## Committee Reports

### Education

#### Board-approved Courses

Dr. Williams began his report by stating that the Education Committee meeting began promptly at 10:30 with both members, Dr. Wauligman and Ms. Scaramucci, present. He stated that Current Business consisted of a lengthy discussion on "Other courses as approved." Upon conclusion of the discussion, it was decided to let the Education Chairman designate a committee and/or board member to review courses required to be "board-approved" by statute. Once approved by the designated member, ratification of board approval would follow at the next regularly scheduled meeting. Courses required to be "board-approved" by rule will be accepted by sponsors who meet permanent sponsorship definition and not required to be reviewed.

#### Definitions of Education

Dr. Williams informed the Board members that the Committee held a discussion on the definitions of education. He indicated that "continuing" and "remedial" education were already spelled out in paragraph (F)(6) of Ohio Administrative Code rule 4715-3-01 and therefore no further discussion was needed.

### New Business

Dr. Williams said that under "New Business," the Committee had a discussion on educational objectives on permissible duties of the dental auxiliary. He stated that the permissible duties were currently being reviewed by the Research Committee and any duties requiring specific educational objectives will be worked on in conjunction with the Research Committee findings. The question on differences of EFDA education in surrounding states was discussed and it was felt we are comfortable with the Ohio duties. The Committee felt it would be beneficial if information on out-of-state applicants could be made available from Licensing.

### Board-approved Permit Renewal Course

Dr. Williams informed the members that prior to the meeting they had been asked to consider waiving the 6-hour board-approved anesthesia and sedation permit renewal course requirement for the current biennial renewal. He stated that it was originally projected that there would be several board-approved course options available once the new anesthesia and sedation rules became effective. It was brought to the attention of the Education Committee that only three (3) permit renewal courses have been approved for the current biennium, two (2) of which had been cancelled for lack of registrants. Based on this information and the number of permit holders' inquiries received by the Executive office into board-approved courses, the Committee recommends waiving the permit renewal course requirement for this biennium only. Dr. Williams stated that the meeting adjourned at 11.25 am.

***25-09-12 Motion by Dr. Carr, second by Ms. Scaramucci, to approve the Education Committee report as presented.***

***25-09-13 Motion by Dr. Wauligman, second by Dr. Kelley, to waive the Board-approved 6-hour continuing education requirement for anesthesia and sedation permit holders for the biennial renewal cycle ending December 31, 2025, pursuant to Ohio Revised Code Section 4715.141.***

Motion carried.

### Law & Rules Review

#### Draft Rules on Lasers

President Bean began her report by stating that the Law and Rules Review Committee began at 11:20 am with Dr. Kelley, Dr. Williams, Mr. Richmond representing the Ohio Dental Association, and Ms. Woolard representing the Ohio Dental Hygienists' Association (ODHA) were in attendance. She said that under Current Business the Committee had received an update on the status of the new and amended rules on the use of lasers by dental hygienists. The rules will be required to go through the public comment period and filing with the Office of Common Sense Initiative (CSI) and followed by the Joint Committee on Agency Rule Review (JCARR) processes which will include two (2) public hearings before they could go into effect.

#### Ohio Revised Code Clean-up

President Bean said the Committee talked about ORC 4715.18(A) and the concern seems to be that under current language other non-dental entities may own a practice. In order to prevent a misunderstanding, it has been suggested that only licensed dentists be authorized to own dental practices with a few exceptions. Mr. Richmond expressed concern with "opening up" this section of the statute. Interim Executive Director Santiago countered that every legislative session, "opens up," every chapter of the Revised Code. Ms. Bockbrader offered to provide information from the Attorney General's office which should allow the Committee to move forward with this discussion at a future meeting.

Continuing on, President Bean stated that the Committee furthered their discussions on Teledentistry, specifically the draft rules on silver diamine fluoride (SDF) and interim therapeutic restorations (ITR) courses. She stated that Ms. Woolard had recently met with the Legislative Committee of the ODHA who had reviewed the draft revisions

and provided suggestions and feedback, specifically regarding “hands-on training” in lieu of “clinical” instruction, with the accepted definition to include live-patient and/or manikin. The question of “externship” was discussed because expanded function dental auxiliary typically serve externships while dental hygiene students do not. The Committee decided to leave the language as it is currently.

#### Ohio Administrative Code Clean-up

President Bean stated that the final item under Current Business regarded clean-up of OAC 4715-9-03 on licensure of dental hygienists. She stated that draft revisions included the addition of ADEX and Council of Interstate Testing Agencies, Inc. as accepted regional board examinations for licensure. The draft revisions also included eliminating paragraphs (C)(1) through (C)(4) because they were already included in statute and thereby redundant. OAC 4715-9-04 on dental hygiene teaching licenses was recommended to be rescinded since it has been eliminated in the statute. The meeting was adjourned at 12:12 pm.

President Bean indicated that she had asked Mr. Schaal to provide the Legislative Update and DDH-CSG Update to the full Board due to limitations on time for the Committee. She then asked Mr. Schaal to provide the updates.

#### Legislative Update

Mr. Schaal stated that since the July 30th Board meeting, the General Assembly had been mostly on summer recess. Some committees in the House started to meet, but the two (2) Chambers have not had regular session days yet. On August 27th, the Governor’s appointments of the Board’s three (3) new members were entered into the Senate’s Journal.

Mr. Schaal indicated that the one bill we have been monitoring is House Bill 257 which will limit the rate of interest on medical debt and prohibits garnishment and the reporting of medical debt to a consumer reporting agency. He stated the ban on reporting to a consumer reporting agency applies to health care providers specifically including dentists and dental hygienists. The bill is having a fourth hearing that day in the House Health Committee. The bill is bipartisan and sponsored by the Chair of the Committee, Rep. Jean Schmidt, and Rep. Michele Grim, a member of the Committee. Mr. Schaal indicated that the bill is up for consideration of possible amendments in that hearing.

#### DDH-CSG Compact Update

Mr. Schaal informed the Board members that the number of states in the Dentist and Dental Hygienist Compact still stands at twelve (12). Arkansas and Nebraska were the last states to join earlier this year.

Mr. Schaal stated that a basic rule on Clinical Assessments is moving forward. The Commission’s Executive Committee will move the rule’s publication forward at its next meeting on October 6th and a hearing will be held in conjunction with the Commission’s next full meeting on November 10th. A rule on Criminal Background Checks is still to be drafted.

President Bean thanked Mr. Schaal for the updates and then called for a motion to approve the report.

**25-09-14 Motion by Dr. Graves, second by Dr. Carr, to approve the Law and Rules Review Committee report as presented.**

Voice vote.

Motion carried.

President Bean indicated that they would be invited back into the meeting once the executive session concluded.

## Open Session

The Board resumed the open session at approximately 2:09 p.m.

Interim Executive Director Santiago stated that he had received word from Dr. Mark Armstrong that he would be arriving just before 3:00 and suggested that the Board continue with the agenda items and possibly take a brief recess until Dr. Armstrong arrived.

President Bean thanked Interim Executive Director Santiago for the information and suggestion. She then questioned whether there was a motion that any of the Board members wished to make as a result of the discussions held in executive session.

## Executive Updates

### President's Update

#### Ohio Dental Association Annual Session

President Bean stated that she wished to remind to all the members of their invitation to attend the Ohio Dental Association (ODA) House of Delegates session the next day during the ODA Annual Session.

#### 2025 Board Meeting Calendar

Dr. Kelley inquired as to whether the Board would be finalizing the Board meeting dates for 2026. President Bean stated that the agenda item was under Anything for the Good of the Board, however, they could amend the agenda to address the 2026 Board meeting schedule of dates for next year. President Bean provided the suggested dates which were discussed and once decided, she requested all the members to make note of the Board meetings on their calendars as follows:

January 28, 2026  
March 4, 2026  
April 22, 2026  
June 10, 2026

July 22, 2026  
September 16, 2026  
October 28, 2026  
December 9, 2026

### Executive Director's Update

Executive Director Santiago stated that he was surprised and humbled by the Board's appointment. He thanked the Board for trusting him in this important position for the people of Ohio, and for the licensees of the Board.

He stated that he will continue to work hard for the people of Ohio, and he wanted to let the Board know what a pleasure it was to work for them.

### Riffe Tower Building Updates

Executive Director Santiago informed the Board members that the Riffe Tower building was having the carpet replaced on every floor. The update to offices were originally scheduled for April. Two (2) weeks ago we were informed that the carpet would be replaced in our office beginning on October 6th. He stated that the replacement will take place overnight over a period of several nights and we are hoping to minimize the disruption to regular staff function as much as possible during this time.

### Website Updates to Comply with Americans with Disabilities Act

Executive Director Santiago stated that the Board's Licensing Coordinator Samantha Slater has been diligently working to update our website so that it complies with the Americans with Disabilities Act (ADA). The Federal Government has given states a deadline of April 2026 for all website content to be accessible to the visually and hearing impaired. However, we do not have an IT staff, and very little guidance has been given to us as to how to make these changes. Executive Director Santiago stated that our sister Boards are faced with this same challenge. Fortunately, Ms. Slater took the project on in July, and she has done a marvelous job of being proactive so that by April our Board's website will be ADA compliant. He stated that the content may not look attractive, because documents in Portable Document Format (PDF) are not the preferred format, so all PDF documents will also have to be HTML readable.

### Certified Fraud Examiner Course

Executive Director Santiago stated that during the first week of October, he would be taking a course and corresponding examinations to become a Certified Fraud Examiner. From October 6th through the 10th, he would be checking his emails but may not always be available to respond quickly. He stated that during that time, if there is any emergency, please reach out to Deputy Director Schaal.

### Dental Testing and Regulatory Summit

Executive Director Santiago stated that during the second week in October, he would be attending the Dental Testing and Regulatory Summit in Texas along with Deputy Director Schaal. During that time, he would also be checking and responding to emails. In their absence, if there are any emergencies, please reach out to Ms. Slater. Executive Director Santiago commented that he looked forward to seeing some of our Board members at the conference.

### Advisory Committee Meeting – October 3, 2025

Executive Director Santiago stated that the Advisory Committee Meeting to review and revise the Ohio Revised Code is scheduled for October 3rd.

### Anesthesia Consultant Gregory Ness, D.D.S. Retiring

Lastly, Executive Director Santiago informed the members that the Board's Anesthesia Consultant Dr. Gregory Ness would be retiring at the end of the year. Board members questioned what the position entailed, and clarification was provided. Executive Director Santiago stated that if any of the members knew of a potential candidate, they should contact him at the Board office.

President Bean thanked Executive Director Santiago for his update and moved on to Anything for the Good of the Board.

## Anything for the Good of the Board

President Bean stated that the 2026 Board meeting schedule was the only item on the original agenda but it had already been addressed. She stated that Ms. Scaramucci had indicated just prior to the meeting that she had an item for the agenda.

### Ohio Department of Health Oral Health Screening for 3<sup>rd</sup> Graders

Ms. Scaramucci informed the members that every five (5) years the Ohio Department of Health (ODH) conducts oral health screening of third graders, and that she participated in the most recent screenings. The results of those screenings have been published and available on the ODH website. Ms. Scaramucci briefly went over the results with the members as follows:

- 51% of students have a history of decay
- 19% of students have untreated decay
- 42% of students have sealants
- 20% of students have had no dental visits within the past year
- 19% of students needed urgent care

Ms. Scaramucci stated that ODH performs these screenings every 5 years with the 3rd grade class and schools are invited to participate but not all of them do. She stated that she was responsible for the schools in Montgomery, Hamilton, Clermont, and Butler counties but only went to approximately twenty (20) schools. She commented that this is a good way to assess the information although most of the results vary only minimally from the past five (5) years.

Dr. Wauligman informed the members that caries in children were reduced by 85% from the first year to the second in schools in the Cincinnati area that have dental programs within the schools themselves. However, the schools have difficulty finding dental hygienists to work within the program and the schools currently have two (2) openings.

President Bean thanked Ms. Scaramucci and Dr. Wauligman for the information provided and then called for a recess until 3:00 pm.

## Board Business (Continued)

### Presentations

#### Presentation by Mark Armstrong, D.D.S., Chair, American Board of Dental Examiners (ADEX)

President Bean welcomed former Board member and former President Dr. Mark Armstrong, who is currently Chair of the American Board of Dental Examiners (ADEX) and is before them to share updates to ADEX.

Dr. Armstrong thanked President Bean and stated that on September 1<sup>st</sup>, the CDCA-WREB-CITA and the American Board of Dental Examiners (ADEX) officially merged as a single organization under the unified name American Board of Dental Examiners. The merger reflects a shared commitment to establishing national dental licensure standards while further linking and optimizing exam development and exam administration. He then provided a detailed PowerPoint presentation on the merger of the two (2) organizations highlighting examination portability, nationally consistent standards, greater board involvement across jurisdictions, greater protection of the public through more standardized examinations and continued updates as dentistry evolves.

Dr. Armstrong also provided detailed data on the schools and number of dental and dental hygiene candidates examined during 2024 and 2025. He then explained the benefits of the CompeDont Tooth and SimProDH Patient for examination simulation of tooth structure and patients. Dr. Armstrong fielded questions from the Board members on the differences in the ADEX examination and other examinations. He stressed to the members that ADEX actively seeks information regarding new board members to inform, educate, and involve those interested in participating in the licensure exam process. He then encouraged the Board members to contact ADEX directly to learn more.

President Bean thanked Dr. Armstrong for his continued involvement and for the detailed presentation.

## Adjourn

President Bean then asked if there were any additional items the Board members wished to discuss. Hearing none, President Bean thanked the members for their attendance and reminded them that the next meeting is scheduled for Wednesday, November 5, 2025. She then adjourned the meeting at 3:40 p.m.
