*Disclaimer- Educational Providers listed are approved by the Ohio Chemical Dependency Professionals (OCDP) Board as continuing education providers that offer the CDCA 40- and 30-hour packages. This is not a complete list of CDCA education training packages nor is it a requirement to take your education from this list. It is intended for a reference of approved packages and is subject to change. You can use a variety of continuing education units (CEU's) and college courses to meet the requirements if they cover the required education content areas on the appropriate CDCA Grids.

To find a list of approved colleges that provide CDCA PRE and/or CDCA education courses please see <https://ocdp.ohio.gov/get-certified-licensed/preapproved-colleges/preapproved-colleges>

Please make sure to always continue to check the [Ohio Chemical Dependency Professionals Board | Ohio.gov](#) website for updated information.
