Highlights for 2017

NEW Foreign Address. The Ohio IT 1041 has been redesigned to accommodate entities with a mailing address outside the U.S. The International Organization for Standardization (ISO) designates the specific 3 digit state and 2 digit country codes that must be used when filling out the forms for entities with a mailing address outside the U.S. See Table 1 on page 12 for income brackets and tax rates.

NEW Ohio Income Tax Rate. Amended Substitute House Bill 49 of the 132nd General Assembly altered the marginal tax brackets referenced in Ohio Revised Code (R.C.) 5747.02(A)(1), (2) and (3), beginning in taxable year 2017. The base tax amount for the bottom bracket for trusts and estates is now calculated based on the rate prescribed in R.C. 5747.02(A)(2), which is currently 0.7425%.

NEW Ohio Universal Payment Coupon. Beginning with the 2017 filing year, the Ohio IT 1041ES and IT 1041P forms were consolidated into one Ohio Universal Payment Coupon (UPC). Payments may be remitted by electronic funds transfer (EFT) through the Ohio Treasurer of State, by electronic check through an approved software program when filing electronically, or by sending a personal check or money order with the Ohio UPC. For questions regarding the EFT payment program, please contact the Ohio Treasurer of State's office at 30 E. Broad St., 9th Floor, Columbus, OH 43215 or call toll-free at 1-877-338-6446.

NEW Federal Extension Checkbox. For any taxable year, a taxpayer or qualifying entity that receives an extension for filing the taxpayer's or qualifying entity's federal income tax return shall automatically receive an extension for filing the taxpayer's or qualifying entity's corresponding Ohio tax return to the same due date, provided that the federal extension due date is beyond the unextended due date for the corresponding Ohio return. In order to automatically receive the extension to file the Ohio return, check the federal extension checkbox at the top of the IT 1041, page 1, and include a copy of the federal extension or the federal confirmation number for the extension when filing the Ohio IT 1041. See Table 2 on page 12 for due dates and extended due dates.

NEW Amnesty. The Ohio Department of Taxation will run an Amnesty Program from January 1, 2018 through February 15, 2018. The program will include qualifying delinquent taxes which were due and payable from a pass-through entity as of May 1, 2017, were unreported or underreported, and remain unpaid. During the

program, if a pass-through entity files the IT 4708 (Pass-Through Entity Composite Income Tax Return) or the IT 1041 (Fiduciary Income Tax Return) and pays the full amount of qualifying delinquent taxes owed by the pass-through entity and one-half of any interest that has accrued as a result of the pass-through entity failing to pay those taxes in a timely fashion, the Tax Commissioner shall waive or abate all applicable penalties and one-half of any interest that accrued on the qualifying delinquent taxes.

NEW Credit carryforward. Beginning with 2017 filing year, amounts in excess of taxes imposed, after accounting for estimated payments and tax credits will be refunded. Credit balances will no longer be carried forward to the next taxable period. The commissioner shall withhold from that refund the amount of any of the taxpayer's tax debt certified to the attorney general under R.C. 131.02 and the amount of the taxpayer's liability, if any, for a tax or fee.

NEW Refundable Business Credit Schedule. To expedite verification of refundable business credits, indicate the applicable amount on the appropriate line and attach all applicable certificates from the Ohio Development Services Agency and/or Ohio IT K-1(s). Documentation must be included to verify each refundable credit claimed.

NEW Beneficiary Schedule. All resident and nonresident beneficiaries in the estate or trust must be included on this schedule.

Ohio IT K-1. Use the Ohio IT K-1 to report each investor's or beneficiary's proportionate or distributive share of the partnership's, corporation's, estate's or trust's Ohio income and credits. Each entity with Ohio income should prepare a separate Ohio K-1 for each investor or qualifying beneficiary to enclose with the investor's or beneficiary's return.

Federal election to treat a qualified revocable trust as part of an estate. In selecting the applicable box(es) for the estate or trust type, the taxpayer must check one or more of the two estate boxes (Bankruptcy estate or Decedent's estate) if a taxpayer has made a 645 election on federal Form 8855 that allows a QRT (Qualified Revocable Trust) to be treated and taxed (for income tax purposes) as part of its related estate during the election period. The Bankruptcy estate or Decedent's estate designation requires the taxpayer to only utilize the schedules on the IT 1041 that are applicable for an estate.

2017 Ohio Form IT 1041

General Instructions

Note: Put the tax return in proper numerical order and place all attachments after the return.

All Ohio tax forms and schedules referred to in this instruction booklet may be obtained from our Web site at tax.ohio.gov.

Purpose of Form

The fiduciary of a domestic decedent's estate, a trust, or a bankruptcy estate uses Ohio IT 1041 to report:

- The income, deductions, gains, losses, etc. of the estate or trust that are taxable to Ohio; AND
- Any income tax liability of the estate or trust on retained or undistributed earnings.

Income Taxed to the Estate

The income tax imposed on the fiduciary is based upon the estate's Ohio taxable income. The tax is reduced by the Schedule B credits, the Schedule C resident credit, the Schedule D nonresident credit, refundable credits and the allowable Schedule E business credits.

If the executor and trustee make the Internal Revenue Code (I.R.C.) section 645 election, then for Ohio income tax purposes (i) the estate must include the income of the trust and (ii) the trust itself is not subject to Ohio's income tax for the taxable years to which the election applies. As such, when the estate files its Ohio fiduciary income tax return, the estate cannot "back out" from the estate's federal taxable income the trust's portion of income and deductions.

Income Taxed to the Trust

The income tax imposed on the fiduciary shall apply to the trust's modified Ohio taxable income. The tax is reduced by the Schedule I resident trust credit, refundable credits and the allowable Schedule E business credits.

Most Common Situations for Trusts

- A nonresident trust investing only in savings accounts, certificates of deposit, publicly traded stocks, bonds, commercial paper and/or mutual funds **will not owe** any Ohio income tax if the nonresident trust has no significant ownership interest in these investments. The trust need not file Ohio IT 1041.
- A resident trust investing only in savings accounts, certificates of deposit, stocks, bonds, commercial paper and/or mutual funds **will owe** Ohio income tax if the trust had federal taxable income after distributions. The tax on each resident trust will generally be based upon the trust's federal taxable income, plus or minus the adjustments set forth on Ohio IT 1041.

Who Must File

All estates not excluded below, residing in Ohio or earning or receiving income in Ohio, must file an Ohio Fiduciary Income Tax Return (Ohio IT 1041) for the taxable year.

All trusts not excluded below and that meet any one or more of the following requirements:

- The trust resides in Ohio; OR
- The trust earns or receives Ohio source income (income apportioned to Ohio or allocated to Ohio); OR

- The trust earns or receives lottery winnings, prizes or awards paid by the Ohio Lottery Commission; OR
- The trust otherwise has nexus with or in Ohio under the Constitution of the United States.

Qualified Pre-Income Tax Trusts

Trusts that are described in Ohio Revised Code R.C. 5747.01(FF) and that timely and properly made the election described in that division are not subject to Ohio income tax. Such trusts should file pages 1 and 2 of Ohio IT 1041 and complete those pages as follows:

- Enter on line 1 the trust's federal taxable income.
- Enter on line 2 as a negative number the amount shown on line 1.
- To the left of the amount entered on line 2 print "5747.01(FF)."
- Enter -0- on lines 3, 13 and 17.
- Sign and date the return.

Important: The trust must attach to the return a copy of the Ohio Department of Taxation-issued letter acknowledging that the trust is exempt from Ohio income tax.

Exclusions

The following types of **trusts** are excluded from filing Ohio IT 1041 as per R.C. 5747.02(E):

- Grantor trusts
- Charitable remainder trusts
- Retirement trusts
- Pre-need funeral trusts
- Qualified funeral trusts
- Endowment and perpetual care trusts
- Qualified settlement trusts and funds
- Retirement trust funds.

Any other **trust or estate** is not required to file a 2017 Ohio IT 1041 with the state of Ohio if **all** of the following apply:

- The fiduciary's year 2017 federal form 1041 shows no taxable income or has a negative taxable income (e.g., simple trusts and most estate tax returns); AND
- The estate or trust did not earn or receive any business income apportioned to Ohio; AND
- The estate or trust did not earn or receive any nonbusiness income allocated to Ohio; AND
- There are no Ohio adjustments that would result in Ohio taxable income.

Tax Rates

The income brackets and tax rates that apply to the Ohio taxable income of estates and to the modified Ohio taxable income of trusts are described in the tax table on page 12.

Return Due Date

For all estates and trusts, file Ohio IT 1041, including Ohio IT K-1(s), federal K-1(s), W2s, 1099s etc. on or before April 17, 2018.

Extensions to File

For any taxable year, a taxpayer or qualifying entity that receives an extension for filing the taxpayer's or qualifying entity's federal income tax return shall automatically receive an extension for filing the taxpayer's or qualifying entity's corresponding Ohio tax return to the same due date, provided that the federal extension due date is beyond the unextended due date for the corresponding Ohio return. The trust or estate must check the federal extension box on Ohio IT 1041, page 1, and include a copy of the federal extension with the Ohio return. If the fiduciary electronically obtained the federal extension, then, when filing the Ohio IT 1041, the fiduciary must provide the federal confirmation number for the extension. See Table 2 on page 12 for due dates and extended due dates.

Caution: An extension of time to file does not give the estate or trust an extension of time to pay. Make Ohio extension payments on the Ohio Universal Payment Coupon (UPC). See Ohio Adm. Code 5703-7-05.

Filing Options

Taxpayers who prepare a return with commercial software or the help of a paid tax preparer may be able to file their federal and state returns electronically through the federal/state e-file (www.irs.gov/Filing) program overseen by the IRS. To help taxpayers make sure their software is compatible with the e-file program, the Ohio Department of Taxation maintains a list of approved software vendors (www.tax.ohio.gov/ohio_business/business/electronic_filing/ApprovedSoftwareDev2017.aspx).

If a taxpayer opts to not file electronically, a paper Ohio IT 1041 is available on our Web site at tax.ohio.gov.

Payment Options

If you are electronically filing your Ohio Fiduciary Income Tax Return using an approved software program, follow the payment instruction prompts for making payments by electronic check.

If you are paper filing your Ohio Fiduciary Income Tax Return or do not wish to remit through the software program mentioned above, payments may be remitted by electronic funds transfer (EFT) through the Ohio Treasurer of State or you may send in a personal check or money order with the Ohio UPC. For questions regarding the EFT payment program, please contact the Ohio Treasurer of State's office at 30 E. Broad St., 9th Floor, Columbus, OH 43215 or call toll-free at 1-877-338-6446.

Note: To remit by EFT, the trust or estate must file by using their federal employer identification number (FEIN).

Interest on Underpayments and Overpayments

If the trust or estate fails to pay the tax by the due date, interest accrues on the unpaid tax. Interest on tax due is charged in addition to any penalties that may be incurred for late filing or failure to file timely. The period of underpayment runs from the date the tax was required to be paid to the date on which such payment is made.

Interest is allowed and paid upon any overpayment in excess of one dollar in respect of the tax imposed under R.C. 5747.02 from the date of the overpayment until the date of the refund of the overpayment, except that if any overpayment is refunded within 90 days after the due date of the annual return or within 90 days after the return was filed, whichever is later, no interest shall be allowed on such overpayment.

During calendar year 2018, interest accrues on underpayments and overpayments at the rate of 4% per annum.

Penalties

If the trust or estate **fails to file** the Ohio fiduciary income tax return by the due date (or extended federal due date), a **failure to file penalty** may be charged, which is the greater of \$50 per month up to a maximum of \$500, or 5% per month up to a maximum of 50% of the tax.

If the trust or estate **fails to pay** the full amount of tax by the due date of the return, a **failure-to-pay penalty** may be charged, which is up to a maximum of double the interest charged.

Interest Penalty on Underpayment of Estimated Tax

The trust or estate will owe an interest penalty if (i) the Ohio tax due is greater than \$500 and (ii) withholdings, timely estimated payments and refundable credits are less than either of the following:

- 90% of your 2017 Ohio tax; OR
- 100% of your 2016 Ohio tax.

If the trust or estate owes an interest penalty, the fiduciary must complete Ohio IT/SD 2210 and enter the interest penalty on line 12 of Ohio IT 1041.

Estimated Tax Payments for Next Year

The estate or trust must make estimated tax payments on the 2018 Ohio UPC for the entity's taxable year beginning in 2018 if the 2018 Ohio fiduciary annual income tax after nonrefundable credits is more than \$500. An interest penalty may apply to estimated payments not timely made.

Due Dates for Estimated Tax Payments

If any filing due date set forth below falls on a weekend or on a holiday, then the due date becomes the first business day thereafter.

Due Date	Cumulative Amount Due
Fifteenth day of the fourth month of the taxable year	22.5% of the current year tax due
Fifteenth day of the sixth month of the taxable year	45% of the current year tax due
Fifteenth day of the ninth month of the taxable year	67.5% of the current year tax due
Fifteenth day after the close of the taxable year	90% of the current year tax due

Preparer's Signature

The Ohio Department of Taxation follows IRS Notice 2004-54, which provides for alternative preparer signature procedures for federal income tax paper returns that paid practitioners prepare on behalf of their clients. Paid preparers can follow those same procedures with respect to the following Ohio paper returns prepared on behalf of their clients: Ohio school district and individual income tax returns, Ohio withholding tax returns (employer and pass-through entity) and Ohio corporation franchise tax reports. See R.C. 5703.262(B) and 5747.08(F).

Exception: The paid preparer should **print** (rather than write) his/her name on the form if the taxpayer checks "Yes" to the question, "Do you authorize your preparer to contact us regarding this return?"

Amended Returns

You may make any change or correction to your already filed return by filing another Fiduciary Income Tax Return, Ohio IT 1041, with corrected figures and checking the "Amended Return" box. To speed up the processing of your amended return:

- Include a copy of your original return; AND
- Include a copy of any cancelled checks used as payment on the originally filed return.

If the fiduciary amends the federal fiduciary income tax return or if the fiduciary is audited by the IRS, the fiduciary must file an amended Ohio IT 1041 within 60 days of the final determination of the federal change.

Caution: The IRS informs us of all changes it makes to federal income tax returns. To avoid penalties, be sure the trust or estate files its Ohio amended return within 60 days of the final determination of the federal change.

- (1) In the case of an underpayment, the amended return must be accompanied by payment of an additional tax and interest due and is a return subject to assessment under R.C. 5747.13 for the purpose of assessing any additional tax due under this division. The amended return must not reopen those facts, figures, computations or attachments from a previously filed return no longer subject to assessment if those facts, figures and computations are not affected, either directly or indirectly, by the IRS adjustment to the trust's or estate's federal tax return
- (2) In the case of an overpayment, the trust or estate may file an amended return within the 60-day period prescribed for filing the amended return even if it is filed beyond the period prescribed in R.C. 5747.11(B) and if the amended return otherwise conforms to the requirements of that section. An amended return filed under this section may claim refund of overpayments resulting from alterations to only those facts, figures, computations or attachments required in the trust or estate's annual return that are affected, either directly or indirectly, by the IRS adjustment to the trust or estate's federal income tax return unless the amended return is also filed within the time prescribed in R.C. 5747.11(B). Otherwise, the amended return shall not reopen those facts, figures, computations or attachments that are not affected, either directly or indirectly, by the IRS adjustment to the trust's or estate's federal return.

Assessments

The tax commissioner may issue an assessment against the estate or trust for any deficiency within four years after the later of the final date the return subject to assessment was required to be filed, or the date the return was filed. However, both the assessment statute of limitations and the refund statute of limitations may be extended for an agreed-upon period if both the estate or trust and the tax commissioner consent in writing to the extension.

Specific Instructions

On page 1 of the return, you **must** designate whether the entity is an estate or a trust.

An **estate** can be a bankruptcy estate, a decedent's estate or both.

The trust must be designated as:

- Simple **or** complex; and

1. \$1,500 (one-thousand five-hundred dollars)
2. The amount of expenses incurred by the taxpayer and the taxpayer's spouse to legally adopt the child, not to exceed \$10,000. For the purposes of this division, expenses incurred to legally adopt a child include expenses described in R.C. 3107.55(C).

Schedule C – Estate Ohio Resident Credit

Line 49 – Portion Taxed by Another State

Resident estates should enter the portion of Ohio taxable income (line 3) that was subjected to tax in another state or in the District of Columbia, plus or minus any related adjustments in Schedule A.

Limitation: Do not include income for which the estate has directly or indirectly deducted, in computing federal taxable income, any state income tax paid on that income.

Line 51

Divide the amount on line 49 by the amount on line 50 and write the percentage in the box provided. Multiply the percentage by the amount of tax on line 8 reduced by any amount shown on line 9 and the Schedule F Credits from line 10, and enter the result on line 51.

Line 52 – Taxes Paid to Other States

Enter the amount of taxes, less all related, nonrefundable credits, other than withholding, estimated payments and carryforwards from previous years, paid to other states or the District of Columbia.

Schedule D – Estate Nonresident Credit

Line 54 – Portion Not Earned in Ohio

Nonresident estates should enter the portion of Ohio taxable income on line 3 that is not apportioned or allocated to Ohio pursuant to R.C. 5747.20-5747.231. Use Ohio IT 2023 and include with Ohio IT 1041.

Line 56 – Nonresident Credit

Divide the amount on line 54 by the amount on line 55. Multiply the percentage by the amount of tax on line 8 reduced by the amount shown on line 9 and the Schedule E credits from line 10. This amount is the estate's nonresident credit.

Schedule E – Nonrefundable Business Credits

Use Schedule E to claim nonrefundable business credits. You may obtain Schedule E from our Web site at tax.ohio.gov.

Schedule F – Allocated Qualifying Trust Amounts for Trusts Recognizing Gains or Losses from the Disposition of Closely Held Investments

The qualifying trust amount means capital gains and losses from the sale, exchange or other disposition of equity or ownership interest in, or debt obligations of, a closely held qualifying investee to the extent included in the trust's Ohio taxable income, but only (i) if the location of the physical assets of the investee is available to the trust and (ii) the investment in the investee is (or was) a closely held investment. See R.C. 5747.01(BB)(2) and 5747.011. See also *T. Ryan Legg Irrevocable Trust v. Testa*, 149 Ohio St.3d 376, 2016-Ohio-8418.

If the location of the qualifying investee's assets is not available to the trust, then there is no qualifying trust amount. Generally, the location of the physical assets of a closely held corporation (the qualifying investee) is available to the trust. The portion of the trust's Ohio taxable income represented by the qualifying trust amount will be allocated to Ohio by multiplying the capital gains and losses by the Ohio percentage as described below.

The Ohio percentage is a fraction whose numerator is the net book value of the physical qualifying investee's assets in Ohio. The denominator of the Ohio percentage is the net book value of the qualifying investee's physical assets everywhere.

Special Notes:

(1) If the qualifying investee is a member of a qualifying controlled group, as defined in R.C. 5733.04(M), then special rules apply for purposes of calculating the Ohio ratio. See R.C. 5747.01(BB)(5).

(2) A gain or loss will be a "qualifying trust amount" only if the investment in the qualifying investee constitutes a closely held investment. Most gains and losses will **not** be qualifying trusts amounts. See R.C. 5747.01(BB)(2) and 5747.011.

(3) If qualifying trust amount capital gains/losses were recognized on account of the sale, exchange or other disposition of more than one investment, then the fiduciary must make a separate calculation for each gain/loss.

Line 57 – Trust's Portion of Capital Gains/Losses Recognized

Enter the trust's portion of capital gains/losses from the sales, exchange or other disposition of equity or ownership interest in, or debt obligations of, a closely held qualifying investee to the extent included in Ohio taxable income (line 3) if the location of the physical assets of a closely held qualifying investee is available. If the investee is not closely held or if the location of the physical assets of the closely held investor is not available, then enter -0-. See R.C. 5747.01(BB)(5).

Line 58 – Ohio Percentage of Closely Held Investee's Physical Assets

Divide the book value of the physical assets of the closely held qualifying investee in Ohio by the book value of the physical assets of the closely held investee located everywhere and enter the percentage derived on line 55.

Schedule G – Apportioned Income for Trusts

Line 60 – Business Income and Qualifying Investment Income

Enter the trust's portion of Ohio taxable income (line 3) not included on line 54 to the extent such income is either of the following:

- Business income/loss (see R.C. 5747.01(B)); OR
- Qualifying investment income (see R.C. 5747.012).

Schedule H – Allocated Nonbusiness Income for Trusts

Line 63 – Allocation of Income for Resident Trusts

Resident trusts must enter the trust's Ohio taxable income (line 3) not reported on lines 54 or 57.

Line 64 – Allocation of Income for Nonresident Trusts

Nonresident trusts must enter the following types of nonbusiness income to the extent included in the trust's Ohio taxable income (line 3) and not reported on line 54 or 57:

- Capital gains or losses from the sale, exchange or transfer of Ohio real property and/or Ohio-based tangible personal property;
- Rents and royalties from Ohio real property and/or tangible personal property used in Ohio;
- Patents and copyright royalties used by the payor in Ohio;
- Ohio Lottery Commission winnings and gains and/or losses from the sale or transfer of such winnings.

Schedule I – Tax Credit for Resident Trusts

Note: The credit must be taken prior to taking any other credit.

Line 66 – Portion Taxed by Another State

Enter the amount of the resident trust's allocated nonbusiness income (line 60) subjected to tax by another state or in the District of Columbia.

Example: The Pat Smith Trust, a resident trust, has no qualifying trust amount and no business income. The resident trust had modified Ohio taxable income of \$75,000 from dividends. The tax shown on line 8 on the Ohio IT 1041 is \$3,158. Another state imposed on the trust an income tax of \$1,100 based upon taxable income of \$25,000, which the trust reported to that state. The trustee would calculate the resident tax credit as follows:

Line 66	\$25,000
Line 67	\$3,158
Line 68	\$75,000
Line 69	.0421
Line 70	\$1,053
Line 71	\$1,100
Line 72	\$1,053

Apportionment Factors
Ohio Revised Code R.C. 5747.013(B)

Note: When calculating the Ohio income tax, a trust that has invested in a pass-through entity must apply the "aggregate" (conduit) theory of taxation. That is, the character of all income and deductions (and adjustments to income and deductions) realized by an S corporation or a partnership or a limited liability company (treated as a partnership for federal income tax purposes) in which the trust has invested retains that character for purposes of the withholding tax and the entity tax when recognized by the qualifying pass-through entity. Furthermore, the trust must include in its apportionment ratio its proportionate share of each lower-tiered pass-through entity's property, payroll and sales. See R.C. 5747.231.

If the apportioned **income** from business income/losses and from qualifying investment income was received from more than one entity whose businesses are not unitary with each other, then the trust must make a separate apportionment calculation for each business.

Property Factor (Line 73)

The property factor is a fraction whose numerator is the average value of the trust's includible real and tangible personal property owned or rented, and used in the trade or business in Ohio during the taxable year, and the denominator of which is the average value of all the trust's includible real and tangible personal property owned or rented, and used in the trade or business everywhere during such year.

Property owned is valued at its original cost average value. Average value is determined by adding the cost values at the beginning and at the end of the taxable year and dividing the total by two. The tax commissioner may require the use of monthly values during the taxable year if such values more reasonably reflect the average value of the entity's property.

In determining average value, **exclude** from "Within Ohio" and from "Total Everywhere" the following:

- Construction in progress.
- The original cost of property within Ohio with respect to which

the state of Ohio has issued an air pollution, noise pollution or an industrial water pollution control certificate. See R.C. 5747.013(B).

- The original cost of real property and tangible property (and in the case of property that the trust is renting from others, eight times the net annual rental rate), which is used exclusively during the taxable year for qualified research as defined in R.C. 5747.13(A)(2).
- Property that the trust owns but leases to a lessee to be used in the lessee's trade or business.

Line 73a – Property Owned – Within Ohio

Enter the average value of the real property and tangible personal property, including leasehold improvements, owned and used in the trade or business in Ohio during the taxable year.

Line 73a – Property Owned – Total Everywhere

Enter the average value of all the real property and tangible personal property, including leasehold improvements, owned and used in the trade or business everywhere during the taxable year.

Line 73b – Property Rented

Enter the value of the real property and tangible personal property rented and used in the trade or business in Ohio and everywhere during the taxable year and not excluded above. Property rented is valued at eight times the annual rental rate (annual rental expense less subrental receipts).

Line 73c – Property Ratio

Enter the ratio of property Within Ohio to Total Everywhere by dividing the amount Within Ohio by the Total Everywhere amount.

Line 73c – Weighted Property Ratio

Multiply the property ratio on line 73c by the property factor weighting of 20% or adjusted weighting if any other ratio is applicable.

Payroll Factor (Line 74)

The payroll factor is a fraction, the numerator of which is the total compensation paid in Ohio during the taxable year by the trust, and the denominator of which is the total compensation paid by the trust during the taxable year. As used below, the term "compensation" means any form of remuneration paid to an employee for personal services. Do **not** include in Within Ohio or in Total Everywhere the following:

- Guaranteed payments made to partners.
- Compensation paid in Ohio to employees who are primarily engaged in qualified research.
- Compensation that an S corporation, in which the trust has an equity interest, paid to any shareholder if the shareholder directly or indirectly owned at least 20% of the S corporation at any time during the year. R.C. 5733.40(A)(7).

Line 74 – Payroll Within Ohio

Enter the total amount of the compensation paid in Ohio during the taxable year. Compensation is paid in Ohio if any of the following apply:

- The recipient's service is performed entirely within Ohio; OR
- The recipient's service is performed both within and outside Ohio, but the service performed outside Ohio is incidental to the recipient's service within Ohio; OR

- Some of the recipient's service is performed within Ohio and either the recipient's base of operations, or if there is no base of operations, the place from which the recipient's service is directed or controlled is within Ohio, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the recipient's residence is in Ohio.

Compensation is 'paid in' Ohio to any employee of a common or contract motor carrier corporation who performs regularly assigned duties on a motor vehicle in more than one state in the same ratio as the mileage traveled by such employee within Ohio to the total mileage traveled by such employee everywhere during the taxable year. The statutorily required mileage ratio applies only to contract or common carriers. Thus, without approval by the tax commissioner, a manufacturer or merchant who operates its own fleet of delivery trucks may not situs driver payroll using this method. See *Cooper Tire and Rubber Co. v. Limbach* (1994), 70 Ohio St. 3d 347.

Line 74 – Payroll Total – Everywhere

Enter the total amount of the compensation paid everywhere during the taxable year.

Line 74 – Payroll Ratio

Enter the ratio of payroll Within Ohio to Total Everywhere by dividing the amount Within Ohio by the Total Everywhere amount.

Line 74 – Weighted Payroll Ratio

Multiply the payroll ratio on line 74 by the payroll factor weighting of 20% or adjusted weighting if any other ratio is applicable.

Sales Factor (Line 75)

The sales factor is a fraction whose numerator is composed of the trust's total sales in Ohio during the taxable year and whose denominator is the sum of the trust's total sales everywhere during the taxable year.

Exclude the following receipts from both the numerator and the denominator of the sales factor even if the receipts arise from transactions, activities and sources in the regular course of a trade or business:

- Interest or similar amounts received for the use of, or for the forbearance of the use of, money.
- Dividends.
- Receipts and any related gains and losses from the sale or other disposal of capital assets or of assets described in I.R.C. 1231.
- Receipts from (i) an at-least-80%-owned public utility other than an electric company, combined electric company, or telephone company, (ii) an at-least-80%-owned insurance company or (iii) an at-least-25%-owned financial institution.

Line 75 – Sales Within Ohio

Enter the total of gross receipts from sales, not otherwise excludable from the numerator and the denominator of the sales factor, to the extent the includible gross receipts are from sales in Ohio. Sales in Ohio include the following:

- Receipts from sales of tangible personal property inventory, less returns and allowances, received by the purchaser in Ohio. In the case of delivery of tangible personal property by common carrier or by other means of transportation, the place at which

such property is ultimately received after all transportation has been completed is considered as the place at which such property is received by the purchaser. Direct delivery in Ohio, other than for purposes of transportation, to a person or firm designated by a purchaser constitutes delivery to the purchaser in Ohio, and direct delivery outside Ohio to a person or firm designated by a purchaser does not constitute delivery to the purchaser in Ohio, regardless of where title passes or other conditions of sale.

Customer pick-up sales are situsable to the final destination after all transportation (including customer transportation) has been completed. See *Dupps Co. v. Lindley* (1980), 62 Ohio St. 2d 305.

Revenue from servicing, processing or modifying tangible personal property is situs to the destination state as a sale of tangible personal property (rather than situs as service revenue). See *Custom Deco, Inc. v. Limbach*, BTA Case No. 86-C-1024, June 2, 1989.

- Receipts from sales of real property inventory in Ohio.
- Receipt from sales, other than sales of inventory, if:
 - The income-producing activity is performed entirely within Ohio; OR
 - The income-producing activity is performed both within and without Ohio and a greater proportion of the income-producing activity is performed within Ohio than in any other state, based on cost of performance. If the income-producing activity involves the performance of personal services both within and without Ohio, the services performed in each state will constitute a separate income-producing activity. In such case the gross receipts for the performance of services attributable to Ohio shall be measured by the ratio that the time spent in performing such services in Ohio bears to the total time spent in performing such services everywhere. Time spent in performing services includes the amount of time expended in the performance of a contract or other obligations that gives rise to such gross receipts. Personal service not directly connected with the performance of the contract or other obligations (for example, time expended in negotiating the contract) is excluded from the computation.

The term "income-producing activity" means, with respect to each separate item of income, the transaction and activity directly engaged in by the taxpayer in the regular course of its trade or business for the purpose of obtaining gains or profits. Such activity does not include transactions and activities performed on behalf of the taxpayer, such as those conducted on its behalf by an independent contractor.

The term "cost of performance" means direct costs determined in a manner consistent with generally accepted accounting principles and in accordance with accepted conditions or practices in the taxpayer's trade or business. For purposes of this term receipts from rental property are situs to this state if the property (i) is used entirely in this state or (ii) is used more in this state than in any other state.

Line 75 – Sales Total – Everywhere

Enter the total of such includible gross receipts, less returns and allowances, from sales everywhere.

Line 75 – Sales Ratio

Divide sales within Ohio by the Total Everywhere sales to arrive at the sales ratio.

Line 75 – Weighted Sales Ratio

Multiply the sales ratio on line 75 by the sales factor weighting of 60% or adjusted weighting if any other ratio is applicable.

Net Payment Worksheet

Line 77a – Enter the sum of the estimated payments remitted for tax year 2017.

Line 77b – Enter the amount of the 2016 overpayment that was credited to the 2017 tax liability (line 18 of the 2016 Ohio IT 1041).

Line 77c – Enter the sum of all withholdings received on the federal 1099. Attach all federal 1099s to the back of the return.

Line 77d – Enter the sum of all withholdings received on IRS forms W-2 and W-2G. Attach all IRS W-2 and W-2G forms to the back of the return.

Line 77e – *For amended returns only* – Enter the amount of any refunds previously claimed, even if not yet received, for tax year 2017.

Refundable Business Credits

Note: Certificates from the Ohio Development Services Agency (DSA) and/or Ohio IT K-1(s) **must** be included to verify each refundable credit claimed.

Line 79 – Motion Picture Credit

This credit is administered by the DSA for the percentage of the motion picture company's eligible production expenditures with respect to the tax credit-eligible production. If claiming this credit, attach the DSA-issued certificate and an appropriate breakdown of the credit per investor, if applicable. If the credit has passed through to this taxpayer from a pass-through entity, include a copy of the Ohio IT K-1 provided by the pass-through entity to whom the credit certificate was issued. Additional information is available on DSA's website at: <http://www.ohiofilmoffice.com>. For more information about the credit, see R.C. 122.85 and R.C. 5747.66.

Line 80 – Jobs Creation Credit and Job Retention Credit

This credit is administered by the DSA for the amount of Ohio income tax the pass-through entity withheld from compensation paid to the new employees during its taxable year. If claiming this credit, include the DSA-issued certificate and an appropriate breakdown of the credit per investor, if applicable. If the credit has passed through to this taxpayer from a pass-through entity, include a copy of the Ohio IT K-1 provided by the pass-through entity to whom the credit certificate was issued. Additional information is available at DSA's website at: <http://development.ohio.gov>. For more information about the credit see R.C. 122.17 and R.C. 5747.058.

Line 81 – Pass-Through Entity Credit

Trusts and estates claiming this credit must attach an Ohio IT K-1(s) indicating the amount of distributive share of income; the amount of Ohio tax paid; the legal name of the pass-through entity; and the entity's FEIN. Generally, estates and trust cannot "pass through" to beneficiaries any refundable credit.

Line 82 – Venture Capital Credit

This credit is administered by the DSA to provide Ohio Venture Capital (OVC) lenders and investors some security against losses on their loans to the program. If claiming this credit, attach the DSA-issued certificate and an appropriate breakdown of the credit per investor, if applicable. If the credit has passed through to this taxpayer from a pass-through entity, include a copy of the Ohio IT K-1(s) provided by the pass-through entity to whom the credit certificate was issued. For more information about the credit, see R.C. 105.01 to 105.10 and R.C. 5747.80.

Line 83 – Historic Preservation Credit

This credit is administered by the DSA for owners of certain historic Ohio buildings for the expenditures paid or incurred to rehabilitate approved buildings. If claiming this credit, attach the DSA-issued certificate and an appropriate breakdown of the credit per investor, if applicable. If the credit has passed through to this taxpayer from a pass-through entity, include a copy of the Ohio IT K-1(s) provided by the pass-through entity to whom the credit certificate was issued. Additional information is available on DSA's website at: http://development.ohio.gov/cs/cs_ohptc.htm. For more information about the credit, see R.C. 149.311 and R.C. 5747.76.

Line 84 – Financial Institutions Tax (FIT) Credit

If this pass-through entity is responsible for filing and paying the Ohio financial institutions tax, the pass-through entity is entitled to a refundable credit equal to the proportionate share of the lesser of either the amount of tax due or the tax paid pursuant to R.C. 5726.02 by the pass-through entity for the entity's taxable year ending in the taxpayer's taxable year. For more information about the credit, see R.C. 5747.65.

Beneficiary Schedule

All resident and nonresident beneficiaries in the estate or trust must be included on this schedule.

Matching Expense and Loss Amounts and Distribution Deductions Against Income and Gain

The fiduciary should directly match against items of income and gain (and against excluded income and gain, if any) those expenses and losses that are directly related to the items of income or gain. With respect to those expenses and distributions which the fiduciary cannot directly match to items of income and gain, the fiduciary should proportionately assign those expenses and distributions. Generally, the basis for assigning expenses, losses and distributions will be the relative profit for each activity.

Example #1 (this example illustrates the assigning of direct distributions):

The trust document directs that the fiduciary distribute to Lee, a beneficiary, 75% of the yearly profit from rental activities. The rental activity profit constitutes business income. For the year the rental profit was \$100,000, there was no other income and the only distributions was \$75,000 to Lee.

The fiduciary must reduce the trust's rental profit by the distribution deduction attributable to the rental profit (in this example, 75% of the rental activity profit). So the amount to be shown on Schedule G, line 60, will be \$25,000.

Example #2 (this example illustrates the assigning of (i) direct expenses, losses and distributions and (ii) indirect expenses, losses and distributions):

Gross rent	\$530,000
Dividend income	200,000
Interest Income	41,000
Net capital gain (stocks and bonds)	60,000
Rental property depreciation expense	- 100,000
Rental property real estate taxes and related payroll expenses	- 25,000
Attorney fees (lease preparation)	- 5,000
Investment advisor fees (stocks & bonds)	- 1,000
Fiduciary fees (based upon profit)	- 10,000
Distribution deduction (discretionary)	- 60,000
Taxable income per IRS form 1041	<u>\$ 630,000</u>

Other information: (i) the rental profit constitutes business income, (ii) for purposes of this example, all other income and gain constitute nonbusiness income, (iii) there are no "Schedule A" Ohio adjustments (so Ohio taxable income is the same as taxable income per the federal 1041), and (iv) there are no items of closely held investee gains (losses) and no items of qualifying investment income (see Schedules F and G, respectively).

Matching of Directly Related Expenses and Losses

Rental Activity

Rents	\$ 530,000
Less: Depreciation expense	- 100,000
Real estate taxes and payroll expenses	- 25,000
Attorney fees	- 5,000
Tentative apportionable profit from rental activities (business income)	<u>\$ 400,000</u>

Portfolio Income

Dividends, interest and net capital gains	\$ 301,000
Less: Investment advisor fees	- 1,000
Tentative profit from "portfolio" income (nonbusiness income)	<u>\$ 300,000</u>

Matching of Nondirectly Related Expenses and Losses and Distribution Deduction Not Directly Related to Specific Items of Income and Gain

In this example the total of such expenses, losses and distributions is \$70,000: fiduciary fees of \$10,000 and distribution deduction of \$60,000.

Portion of \$70,000 assigned to the rental activity:

$$\frac{\$400,000}{\$400,000 + \$300,000} \times \$70,000 = \$ 40,000$$

Portion of \$70,000 assigned to the portfolio income:

$$\frac{\$300,000}{\$400,000 + \$300,000} \times \$70,000 = \$ 30,000$$

Amount of apportionable business income to be reported on Schedule G, line 60:

$$\$400,000 - \$40,000 = \$ 360,000$$

Amount of allocable nonbusiness income to be reported on Schedule H, line 63:

$$\$300,000 - \$30,000 = \$ 270,000$$

Ohio taxable income	<u>\$ 630,000</u>
