Ohio Revised Code (ORC) 921.03 – Experimental Use Permits

Provided the state is authorized by the administrator of the United States environmental protection agency to issue experimental use permits, the director of agriculture may:

- (A) Issue an experimental use permit to any applicant if he determines that such a permit is necessary in order to accumulate information necessary to register a pesticide;
- (B) Refuse to issue an experimental permit if he determines that the pesticide applications, to be made under the proposed terms and conditions, may cause unreasonable adverse effects on the environment;
- (C) Prescribe terms, conditions, and period of time for the experimental use permit which shall be under the supervision of the director;
- (D) Revoke any experimental use permit, at any time, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

Ohio Revised Code 921.01 – Pesticide Definitions

(S) "Distribute" means to offer or hold for sale, sell, barter, ship, deliver for shipment, or receive and, having so received, to deliver or offer to deliver, pesticides in this state. "Distribute" does not mean to hold for use, apply, or use pesticides or dilutions of pesticides, except when a pesticide dealer holds for use, applies, or uses pesticides or dilutions of pesticides in the course of business with a commercial applicator who is employed by that pesticide dealer.
