Multi-County Metropolitan Areas: Manufacturing as a Percentage of Total UI-covered Jobs, 2024 (Graph)	12
Private Manufacturing Jobs as a Percentage of Total UI-covered Jobs, 2024 (Map)	13
Private Manufacturing as a Percentage of Total UI-covered Jobs, 2018-2024 (Table 3)	14
UI-covered Jobs by Sector, 2024 (Table 4)	16
Percentage Distribution of UI-covered Jobs by Sector, 2024 (Table 5)	27

JOBS BY COUNTY OF WORK

Contents

- Table 1 – the total number of jobs covered by the Unemployment Insurance (UI) system for the state and counties for 2018-2024.
- Table 2 – the number of UI-covered private sector manufacturing jobs for 2018-2024.
- Table 3 – manufacturing jobs as a percent of total covered jobs.
- Table 4 – jobs by division, super sector and sector in 2024.
- Table 5 – the percentage distributions of jobs by division, super sector and sector in 2024.

Estimates are made for full- and part-time jobs where the jobs are located, not where the jobholders reside. People holding more than one job are counted in each job.

Source

Estimates are prepared and released through the U.S. Bureau of Labor Statistics' (BLS) Quarterly Census of Employment and Wages (QCEW) program. Start at the Bureau's website: <https://www.bls.gov/>. Previous editions of this report used data from the U.S. Bureau of Economic Analysis (BEA). Unfortunately, the BEA's funding for the project was terminated by November 2024. While the BEA started with BLS figures, it supplemented them with data from other sources because some jobs (comprised almost entirely of proprietors) are not covered by the UI system. Consequently, the 2018-2022 BLS figures herein are around 74 percent of the total jobs seen in previous editions, a percentage that varies by sector and county. Two more limitations of BLS data are small percentages of jobs cannot be specified to counties and sectors.

Frequency

Quarterly, new annual estimates become available about six months after the end of the calendar year.

Time Period Covered

2018-2024. The on-line database starts with 2001.

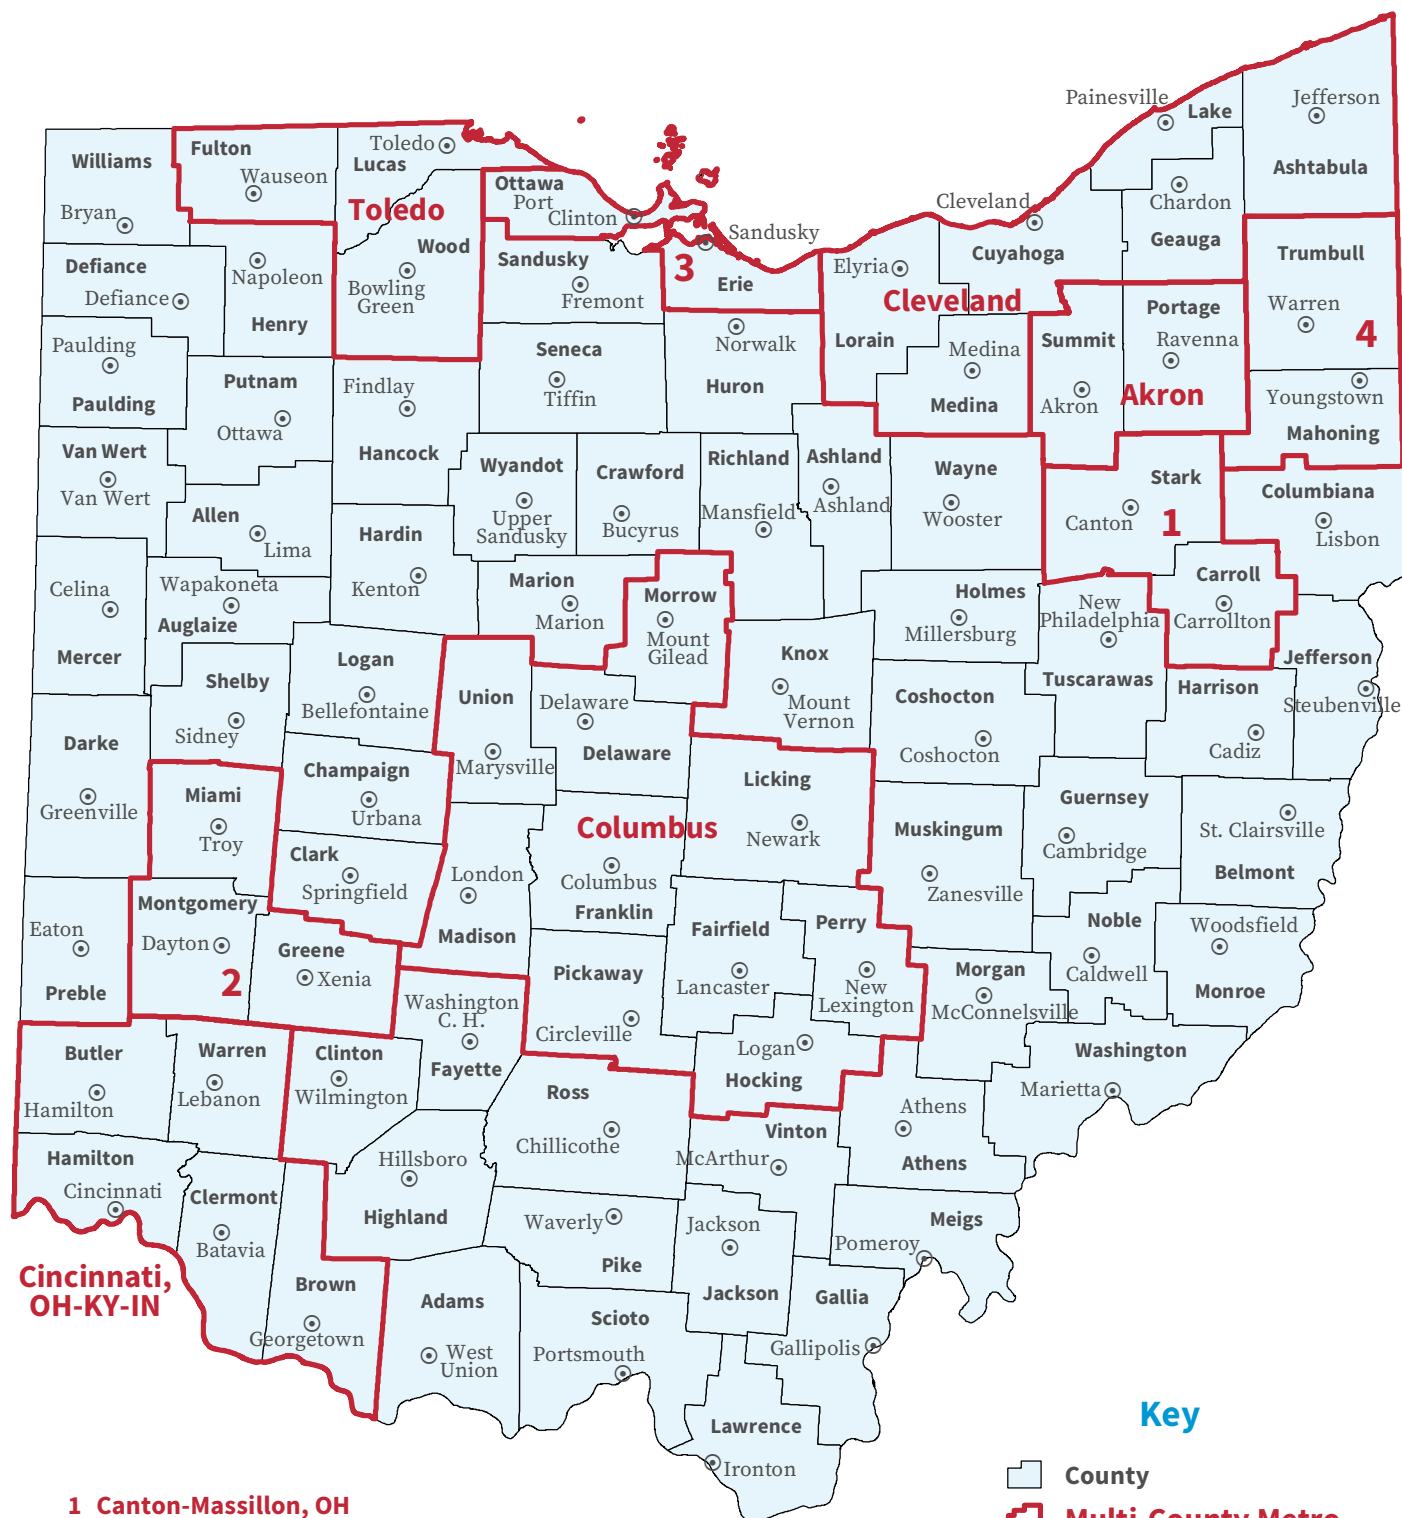

Geographic Area

Data are available for states, counties and industries, although some figures are not published because they do not meet BLS or state standards.

Related Reports

None. Contact the Office of Research at 614/466-2116 for any additional questions.

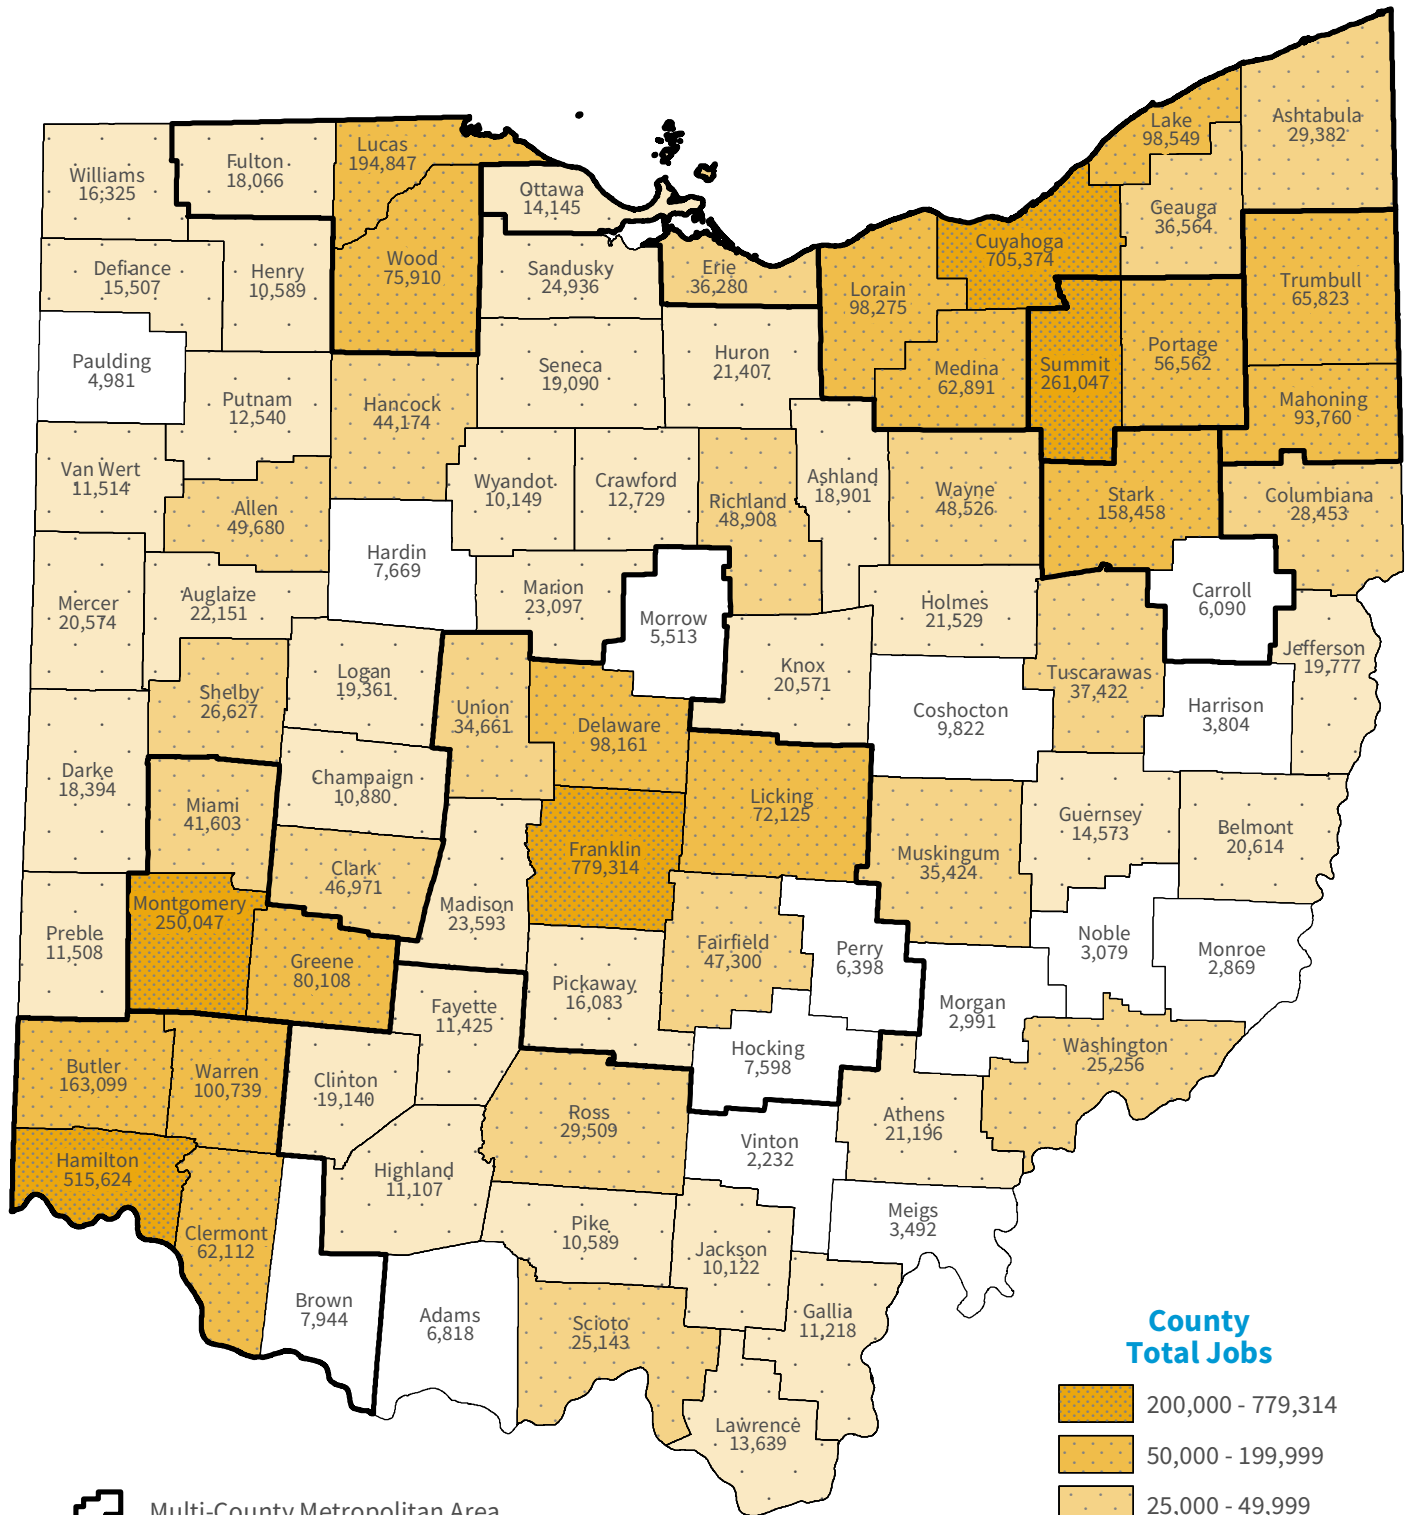

Ohio Counties, County Seats and Multi-County Metropolitan Areas*

*Only those portions of the 9 Metropolitan Statistical Areas (Metros) that contain 2 or more counties in Ohio are shown.

Total UI-Covered Jobs, 2024

State Jobs: 5,519,944*
