STATE AND COUNTY LOCAL GOVERNMENT FUNDS: Amounts Distributed to Counties and Eligible Municipalities, and Small Village and Township Distributions, Calendar Year 2020

In calendar year 2020, approximately \$397.4 million was distributed from the state local government fund (LGF): approximately \$376.7 million distributed to each county's undivided local government fund, and approximately \$20.7 million distributed directly to municipalities levying income taxes. The allocation of the total between the municipal and county portions is determined using a statutory formula (Section 5747.50, Ohio Revised Code).

Table LG-1 shows the total revenues distributed to each county undivided local government fund from the LGF. The total on this report shows \$376.7 was distributed.

Table LG-2 shows the amount distributed to each municipality in 2020. Of the approximately \$20.7 million total, approximately \$17.9 million was distributed to cities and the remainder to villages.

Lastly, table LG-4 shows amounts distributed to qualifying small villages and townships in 2020. Distributions were made totaling approximately \$12.0 million; it was broken down with approximately \$10.0 million to all townships and the remaining approximately \$2.0 million to small villages.

For a detailed report on the LGF, view [this link](#).

For additional information on recent changes to the LGF, view [this link](#).

Figures shown in this publication are from records of the Revenue Accounting Division of the Ohio Department of Taxation.
