## Establishment Survey Data

Ohio's nonagricultural wage and salary employment increased 3,100 over the month, from 5,702,200 in October to 5,705,300 in November, according to the latest business establishment survey conducted by the U.S. Department of Labor (Bureau of Labor Statistics) in cooperation with the Ohio Department of Job and Family Services (ODJFS).

Employment in goods-producing industries, at 967,900, increased 4,600 over the month in manufacturing (+2,900), construction (+1,600), and mining and logging (+100). The private service-providing sector, at 3,953,600, increased 100 as gains in private educational and health services (+3,300); professional and business services (+2,600); and other services (+800) surpassed losses in trade, transportation, and utilities (-3,300); leisure and hospitality (-2,000); financial activities (-700); and information (-600). Government employment, at 783,800, decreased 1,600 in local (-1,000); federal (-400); and state (-200) government.

From November 2024 to November 2025, nonagricultural wage and salary employment increased 51,200. Employment in goods-producing industries increased 21,700, led by construction, which added 12,600 jobs. Manufacturing added 9,000 jobs, in durable goods (+7,300) and nondurable goods (+1,700). Mining and logging gained 100 jobs over the year. Employment in the private service-providing sector increased 33,300 as gains in private educational and health services (+17,100); trade, transportation, and utilities (+12,300); professional and business services (+9,700); other services (+3,200); and information (+1,100) surpassed losses in leisure and hospitality (-9,100) and financial activities (-1,000). Government employment decreased 3,800 over the year, as losses in federal (-6,000) and state (-700) government outweighed gains in local government (+2,900).

**EDITOR'S NOTE:** All data cited are produced in cooperation with the U.S. Department of Labor. Data sources include the Current Population Survey (U.S. data), Current Employment Statistics Program (nonagricultural wage and salary employment data), and Local Area Unemployment Statistics Program (Ohio unemployment rates). More complete listings of the data appear in the monthly Ohio Labor Market Review. Unemployment rates for all Ohio counties, as well as cities with populations of 25,000 or more, are presented in the monthly ODJFS Civilian Labor Force Estimates publication. Updated statewide historical data can be obtained through the OhioLMI app, which is available for free on mobile devices
