See also [R.C. 5748.01\(E\)\(1\)](#).

Line 6 - Traditional Tax Base Liability

If you were a resident of one or more traditional tax base school districts for any part of the year, complete the Traditional Tax Base Schedule (lines 23-29) on page 3. Start with Column A and complete additional columns if necessary. Enter the total tax from line 29 on this line.

Line 7 - Earned Income Tax Base Liability

If you were a resident of one or more earned income tax base school districts for any part of the year, complete the Earned Income Tax Base Schedule (lines 30-39) on page 3. Start with Column A and complete additional columns if necessary. Enter the total tax from line 39 on this line.

Line 9 - Interest Penalty

Generally, if you are a wage earner and have Ohio school district withholding, you will not owe an in-

terest penalty. If you have non-wage income or no Ohio school district withholding, use Ohio IT/SD 2210 to determine if an interest penalty is due. For more information, see the FAQs at tax.ohio.gov/2210. See also [R.C. 5747.09\(D\)](#) and [\(E\)](#).

Line 11 - School District Income Tax Withheld

Enter your school district income tax withheld as reported on Part A, line 1 of the Schedule of School District Withholding.

Schedule of School District Withholding. Complete this schedule if you are reporting an amount on line 11 of the SD 100. Enter **only** income statements (W-2, 1099) for which you have school district income tax withheld. **Do not** include any city income tax withheld. School district withholding is generally indicated by the four-digit school district number in box 20 or 14. If you have an income statement reporting withholding for more than one school district, list each amount on a separate line in Part B or Part C.

See the sample statements on pages 47-48. **Do not** list income statements that do not report school district income tax withheld. Place copies of all income statements that list school district withholding informa-

tion after the last page of your return. **Do not** include income statements that are handwritten, self-created, or generated by your tax preparation software.

See [R.C. 5747.08\(H\)](#).

Line 12 – Payments and Credit Carryforward Amounts

Enter the following amounts:

- Estimated payments;
- Timely extension payments; AND
- Any credit carryforward amount from your prior year SD 100.

Do not include a prior year's refund that you requested but did not receive. Contact the Department about the status of any such refund.

See [R.C. 5747.09\(B\)](#).

Line 13 – Amount Previously Paid (Amended Returns Only)

When filing an amended return, enter the amount previously paid with your previously filed return(s) excluding the amount reported on line 12.

Line 15 – Overpayment Previously Requested (Amended Returns Only)

When filing an amended return, enter the amount you reported on line 20 on your previously filed return(s).

Line 18 – Interest Due

Interest is due from the unextended due date until the date the tax is paid. Generally, you do not owe interest if you are due a refund. An extension of time to file does not extend the payment due date. The interest rate for calendar year 2025 is 8%.

Certain military servicemembers may not be subject to interest. See page 10 for more information.

See [R.C. 5747.08\(G\)](#).

Line 19 – Total Amount Due

This amount must be paid by April 15, 2025. **Do not** mail cash. Instead, make payment by:

- Electronic check;
- Credit or debit card; OR
- Paper check or money order.

Make your check or money order payable to "School District Income Tax" and include an Ohio Universal

Payment Coupon (OUPC). If you are filing for multiple districts on page 3, use the first school district number from Column A. Include the tax year, the last four digits of your SSN, and the school district number on the "Memo" line.

For more information regarding payment options, see page 6.

Line 21 - Credit Carryforward

Enter the portion of your refund you want applied to tax year 2025. This is **only** allowed on timely filed, original returns; it is **not** allowed on amended returns.

Line 22 – Your Refund

If you do not request direct deposit, or you filed by paper, your refund will be mailed to the address on the tax return.

If you move after filing your tax return, your refund may be delayed. Notify the Department of your address change **as soon as possible**.

Traditional Tax Base Schedule

Complete this schedule for each traditional tax base school district in which you resided during the year, starting with Column A. If you resided in more than two traditional tax base school districts, complete additional copies of page 3.

Line 23 - Resident Portion of MAGI Less Exemptions

Enter the portion of your MAGI less exemptions (line 5) that you received while a resident of the school district entered at the top of the column. Full-year residents should enter the exact amount from line 5. Part-year residents should refer to the guidance on pages 59-61. See [R.C. 5748.01\(E\)\(1\)\(a\) and \(G\)\(1\)](#).

See pages 49-56 for a complete list of Ohio's school districts and their respective tax rates. See [R.C. 5748.03\(C\)](#) and [R.C. 5747.021](#).

Guidance for Part-Year Residents of a School District

Calculating Your Income Received While a Part-Year Resident of a School District

Ohio's school district income tax is levied on the portion of taxable income **received** by a taxpayer while a resident of the taxing district. Ohio law does not specify how to calculate the portion of income received while a resident of a school district.

If you can specifically identify the exact amount of income and deductions you received/incurred in a school district, then you **should** report those exact amounts on the appropriate schedule on page 3.

However, many taxpayers are unable to identify where each item of income was received or how to allocate deductions that are not tied to specific events. In these situations where specific identification is not available, you should prorate your income and deductions based on how long you resided in the district.

Important: This guidance assumes that if you are filing jointly, you and your spouse have the same dates of residency on your Schedule of School District Residency. If you are filing jointly but your and your spouse's dates of residency do not match, see tax.ohio.gov/schooldistrict for additional guidance.

Traditional Tax Based Districts

For traditional tax base districts, "taxable income" is defined as modified adjusted gross income (MAGI) less exemptions, which is calculated on line 5 of the SD 100. On line 23, you should enter **only** the portion of line 5 that was received while a resident of the district.

If you can specifically identify the different items that make up your line 5 amount, and you know when those amounts were received, you should enter the net portion of those amounts received while you were a resident of the district.

If you cannot specifically identify the amounts, you can prorate by multiplying line 5 of the SD 100 by the residency factor calculated on page 1 for the school district. See Example 1 below.

Example 1 – Traditional Tax Base

Hannah moved into a traditional tax base school district on September 1st. She determines her residency factor as 0.3333. Her MAGI less exemptions (SD 100, line 5) is \$65,000. However, she isn't able to specifically identify the portion of that amount that was received while she was a resident of the school district. So, Hannah multiplies her line 5 amount by

her residency factor for the school district:

$$\$65,000 \times 0.3333 = \$21,665$$

Hannah enters \$21,665 as her resident portion of MAGI less exemptions on line 23 of her SD 100. See the Traditional Tax Base Schedule on page 61.

Earned Income Tax Based Districts

For earned income tax base districts, "taxable income" is defined as compensation (wages, salaries, tips, etc.) and net earnings from self-employment to the extent included in modified adjusted gross income (MAGI). You should enter **only** the portion of these amounts received while a resident of the district.

If you can specifically identify the wages and net self-employment you received while a resident of the district, you should enter those amounts on lines 30 and 31, respectively. Also, if you can specifically identify the different items that make up your line 3 amount, and you know when those amounts were received, you should enter the net portion of those amounts received while you were a resident of the district on line 33.

If you cannot specifically identify these amounts, you can prorate by multiplying the total figure by the residency factor calculated on page 1 for the school district. See Example 2 below.

Example 2 – Earned Income Tax Base

Eric and Angela moved into an earned income tax base school district on June 1st. They determine

their residency factor as 0.5846 and their MAGI as \$166,000. Eric changed jobs when he moved so he can specifically identify his wages earned as a resident to be \$58,000 and enters this amount on line 30. Angela has \$89,000 of self-employment income for the entire year but she isn't sure how to determine what portion was received while she was a resident of the school district. So, she multiplies her self-employment income by her residency factor for the school district and enters the result on line 31:

$$\$89,000 \times 0.5846 = \$52,029$$

Next, they determine which portions of the other amounts included in their MAGI were received or incurred as residents. They claim \$9,000 in deductions on line 10 of their federal return. They are unable to identify when these deductions were incurred so they prorate this amount also by using their residency factor:

$$\$9,000 \times 0.5846 = \$5,261$$

They claim an Ohio deduction of \$4,000 for contributions to a 529 account. However, they can specifically identify that these contributions took place in March, before moving into the taxing school district, so they don't prorate the amount.

Using these specifically identified and prorated figures, they determine their resident portion of MAGI and enter the amount on line 33:

$$\$58,000 + \$52,029 - \$5,261 = \$104,768$$

See their Earned Income Tax Base Schedule on page 61.

IT NRS - Ohio Nonresident Statement

Who Should File the Ohio Nonresident Statement?

Any individual who wishes to establish an irrebuttable presumption of non-Ohio residency for a given tax year should file a completed statement.

Married taxpayers can choose to file a joint statement or separate statements, regardless of the filing status they use on their income tax returns. For a joint statement to be valid, **both** spouses must properly complete the form.

How Do I Properly Complete the Ohio Nonresident Statement?

For the IT NRS, Ohio Nonresident Statement, to be considered valid, all of the following must be true:

- You have completed the top portion of the statement, including your full name and SSN;
- You meet the five required criteria;
- You have checked the appropriate box in the “Declarations” section;
- You signed the statement; AND
- You timely filed the statement.

Instead of filing the IT NRS, eligible nonresident taxpayers (and their spouses, if filing jointly) can check a box on the top portion of the Ohio IT 1040 or IT 10 to establish the irrebuttable presumption of non-Ohio residency. See page 16.

When Should I File the Ohio Nonresident Statement?

You are required to file the statement no later than the 15th day of the 10th month following the close of your tax year. For most taxpayers, the due date will be October 15th. If you are timely filing an Ohio IT 1040, the Department recommends you file this statement at the same time as your return.

You are required to file this statement for **each** tax year that you wish to establish the irrebuttable presumption of non-Ohio residency. The statement **only** applies to the tax year for which it is filed; it does not cover past or future tax years.

See [R.C. 5747.24\(B\)\(2\)](#).

What Criteria Are Required to File the Ohio Nonresident Statement?

You are eligible to file the IT NRS **only** if you meet the following five criteria. If you meet these criteria and timely file the properly completed statement, you will be **irrebuttably presumed** to be a nonresident of Ohio for the tax year.

(1) Contact Periods: You had no more than 212 contact periods in Ohio. For the definition of a “contact period,” see page 13.

(2) Non-Ohio Abode: You had at least one abode outside of Ohio for which you did not claim depreciation. Your abode outside Ohio cannot be used as a vacation home, or a rental or other income-generating property.

(3) Ohio Identification: You did not hold an Ohio driver’s license or state ID card. To meet this requirement, you must have surrendered your Ohio driver’s license or state identification card prior to the beginning of the tax year. The license or ID card must be surrendered to a bureau or department of motor vehicles of any state.

(4) Ohio Property Tax Reductions: You did not receive the Ohio homestead property tax exemption or the owner-occupied tax reduction.

The Ohio homestead or owner-occupancy property tax reductions are only available to individuals on an Ohio property that is their primary and permanent residence. Thus, if you received either of these reductions for the tax year, you are not eligible to file this statement.

(5) Ohio In-State Tuition: You did not receive in-state tuition at an Ohio institution of higher learning based on an Ohio abode.

This requirement applies only to the individual(s) signing the statement. It is not applicable to their dependents. An Ohio institution of higher learning includes all of the following:

- A state university or college including branch campuses;
- A community college; OR
- A technical college.

Ohio Schedule IT NOL

Ohio does not have its own net operating loss (NOL) carryback deduction. However, an NOL carryback can sometimes be claimed in Ohio for the same tax years claimed on your federal return. Such carrybacks are limited by your Ohio depreciation add-back.

Individuals **must** use Schedule IT NOL and file an amended IT 1040 for each carryback year to claim an NOL carryback.

Important: When carrying back an NOL, you **cannot** claim the Ohio depreciation deduction on the Ohio Schedule of Adjustments. See page 22 for more information.

Section I – NOL Carryback Calculation

Line 3 – Ohio Depreciation Add-Back

Enter your Internal Revenue Code 168(k) and 179 depreciation expense add-back reported on your Ohio Schedule of Adjustments for the year of the NOL. This amount should be the entire amount of such depreciation expense reported on your federal return.

For more information, see the FAQs at tax.ohio.gov/faq-IncomeDepreciation. See also R.C. 5747.01(A)(17)(a)(v).

Section II – Amended Ohio Federal Adjusted Gross Income

Indicate the applicable carryback period for your Ohio NOL. The carryback period must match the period allowed federally. List the **earliest** carryback year in Column A.

Line 5 – Federal Adjusted Gross Income Prior to the Carryback

Enter your federal adjusted gross income prior to the carryback. Generally, this is the amount reported on line 1 of your originally filed Ohio IT 1040.

However, if you are amending one or more of your Ohio returns for a reason other than an NOL carryback, then this amount is your amended federal adjusted gross income **not** including the federal NOL carryback.

Line 6 – Federal Adjusted Gross Income After the Carryback

Enter your amended federal adjusted gross income from your federal amended return or form 1045, line 11.

Line 7 – Available Carryback

Column A: Enter the amount from line 4.

All other columns: Enter the amount from line 11 of the previous column.

Line 9 – Ohio NOL Adjustment

For each respective tax year, you **must** enter the amount calculated on line 9 of the IT NOL as an addition on the following line of the Ohio Schedule of Adjustments (formerly Ohio Schedule A):

- For tax years 2016-2022, use line 9;
- For tax year 2023, use line 10;
- For tax year 2024, use line 11.

NOLs and Ohio's Depreciation Adjustment

Ohio's "deduction of prior year 168(k) and 179 depreciation add-backs," reported on the Ohio Schedule of Adjustments (formerly Ohio Schedule A), **cannot** be claimed in any tax year with a federal NOL, NOL carryback, or NOL carryforward.

When filing your amended returns to report an NOL and/or NOL carryback, you **must** remove any such amounts from your Ohio Schedule of Adjustments (formerly Ohio Schedule A).

These deductions must be carried forward to the **next year** that does not report an NOL, NOL carryback, or NOL carryforward.
