

The following table outlines how transfer credits will be applied to the Bachelor of Science in Geology degree at University of Cincinnati for students who completed an Associate of Science degree via the Ohio Guaranteed Geology Transfer Pathway. The OGTP designation guarantees the transfer and applicability of credits, but does not guarantee admission to a program. Some bachelor-degree granting programs may be competitive, and students should check with individual institutions for their program admission requirements.

Advising Notes: (*) Indicates that coursework will be evaluated for applicable equivalency upon transfer at the university. If a Transfer Assurance Guide (TAG) course is taken, the approved course equivalency will be awarded. <sup>1</sup> Students at University of Cincinnati must take two courses with laboratories of either biology or physics or the first two courses with laboratories in a sequence of biology or physics. <sup>2</sup> Physical and Historical Geology with labs (OSC025 & OSC026) fulfill the GEOL 1001C, GEOL 1002C, and GEOL 1003L requirements at the University of Cincinnati. <sup>3</sup> University of Cincinnati recommends students take two semesters of foreign language during the associate degree program. A course which satisfies University of Cincinnati's Historical Perspectives Breadth of Knowledge requirement is highly recommended.		

### SPECIAL NOTES

Students with plans of pursuing a pre-professional or graduate studies track in the future should work closely with their academic advisor and receiving institution starting in the first year of their program in order to adequately prepare themselves for those types of tracks. Some pre-professional degrees include pre-medicine, pre-veterinary, pre-law, and pre-dentistry.

The following additional coursework will be required to complete the Bachelor of Science in Geology degree at University of Cincinnati after a student has completed their Associate of Science Ohio Guaranteed Geology Transfer Pathway degree. Some bachelor-degree granting programs may be competitive and admission into the program is not guaranteed. Students should check with individual institutions for their program admission requirements.
