

Gold Rating Requirement Summary

Step Up To Quality (SUTQ) is a three tiered quality rating and improvement system that recognizes and promotes early learning and development programs that exceed minimum health and safety licensing regulations.

This summary can help you determine whether your program meets the requirements for a gold rating.

As you are working through this document, here are some resources available to assist in becoming a rated program.

- [Step Up To Quality \(SUTQ\) | Department of Children and Youth \(ohio.gov\)](#)
- Your local Child Care Resource and Referral Agency at [CCR&R Membership - OCCRRRA](#)
- [State Support Teams](#)

The above resources are available at no cost to provide the training and assistance you may need to participate in SUTQ.

Any licensed early care and education program wishing to provide publicly funded child care must be a rated program or meet an exemption [PFCC SUTQ Exemption Scenarios.pdf \(ohio.gov\)](#). Any Early Childhood Education (ECE) programs wishing to be an ECE grant recipient must be SUTQ Silver or Gold rated to participate. All Preschool Special Education programs funded by the Ohio Department of Children and Youth (DCY) are required to achieve a SUTQ Silver or Gold rating to maintain State funding.

Sample Forms: If a sample form is available for the standard, programs are encouraged, but not required, to use this sample form. <https://childrenandyouth.ohio.gov/for-providers/step-up-to-quality/program-standards-rules-forms>.

Sample Technical Assistance (TA) forms can be used by the program to better understand a standard and/or show implementation of a standard that requires documentation on file for review. This documentation can be something the program has available or a sample TA form.
