

OHIO OVERDOSE AWARENESS DAY

AUGUST 31

OVERDOSES IMPACT US ALL.

In 2022

more Ohioans died from overdoses than car crashes.

4,915

Ohioans died of unintentional drug overdoses.

81%

of overdoses involved fentanyl.

August 31 is Overdose Awareness Day.

It's a day to remember loved ones we've lost, and to take action to prevent future overdoses.

Carry the overdose reversal medication naloxone with you, and you could save a life. Learn more and get free naloxone at Naloxone.Ohio.Gov.

For more information on naloxone and how to get your own, visit: Naloxone.Ohio.Gov

If you think you or someone you know is in immediate danger, always call 911. In crisis? Call or text **988** or chat online at 988Lifeline.org to speak with a trained specialist 24/7.
