

Sales/Use Tax Application for Refund Checklist

A signed and completed Sales and Use Tax Application for Refund (ST AR) and all supporting documentation must be provided with the initial refund request. The taxpayer is responsible for filing amended return(s) to correct all filing periods included on the refund request.

A separate ST AR must be filed when requesting a refund for sales tax and a refund for consumer use tax.

Consumer Filed Refund Claims

For all consumer filed refund claims, the following supporting documentation must be supplied:

- Copies of original invoices or similar documents indicating the amount of sales tax charged.
 - To aid in efficient processing, if there are more than 25 invoices with the application for refund, an electronic version of Microsoft Excel or Microsoft compatible spreadsheet should be submitted. The spreadsheet must be in the same format and contain column headers outlined on the Schedule of Supporting Documents (page 4 of this document).
- Proof the invoice was paid in full including sales tax, such as:

- Purchase journals, accrual sheets, summary reports used to prepare the use tax return or other verifiable documentation used to record and report your Ohio use tax liability.
