ADJUDICATION ORDER

This matter came up for consideration by the Ohio State Dental Board (Board) on May 6, 1999.

By letter sent on or about October 8, 1998, notice was given to Carl E. Jeffreys, DDS, that the Ohio State Dental Board proposed take disciplinary action against his license to practice dentistry in the state of Ohio, and that he was entitled to a hearing if such hearing was requested within thirty (30) days of the mailing of said notice. In accordance with Ohio Revised Code Section 119.09, said notice was sent via certified mail, return receipt requested, to the last known address of Carl E. Jeffreys, DDS, 8603 Winton Road (rear), Cincinnati, Ohio 45321.

Carl E. Jeffreys, DDS requested a hearing in this matter and the administrative hearing was held by and before the Ohio State Dental Board on May 6, 1999.

The Ohio State Dental Board considered all the evidence presented by both the State and Dr. Jeffreys, and commented as follows:

Dr. Demkee stated that each one of the Board members have answering recorders, and that in this day and age of electronic communications, patients can be in touch with them at least the next day. He stated that the Board believes it is their responsibility to be available for their patients, and for Dr. Jeffreys to all of a sudden disappear and not give his patients a way of being in touch with him was negligent, and grounds for discipline.

Dear Dr. Jeffreys,

In accordance with Chapter 119. of the Ohio Revised Code ("O.R.C."), you are hereby notified that the Ohio State Dental Board ("Board") proposes under authority of O.R.C. Sections 4715.30 and 4715.03 to suspend, place on probationary status, revoke, refuse to renew, or refuse to reinstate, or censure your license to practice dentistry for the following reasons:

1. On or about October 8, 1998, the Board issued a Notice of Opportunity for Hearing. On May 6, 1999, the Board issued an adjudication order wherein your license was suspended for a period of five (5) weeks, and you were ordered to comply with probation terms and restrictions for a period of two (2) years.
2. On or about October 11, 2022, you performed endodontic therapy on tooth #30, of Patient 1 (as identified in the Patient Key, to remain confidential and not subject to public disclosure). You deviated from the standard of care in the following ways:
 - a. You failed to adequately document the chief complaint, history of the current dental issue (including symptoms, duration of the issue), clinical findings, a diagnosis, treatment plan, prognosis and informed consent regarding the diagnosis, treatment options, and potential risks and benefits of the procedure.

- b. You failed to adequately document the endodontic treatment - the anesthetic used on tooth #30, the number of canals treated, irrigation materials used, files used and working length in each canal, the type of filling material used for canal obturation. Further, you failed to document providing postoperative care instructions for the patient, and there is no documentation stating the necessity for a full coverage restoration on teeth #30 and #18 after the completed endodontic treatment.
 - c. You failed to properly obturate canals on teeth #18 and #30.
3. On or about August 16, 2022, you performed endodontic therapy on teeth #5, 6, and 30, of Patient 2 (as identified in the Patient Key, to remain confidential and not subject to public disclosure). You deviated from the standard of care in the following ways:
 - a. Preoperative radiographs were not of diagnostic quality. They failed to show the full root on #6, and on the post operative view of #5. You documented poor chart notes for teeth #5, 6, and 30 regarding the clinical finding, diagnosis, treatment plan, prognosis, endodontic procedure notes, and follow up restorative treatment necessary for this patient.
 - b. The postoperative radiograph for tooth #30 shows an extended obturation fill beyond the root apex and does not meet the standard of care. The chart notes state that tooth #30 was extracted on August 30, 2022.
4. On or about August 16, 2022, you performed endodontic therapy on tooth #19 of Patient 3 (as identified in the Patient Key, to remain confidential and not subject to public disclosure). You deviated from the standard of care in the following ways:
 - a. You failed to properly chart documentation of the chief complaint, history of the current dental issue (including symptoms, duration of the issue), clinical findings, a diagnosis, treatment plan, prognosis and documentation of informed consent. Further, you failed to properly document the endodontic treatment, and recommendation for a future restoration on tooth #19. This falls below the standard of care for documentation.
5. From April 30, 2021 through on or about August 23, 2022, you recemented the crown on tooth #9, of Patient 4 (as identified in the Patient Key, to remain confidential and not subject to public disclosure). On or about October 11, 2022,

you recemented the crown on teeth #8 and 9. Further, an endodontic therapy was performed on tooth #3 at an unspecified date in the patient record. You deviated from the standard of care in the following ways:

- a. You failed to document the cement used and you failed to verify the post seat occlusion on teeth #8 and #9.
 - b. A review of undated radiographs show tooth #9 missing a crown on the first view, and a short post on the second x-ray. The post is too short to support the crown, the crown was seated with an open margin on the mesial, and the post is not seated in the canal space. This falls below the standard of care.
 - c. An informed consent for endodontic therapy was included in the record of Patient 4, with no date, notation of tooth on which the therapy was to be performed, or signature. You failed to document the endodontic treatment performed, and the recommendation for a future restoration on #3. You failed to properly document the chief complaint, history of the current dental issue- including symptoms, duration of the issue, clinical findings, a diagnosis, treatment plan, and prognosis. This falls below the standard of care.
6. On or about September 13, 2022, you performed endodontic therapy on tooth #14, of Patient 5 (as identified in the Patient Key, to remain confidential and not subject to public disclosure). You deviated from the standard of care in the following ways:
- a. You failed to properly document visits on August 19, 2022 and September 13, 2022. The patient record contained no notation of the chief complaint, history of the current dental issue (including symptoms, duration of the issue), clinical findings, a diagnosis, treatment plan, prognosis and documentation of informed consent. Further, you failed to document the endodontic treatment performed, and the recommendation for a future restoration on tooth #14. This falls below the standard of care

Section 4715.30(A), O.R.C., authorizes the Board to discipline the holder of a license issued under this Chapter for any of the following reason(s): (9) Providing or allowing dental hygienists, expanded function dental auxiliaries, or other practitioners of auxiliary dental occupations working under the certificate or license holder's supervision, or a dentist holding a temporary limited continuing education license under division (C) of section 4715.16 of the Revised Code working under the certificate or license holder's direct supervision, to provide dental care that departs from or fails to conform to accepted standards for the profession, whether or not injury to a patient results. The conduct alleged in paragraphs (2)(a) through (6)(a), inclusive, constitutes violations

of Section 4715.30(A)(9). Ohio Administrative Code 4715-15-22 provides that, in an administrative hearing, the attorney hearing examiner “shall admit evidence of any prior action entered by the Ohio state dental board against the respondent, including formal disciplinary action or warning letters.” Paragraph 1 constitutes disciplinary action against you.

Accordingly, the Board is authorized to impose one or more of the sanctions cited in Section 4715.30 O.R.C.

Pursuant to Chapter 119. of the Ohio Revised Code, you are hereby advised that you are entitled to a hearing in this matter. If you wish to request a hearing, the request must be made in writing and must be received in the offices of the Board within thirty days of the date of service of this notice.

You are further advised that, if you timely request a hearing, you are entitled to appear at such hearing in person, or by your attorney, or you may present your position, arguments or contentions in writing. At the hearing you may present evidence and examine witnesses appearing for or against you.

If you timely request a hearing, you are entitled to receive at least sixty (60) days in advance of the hearing, if so requested, a copy of each item the Board procures or creates in the course of the investigation. Such items may include, but are not limited to, the one or more complaints filed with the Board, correspondence, reports and statements; deposition transcripts; and the patient(s) dental records. The Board may charge a reasonable fee for providing copies. Before providing the copies, the Board shall determine whether the investigative items contain any personal identifying information regarding a complainant. If the Board determines that the investigative items contain such personal identifying information, or any information that would reveal the identity of a complainant, the Board shall redact the information from the copies it provides. The Board shall not provide any information that is subject to the attorney-client privilege or work product doctrine, or that would reveal the investigatory processes or methods of investigation used by the Board. The Board shall not provide any information that would constitute a confidential law enforcement investigatory record.

If you do not request a hearing within thirty (30) days of the date of service of this Notice, the Board may, in your absence and upon consideration of the foregoing charges, determine whether or not to limit, suspend, place on probationary status, revoke, refuse to renew, or refuse to reinstate, or censure your license to practice dentistry.

D. The OHIO STATE DENTAL BOARD enters into this CONSENT AGREEMENT in lieu of formal proceedings based upon any alleged violations of Section 4715.30(A)(9). The BOARD expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4715, ORC, whether occurring before or after the effective date of this CONSENT AGREEMENT.

AGREED CONDITIONS

WHEREFORE, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any further formal proceedings at this time, DR. JEFFREYS knowingly and voluntarily agrees with the BOARD, to the following terms, conditions and limitations:

SUSPENSION

DR. JEFFREYS' license to practice dentistry is suspended for a period of two (2) weeks from the effective date of this CONSENT AGREEMENT. It is expressly understood that during this period of suspension the following conditions shall apply:

2. DR. JEFFREYS shall not derive income from either a legal or beneficial interest in a dental practice, except income for treatment provided prior to the beginning of the suspension;
3. DR. JEFFREYS may not employ any licensed operators, e.g., dentists, dental hygienists, expanded function dental auxiliaries, radiographers, or dental assistants. Independent contractors are deemed to be employees for purposes of this CONSENT AGREEMENT; and,
4. A receptionist may answer the telephones saying, "Dr. JEFFREYS' office" or the name of the practice for the sole purpose of answering questions, scheduling/rescheduling appointments, or making referrals.

The clinical training must be taken through a BOARD approved provider and must be approved in advance by the PANEL. Proof of successful completion of courses required in this paragraph shall be submitted to the PANEL within one hundred eighty (180) days from the date this CONSENT AGREEMENT is ratified by the BOARD. The continuing education hours shall not count towards the continuing education requirements set forth in section 4715.141, ORC. After successfully completing the education outlined above, DR. 9. DR. JEFFREYS shall obey all federal, state, and local laws, and all rules governing the practice of dentistry in Ohio.
10. DR. JEFFREYS shall be responsible for the expenses associated with the above probation requirements.
11. In the event DR. JEFFREYS is found by the PANEL to have failed to comply with any provision of this CONSENT AGREEMENT, and is so notified of that deficiency in writing, such periods of noncompliance will not apply to the reduction of the probationary period under this CONSENT AGREEMENT.
12. In the event that DR. JEFFREYS should leave Ohio for three (3) continuous months, or reside or practice outside the state, DR. JEFFREYS **may not**: 1) employ a licensed operator, e.g., dentists, and dental hygienists, and dental x-ray machine operators to perform dentistry or dental hygiene duties or otherwise treat patients during the period of suspension, nor may any corporation, business, partnership or business entity owned in part or whole by DR. JEFFREYS employ or enter into a legal contract with a licensed operator to perform dental or dental hygiene duties during the period of this suspension; or 2) derive income from a legal or beneficial interest in a dental practice.
15. DR. JEFFREYS shall appear in person for quarterly interviews before the BOARD or its designated representative, or as otherwise directed by the BOARD.
16. Upon successful completion of his probationary terms, DR. JEFFREYS must appear before the BOARD or its designee at a regularly scheduled BOARD meeting before the BOARD will fully restore DR. JEFFREYS' license to practice dentistry.

DURATION/MODIFICATION OF TERMS

The terms and restrictions of this Consent Agreement may be modified or terminated, in writing, at any time upon the agreement of both DR. JEFFREYS and the BOARD.

The BOARD may only alter the probationary period imposed by this Consent Agreement if: (1) the Board determines that DR. JEFFREYS has complied with all aspects of this Consent Agreement; and (2) the BOARD determines that DR. JEFFREYS is able to practice dentistry according to accepted standards of the profession without BOARD monitoring, based upon an interview with DR. JEFFREYS by the BOARD or its designee.
