9. Approval of Continuing Education/Requests for Waivers

Title: Ethical Guidelines for Contact Lens Dispensing: When to Refer

Jane S. Buckland, FNAO, FCLSA (H), NCLE (AC)

Course Description:

This 2 hour course provides information necessary to prevent, and/or observe possible Lens related complications which could result from dispensing pre-packaged Soft Contact Lenses. A brief history of soft contact lenses as well as a review of basic ocular anatomy and physiology will be addressed. An explanation of basic soft, toric, multifocal and scleral lens design, modalities, fitting, follow up and possible complications will be presented. Approved lens care and possible contraindications will be covered as well. Outlining the duties and responsibilities of the Contact Lens Dispenser will be discussed.

Objectives:

Following completion of the two (2) hour Course, the Optician will be able to:

1. Identify a contact lens prescription from a spectacle prescription; how they differ and what the numbers mean
2. Understand Basic anatomy and physiology of the eye; including ocular function
3. Differentiate lens types, materials and modalities
4. Provide patient education regarding care and use of prepackaged soft contact lenses
5. Identifying symptoms of potential problems/complaints
6. Identify circumstances that may require referral to a contact lens licensed optician or to ECP including but not limited to understanding "Duty to Warn" regarding legal responsibilities

Length: 2 hours

Level: Basic

Course Outline

Contact lenses are Class II Medical devices which the FDA requires be dispensed by qualified health care providers. The FDA recognized the need to re-classify CL's in the mid 1960's in an effort to *protect the consumer*...

It is the requirement of the ECP and/or dispenser to possess enough knowledge to be able to collect, identify and classify information to ensure *protection of the consumer*

- I. Spectacle prescription or contact lens prescription (10 min)
 - A. Identify a contact lens prescription from a spectacle prescription
 - B. How is a contact lens prescription different than a spectacle prescription: what do the numbers/letters mean?

- II. Basic Ocular Function (10 min)
 - A. Cornea
 - B. Lids and Lashes
 - C. Tears

- III. Lens Types (15 min)
 - A. Conventional Soft Lenses
 - 1. Spherical
 - 2. Toric
 - a. designs
 - d. modalities
 - 3. Multifocal
 - a. Translating
 - b. Concentric
 - c. Diffractive
 - 4. Multifocal-toric
 - 5. Aspheric

- IV. Lens Materials (5 min)
 - A. Hydrogel
 - 1. High water
 - 2. Low water
 - 3. Ionic
 - 4. Non-ionic
 - 5. Silicone
 - 6. SY-HY
 - B. Surface characteristics
 - 1. Transmissibility
 - 2. Permeability

- V. Lens Modalities (5 min)
 - A. Extended wear
 - B. Daily wear
 - C. Frequent wear

- D. Overnight wear
 - E. Daily wear disposable
- VI. Identifying Symptoms of possible consumer problems/complaints (20 min)
- A. Contact lens related?
 1. Pain
 2. Damaged lens
 3. Contaminated lens
 4. Incorrect modality
 5. Inaccurate Rx
 - B. Lens care/ instruction related
 1. Improper/incomplete lens care instruction
 2. Improper/incomplete use of lens care products
 3. Use of non-approved lens care products
 4. Multi-purpose solutions (mix and match)
 5. Re-branded solutions
- VII. Personal Care Products and Contact Lenses (10 min)
- A. Cosmetics (especially eye)
 1. Makeup remover
 2. Application
 3. Soaps and detergents
 4. Lotions and creams
- VIII. Application and removal of soft contact lenses (10 min)
- A. Is knowledge of Instruction provided following manufactures guideline/recommendations?
 - B. Is knowledge of Instruction provided from a recognized ECP/dispenser?
- IX. Possible Complications (15 min)
- A. Lenses don't fit!
 - B. Lenses are uncomfortable
 - C. Patient NEVER received lens care instruction
 - D. DUTY TO WARN
 1. When not to refill
 2. When to refer to Contact Lens Licensed Professional, or Doctor
- X. Legal repercussions (10 min)

One could argue; "what would the difference be if a patient had a valid CL RX and filled it through the internet?" The MAJOR difference is the company filling these Rx's is responsible for the outcome. Who will be responsible for the persons dispensing these lenses when they are not licensed or trained providers? *One could turn the table on this and say there is NO consumer protection, who would the consumer take legal action against if they did have problems?*

**APPLICATION
FOR
CONTINUING EDUCATION APPROVAL**

Two (2) complete copies of the application must be submitted 60 days prior to the seminar. Incomplete applications will be returned.

THIS FORM MAY BE DUPLICATED FOR MULTIPLE COURSES. EACH FORM MUST INCLUDE THE TIME FRAME AND THE CREDIT HOURS REQUESTED.

Ethical Guidelines for Contact Lens Dispensing II: When to Refer (Online version)

Jane S. Buckland, FNAO, FCLSA (H), NCLE (AC)

Course Description:

This course provides information and knowledge necessary to the dispensing Optician to prevent, and/or observe possible contact lens related complications which could result from dispensing pre-packaged Soft Contact Lenses. Approved lens care and possible contraindications will also be covered. If the present job description does NOT include prescribing/fitting, or dispensing of a prepackaged contact lens supply, this course information will aid in providing better service to patients, as well as the consumer that reaches out for guidance and information.

Objectives:

1. Identify optician's role in dispensing soft contact lenses
2. Formulate a contact lens prescription from a spectacle prescription; how they differ and what the numbers mean
3. Discuss problems pertaining to young adult wearers
4. Provide patient education regarding lens care and use of prepackaged soft contact lenses
5. Differentiate symptoms of potential lens related problems/complaints
6. Review circumstances relative to lens wear abuse/misuse

Length: 2 hours

Level: II ABO/NCLE

Category: Optician, Contact Lens personnel, Para Optometric, Ophthalmic Tech/Asst.

OUTLINE:

- I. Class II Medical devices (5 min)
 - A. Medical devices classified as type II must follow general policy and special labeling,
 - B. Most medical devices fall into the Class II medical devices

- II. Spectacle prescription vs. contact lens prescription (10 min)
 - A. How is a Contact Lens Rx different?
 1. Must be in minus cylinder
 2. Components
 - a. Myopia (-) or hyperopia (+)
 - b. Astigmatism (if present) MUST INCLUDE AXIS (X)
 - c. Near ADD power (if presbyopic or designated for vision therapy)
 3. Power must be vertex compensated if over + or - 4.00D

 - B. Contact lens specifics
 1. Lens Types
 - a. Spherical
 - b. Toric
 - c. Multifocal

 - C. Base Curve:

1. This number relates to the radius of curvature of the posterior (back surface) of any given contact lens
2. corneal curvature and dioptric power often referred to as K-readings (Keratometer.)
 - a. this terminology stated designates the curve as flat, median or steep

D. Diameter

1. Lens diameter relates to the “overall” diameter from edge to edge (periphery.)
2. This number will always be labeled as millimeters (mm.)

E. Color

1. The color designation is a part of the Rx. The dispenser must be certain that the color is included in the Rx.
2. If no color choice is listed, contact the prescriber

III. How Lens Care Effects the Eye Care Professional (15 min)

A. Compliance

1. The CL dispenser is not directly responsible for lens care and maintenance instruction
2. However, it is their responsibility to verify the patient has been given proper instruction by their ECP

B. “No Harm Events”

1. Prescription written incorrectly
2. Patient not given appropriate or incomplete wearing schedule
3. Patient ignoring potential over wear signs and symptoms

C. Beware of dispensing a lens to the wrong person or excessive ordering

IV. Young Adult Wearers “Y.A.W.” (5 min)

- A. The younger patient has the potential to be less compliant. possibility of a potential “falsified” Rx.
- B. YAWs have been known to “sell” their prescriptions to friends and others.

V. Swimming or showering in Contact Lenses (5 min)

- A. According to the latest CDC files the vast majority of contact lenses wearers have no concept of the dangers behind showering and/or swimming in soft contact lenses.
- B. Keep contact lenses away from all water

VI. Ocular Surface Infectious Agents (5 min)

- A. Most viruses are fairly fragile and can be easily killed by surface rubbing following disinfection
- B. There are viruses that only respond to specific anti-virals.
- C. Surface Cleaning
 1. Surface cleaning physically removes contaminates by digital manipulation

VII. Hand Hygiene (10 min)

- A. Hospitals and medical facilities have hand hygiene campaigns and made effective alcohol-based cleansers available for patients and visitors.
- B. For staff, there are more advanced bio-cidal as well as virucidal cleansers specially formulated for most effective kill

- C. When possible it is advised not to have contact with the patient, contact lenses or lens care products, especially if suspect of any kind of health compromise.
- D. Wash your hands in front of the patient!
- E. Glove
 - 1. When in doubt disposable latex/powder free gloves are recommended

VIII. Lens Care: Soft

(20 min)

- A. Multi-Purpose
 - 1. The proportion of the microbial flora killed depends on the concentration of the disinfectant and the inherent resistance of the microorganism.
 - 2. A store brand may be designated as a “multi-purpose” disinfecting solution most patients are unaware of the actual chemical components.
 - 3. Not all solutions labeled as “disinfecting” are the same
- B. Chemical disinfectants are ranked according to their ability to inactivate pathogens
- C. Sterilization
 - 1. Most commonly accomplished by dry and or moist heat.
 - 2. The intention is to reduce microbial counts
- D. Hydrogen peroxide
 - 1. Hydrogen peroxide may prove to be useful as a surface cleaning agent because it remains active in the presence of organic matter
 - 2. Bio-cidal efficacy is yet to be determined on instruments
- E. Surface cleaning:
 - 1. digital cleaners,
 - 2. enzymes
- F. Problems:
 - 1. Improper/incomplete lens care instruction
 - 2. Improper/incomplete use of lens care products
 - 3. Use of non-approved lens care products
 - 4. Multi-purpose solutions (mix and match)
 - 5. Re-branded solutions

IX. Patient Review

(10 min)

- A. Complete cleaning regimen
- B. Not to switch/mix cleaning solutions
- C. Never use ANY type of water to rinse
- D. Reiterate the dangers of swimming and/or showering in CL's
- E. The importance of following a safe wearing schedule as outlined by their ECP/fitter

X. Artificial tears/lubricants

(5 min)

- A. Advise the patient not to mix brands!
- B. If the patient wears soft lenses and uses an AT intended or GPs it is possible that an adverse reaction could occur

XI. Saline

(5 min)

- A. Saline was first introduced in the 60's as part of the neutralizing process for the initial peroxide disinfection systems
- B. It was also used to ship and store soft lenses. Saline was also used to rinse and store soft lenses for heat disinfection

- XII. Daily Wear Disposables (5 min)
- A. Are less likely to cause problems with soilage and lens deposition.
 - B. Make certain lens care instruction accompanied by a lens care sample kit are provided
- XIII. Diagnostic Soft Trial Lens Disinfection (5 min)
- A. To date there is no direct Statement from the FDA regarding what is the most “effective”
 - B. Rely on manufacturer recommendation
- XIV. Q&A (5 min)

APPLICATION FOR CONTINUING EDUCATION APPROVAL

Ophthalmic Professional Services - Consultation/Education/Practice management

PROFESSIONAL PROFILE

Experienced optical professional driven to excellence as evidenced by numerous leadership roles throughout career. Expert in consultation and practice management encompassing marketing, sales and technical training related to product technology. Talented at developing and delivering effective educational training materials. Extensive clinical expertise involving specialty contact lens fitting, research and development of experimental lens designs, contact lens pharmaceuticals as well as groundbreaking corneal surgical procedures. Renowned consultant, lecturer and published author.

PROFESSIONAL EXPERIENCE

Contact Lens Consultants of N. Georgia

2008- to date

Freelance writing, consultation, training and education

- Train and consult with Eye Care professionals in the use and management of specialty Contact Lenses
- Author and present technical/clinical papers and articles

Georgia Mountain Ophthalmology

2010 - 2012

Ophthalmic clinician

- Oversee patient work up and management including but not limited to; history taking, patient services, basic ocular motility, applanation tonometry and refraction
- Perform OCT, visual field testing and assist in minor in-office surgical/diagnostic procedures

Bascom Palmer Eye Institute

2009 - 2010

Ophthalmic and triage clinician

- Oversee patient work up and management including but not limited to; history taking, patient services, basic ocular motility, applanation tonometry and refraction
- Manage Ophthalmic and pharmaceutical triage

Director, Consultation and Education

2002-2008

Unilens Corp. USA. Manufacturer of Bifocal, Multifocal and Specialty Contact Lenses

- Clinical consultation recommendations and education sales training resulted in a 10-fold increase in sales and dramatically reduced returns
- Trained practitioners and staff in selection, fitting, and care of all products
- Participated in clinical research and design recommendations for R&D
- Presented lectures and authored technical papers highlighting specialty contact lens benefits and usage
- Designed and implemented tutorial training in optics, presbyopia, astigmatism and specialty fitting

Senior Product Manager/Consultant

2004-2005

Euclid Systems Corp. Manufacturer of Orthokeratology and Specialty Rigid Lenses

- Developed and implemented nationwide training program resulting in promoting Orthokeratology awareness
- Consulted and trained practitioner and staff in selection, fitting and care of the Emerald Ortho-K lens
- Presented lectures and co-authored papers on Orthokeratology products

Manager/Consultant Regional Sales

2002-2005

Hydrogel Vision Corp. Manufacturer of Specialty Contact Lenses

- Consulted with practitioner and staff in marketing, fitting and care of the Extreme H2O products

Senior Fitting Consultant

1999-2002

Vistakon, a Vision Care Division of Johnson and Johnson

- Consulted with practitioners and staff in the selection, fitting and management of all products
- Assisted in the coordination and execution of “in-house” workshops designed to give key accounts intensive didactic as well as “hands on” training targeting the bifocal product

Re: Continuing Education For OH Opticians and Ocularists

Quantum Optical is an internationally approved continuing education sponsor for opticians for both Live and Online CE. We would like to offer our ONLINE courses for the benefit of licensed opticians and ocularists in the State of OH. Enclosed, please find the necessary applications and supporting documents.

Each course is accompanied by an online multiple-choice test, which requires an 80% pass point in order to obtain a certificate.

Certificates are sent as PDFs to the user via email immediately after successfully completing a test.

User test history, grade, etc. is logged into our database indefinitely

ALL OH licensees are welcome to participate in our online CE offerings.

If you have any questions, or need additional information regarding this application, please do not hesitate to contact me. Thank you for your time and attention to this application.

Regards,

A handwritten signature in blue ink, appearing to read "Mike", with a long horizontal flourish extending to the right.

2024-007P	Neuro-imaging in Ophthalmic Disease: Part I	Guide the audience through basics of MRI and CT image sequencing and interpretation of normal and abnormal results. There will be a focus on proper imaging modality selection based on various ophthalmic and neuro-ophthalmic diseases.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-008P	Neuro-imaging in Ophthalmic Disease: Part II	Guide the audience through basics of MRI and CT image sequencing and interpretation of normal and abnormal results. There will be a focus on proper imaging modality selection based on various ophthalmic and neuro-ophthalmic diseases.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-009P	Eyelid Lesions and Neoplasms: Part I	Review of eyelid tumors including epithelial, cystic, sweat gland, sebaceous gland, follicular, melanocytic, fibrous and vascular tumors. Clinical differentiation and management approaches will be discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-010P	Eyelid Lesions and Neoplasms: Part II	Review of eyelid tumors including epithelial, cystic, sweat gland, sebaceous gland, follicular, melanocytic, fibrous and vascular tumors. Clinical differentiation and management approaches will be discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-011P	Ocular Toxicity in Systemic Medications ? Clinical Screening Protocols: Part I	An overview of the most common systemic drugs which have a potential for ocular toxicity. There is a focus on applicable screening protocols. This will highlight the importance of awareness of evolving drug landscape as it pertains to ocular side effects.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-012P	Ocular Toxicity in Systemic Medications ? Clinical Screening Protocols: Part II	An overview of the most common systemic drugs which have a potential for ocular toxicity. There is a focus on applicable screening protocols. This will highlight the importance of awareness of evolving drug landscape as it pertains to ocular side effects.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-013P	Retinal Imaging Applications in Neuro-Ophthalmic and Neurodegenerative Disease: Part I	Discuss applications of retinal imaging modalities in evaluating neuro-ophthalmic and neuro-degenerative diseases. Review several cases highlighting the benefits of imaging in the eye clinic to differentiate and manage neuro-ophthalmic disease. Highlight important characteristics of retinal imaging that will allow differentiation of common neuro-ophthalmic diseases from other neuropathies such as glaucoma.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-014P	Retinal Imaging Applications in Neuro-Ophthalmic and Neurodegenerative Disease: Part II	Discuss applications of retinal imaging modalities in evaluating neuro-ophthalmic and neuro-degenerative diseases. Review several cases highlighting the benefits of imaging in the eye clinic to differentiate and manage neuro-ophthalmic disease. Highlight important characteristics of retinal imaging that will allow differentiation of common neuro-ophthalmic diseases from other neuropathies such as glaucoma.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-015P	Pituitary Tumor Endocrinopathies and Incidentalomas : Part I	Course will review epidemiology, pathophysiology and diagnostic evaluation of pituitary endocrinopathies. There will be further discussion of management of incidentalomas, pre-operative and post-operative neuro-ophthalmic consideration in pituitary adenomas and other chiasmatal disease.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-016P	Pituitary Tumor Endocrinopathies and Incidentalomas : Part II	Course will review epidemiology, pathophysiology and diagnostic evaluation of pituitary endocrinopathies. There will be further discussion of management of incidentalomas, pre-operative and post-operative neuro-ophthalmic consideration in pituitary adenomas and other chiasmatal disease.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024

2024-017P	Discerning Diplopia	Review prevalence of different conditions that are prone to produce double vision in adults, discuss the clinical approach to systematically addressing cases of new diplopia in the clinical setting, and discuss proper muscle balance and appropriate management for acute cases. This discussion will incorporate case review as well.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-018	Moral Hazard	The concept of moral hazard will be defined as it pertains to health care and eyecare. A discussion of the over-testing, overdiagnosis, overtreatment and their implication for the eye care provider. This will help the listener better understand the social, economic and psychological impact of over testing/treating.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-019P	Retinal Hemorrhages: Leaky Pipes ? Part 1	This lecture will cover systemic diseases presenting with retinal hemorrhages. The course will include a review of retinal vascular anatomy and diagnostic criteria of these systemic diseases	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-020P	Retinal Hemorrhages: Leaky Pipes ? Part 2	This lecture will cover systemic diseases and the spectrum of retinal presentations, and conclude with cases and their respective clinical course follow-up.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-021P	Treatment and Management of Dry Eye Part 1	This lecture will review the definition of dry eye disease (DED), the multiple factors that contribute to DED, the prevalence, and the effects on patients.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-022P	Treatment and Management of Dry Eye Part 2	This lecture will review diagnostic methods, treatment options, and counseling of patients for best outcomes.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-023	Ocular Trauma ? Part I	This lecture will review common types of ocular trauma encountered by the eye care provider. It will focus on practical management and incorporate both case review and image quiz.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-024	Ocular Trauma ? Part II	This lecture will review common types of ocular trauma encountered by the eye care provider. It will focus on practical management and incorporate both case review and image quiz.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-025P	Glaucoma Update 2024: Part I	This lecture will discuss updates in glaucoma for the eye care provider. It will review updated research on the pathophysiology of glaucoma, new pharmaceutical approaches, and current and emerging procedures available in the space of minimally invasive glaucoma surgery.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-026P	Glaucoma Update 2024: Part II	This lecture will discuss updates in glaucoma for the eye care provider. It will review updated research on the pathophysiology of glaucoma, new pharmaceutical approaches, and current and emerging procedures available in the space of minimally invasive glaucoma surgery.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-027	Contact Lens Updates	This lecture will discuss updates in contact lenses for the eye care provider. It will review newest lenses to come to market and an overview of the soft lens choices available.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-028	Scleral Contact Lens	This lecture will discuss scleral contact lenses. It will overview basic fit techniques, adjustments that can be made based on clinical findings, and review common issues that arise as well as ways to troubleshoot.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-029P	Traumatic Brain Injuries: Part 1	Diagnostic methods and treatment options for patients with ocular dysfunction secondary to TBIs with case studies and clinical examples presented.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-030P	Traumatic Brain Injuries: Part 2	Diagnostic methods and treatment options for patients with ocular dysfunction secondary to TBIs with case studies and clinical examples presented.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024
2024-031	Low Vision Basics	The goal of this course is to introduce basic tips and devices that optometrists could easily incorporate into a non-low vision specialty clinic. In addition to basic specific low vision devices, usage of common technology such as smart phones with built in accessibility features and specific apps are also discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2024	12/31/2024

VISION PROFESSIONALS' BOARD – MEETING 2/8/2024

ATTORNEY GENERAL REPORT – Crystal Richie, Principal AAG

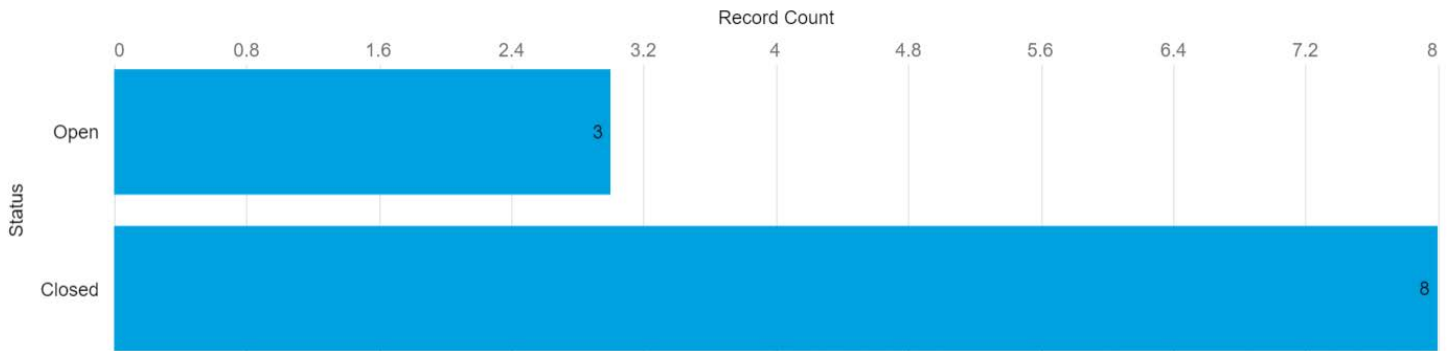

- There is no pending litigation involving the Vision Professionals' Board.
- Since the last Board Meeting, no new cases have been filed naming the Vision Professionals' Board as a party.
- Currently there are no active administrative matters. (O.R.C. Chapter 119)

Vision Professionals Board Investigations Report

Meeting Date: February 8, 2024

Investigator: Gary G. Price

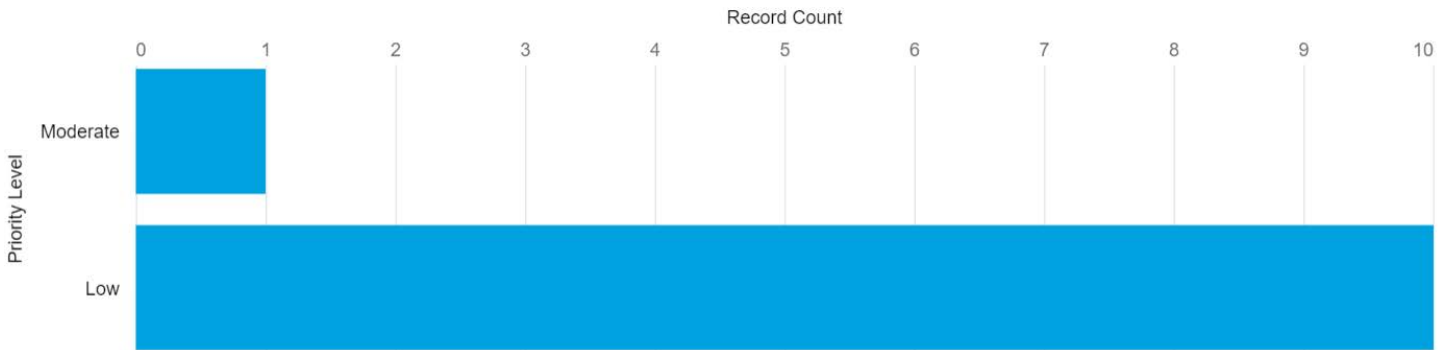

Complaints by Status Level (11 total complaints)

Complaints by Priority and Status (11 total complaints)

Complaints by Priority (11 total complaints)

Priority Level – A level assigned to each complaint showing the amount of investigation efforts necessary to complete the complaint.

High - Review by board member and AAG, interviews complainant, respondent, and witnesses, obtains reports, could include inspection, collection and assembling evidence, and has a higher chance of ending in consent agreement or higher resolve.

Moderate - Review by board member and AAG, closed in a timely manner after minimal investigation.

Low - Usually closed after an understanding is reached from complainant and respondent without extensive investigation.

Inspections:

Vision Professionals Board Investigator has conducted Fifty (50) Inspections from November 17, 2023 to Present. The top violations found during prior inspections are:

1. Nametags not being worn.
2. Apprentices not working under Supervising Optician.
3. Optometrist name needed on prescription.
4. Equipment needed cleaned.
5. Optometrist name needs to be added to receipt.

***The preceding charts and complaint records indicate from November 17, 2023, to February 8, 2024, complaints that were entered into the eLicense system.**

Report prepared by: Gary G. Price, Investigator

Investigator Activities

Enforcement

The investigator for the Ohio Vision Professionals Board serves the public through enforcement of the Ohio Revised Code (ORC) and Ohio Administrative Code (OAC) sections related to the practices of optometry, opticianry, ocularistry and registering optician apprentices. Other primary functions of the investigator include the examination and resolution of complaints, unannounced site inspections, profession inquiries and reviewing advertisements of practices throughout the state. The inspections ensure compliance with applicable laws and rules relating to the professions in protecting the public. During inspections, the investigator focuses on the overall condition of the office, equipment requirements and other practice related matters. Board decisions on discipline and administrative hearings are entered into the National Practitioners Data Bank (NPDB). The investigator presents laws and rules training sessions accompanied with a proficiency test for newly graduated optometrists and doctors seeking licensure in Ohio from other states.

Statistics of Investigative Complaints and Inspections

PRIORITY LEVEL – A level assigned to each complaint illustrating the amount of investigation efforts necessary to resolve the complaint.

- **High** - Review by board member and AAG, interviews complainant, respondent, and witnesses, obtains reports, may include inspection, collection and assembling evidence, and usually ends in consent agreement or a higher resolve.
- **Moderate** - Review by board member and AAG, closed in a timely manner after minimal investigation.
- **Low** - Usually closed after an understanding is reached from complainant and respondent without extensive investigation.

Investigations: 11

Inspections: 50

Active Consent Agreements

The Vision Professionals Board currently has Zero (0) open Consent Agreements.

Investigations and Inspections data collections is from November 17, 2023, to February 8, 2024

Click on the Administration Date to view the diagnostic information for that exam.

A 'P' or 'F' after a score indicates Pass or Fail.

For the Part I, II and III exams, the possible scaled scores range from 100-900, with 100 being the lowest score possible and 900 being the highest score possible. For each of these exams, candidates scoring 300 or above are considered to pass.

Section scores are reported on a completely different scale than Part scores. Therefore, the sum of section scaled scores is not likely to equal a Part scaled score. The highest possible section score is a 99.

Please note that while a pass/fail decision has been made by the National Board based on the Part scores only (except TMOD®, ACMO®, ISE, CPDO, and CSK/V*), each State Board will make a licensure decision based on its own rules and regulations regarding use of all scores reported. For the TMOD®, ACMO®, and ISE exams, the highest possible score is a 99, and candidates scoring 75 or above are considered to pass.

Scores for Clinical Skills/VRICS (CSK, VRICS & CSK/V) before 1993 are identified separately. For 1993 to 1999, Clinical Skills and VRICS were included as Section scores of Part III, which consisted of Clinical Skills, VRICS, and Patient Management. In 2000, the VRICS and Patient Management sections were replaced with the Patient Assessment and Management (PAM®) section.

The Legal and Ethical Issues (Legal/Ethical) Section of Part II was known as Clinicolegal Issues prior to 1998.

*The Clinical Skills/VRICS (CSK/V) exam was administered in 1991 and 1992.

**For more information on this score, please contact the NBEO® office.

Education

Inter American University of Puerto Rico

School of Optometry

Professional doctorate graduate school

August 2017 – June 2021

Graduated: June 2021

Degree: Doctor of Optometry (OD)

University of Houston Downtown

August 2014 – December 2016

Major: Biological & Physical Sciences

Graduated: December 2016

University of Houston

May – July 2016

TEXOCOP Optometry Program

University of Houston Main Campus

January – May 2014

Wharton County Junior College/ University of Houston Sugar Land

August 2011 - July 2015*

Clements High School

August 2007 – June 2011

Graduated May 2011

*Summer courses taken while attending other institutions

University of Houston Pre-Optometry Professional Society (POPS) <i>Active member; experiences with vision care, vision screenings, volunteering events.</i>	Aug 2016-Present
UHD Animal Rescue Club <i>Rescue Officer. Volunteer to help save animals from being put to sleep. Aid in adoption services, foster animals. Remove animals from animal shelters- 24 hrs before euthanized to help them find a home.</i>	Aug 2016-Present
Houston Pets Alive (HPA) <i>Volunteer at animal shelters to help find abandoned animals a new home, educate individuals about eliminating the killing of companion animals in TX.</i>	Aug 2105- Present
Epiphany Community Health Outreach Services (ECHOS) <i>Conducted vision screenings for low income & at-risk individuals with no access to healthcare clinics.</i>	May 2016- Nov 2016
Optometry Vision Screenings Parkway Ranch Community Center Judson Robertson Community Center <i>Volunteer event to aid needy individuals with no healthcare availability.</i>	February 2016- Nov 2016
Prevent Blindness Texas <i>Volunteer at clinics in order to aid children from low income families with proper eye healthcare.</i>	Aug 2016-October 2016

Meals on Wheels Houston July 2013-July 2016
Home-delivered meals to homebound seniors and veterans over the age of 60 and their spouses.

Houston Food Bank Jan 2016- Present
Volunteer to provide low-income families with food and clothing items at drives.

Houston Parks & Recreation November 2016
Volunteer to help plant seeds around the city of Houston to increase the green space around.

Lions Club International October 2017-Present
Volunteer to provide vision screenings and vision care to young children, primary school students, and adults at risk for vision loss

Personal Skills

- Proficiently speak three languages: English, Spanish, and Farsi.
- Extensive experience in the Medical/Optometric domain, demonstrating a strong foundation in patient care and eye examinations.
- Proficiency in patient communication, showcasing empathetic understanding and effective dialogue within healthcare settings.
- Adept at developing and nurturing positive relationships with patients, emphasizing a commitment to exceptional care and rapport-building.
- Skilled problem-solver with the ability to identify issues and devise efficient, tailored solutions, particularly in collaborative team settings.
- Innate compassion for the field of Optometry, dedicated to providing high-quality care and prioritizing patient well-being.
- Proficient in computer technology, complemented by hands-on expertise in automotive mechanics/tuning and a range of "handy man" skills.
- Exceptional social adeptness across diverse age groups, demonstrating excellent communication skills and a keen understanding of patient needs.
- Possessing a strong aptitude for critical thinking, organization, and engineering, enabling effective problem-solving and structured approaches to tasks.
- Demonstrated ability to swiftly adapt to changing environments, seamlessly acclimating to both expected and unforeseen circumstances.
- I approach tasks with an innovative perspective, consistently finding novel solutions to complex problems.
- I value diverse viewpoints, embracing new ideas and collaborating effectively with a wide range of perspectives.
- Exceptional social skills, fostering a comfortable atmosphere and meaningful connections with patients, ensuring interactions are welcoming and professional.

Avocations

- Automotive Enthusiast: Passionate about high-performance vehicles and proficient in automotive maintenance, showcasing precision, attention to detail, and a practical skill set.
- Fitness Enthusiast: Dedicated to physical fitness through regular exercise routines including swimming, demonstrating commitment, discipline, and a healthy lifestyle.
- Culinary Arts: Proficient in culinary skills, adept at cooking a variety of Persian dishes, exhibiting creativity, and attention to detail in food preparation.
- Firearms Safety and Ownership: Holder of a concealed handgun license, demonstrating adherence to regulations, responsibility, and a commitment to safety protocols.
- Family-Centric Values: Emphasizes dedication to family, showcasing strong values, support, and responsibility.
- Animal Welfare Advocate: Devoted and caring pet owner, reflecting empathy, responsibility, and a nurturing nature towards animals.
- Nature Enthusiast: Enjoys hiking and exploring the outdoors, demonstrating an appreciation for nature and adaptability in various environments.
- Recreational Riding: Enjoys recreational trail riding on a one-wheel, highlighting an active lifestyle and an adventurous spirit.
- Technical Pursuits: Proficient in working with electronics, building, and continuous learning in technical fields, showcasing problem-solving skills and a passion for technology.

UNIVERSITY OF HOUSTON – DOWNTOWN (UHD)

Registrar's Office One Main Street <http://www.uhd.edu>
 (ph): 713-221-8999 Houston, Texas 77002 Title IV Code: 003612
 (fax): 713-223-7438 uhdrecords@uhd.edu FICE Code: 012826

Accreditation

The University of Houston – Downtown (UHD) is accredited to award Bachelor's and Master's degrees by the Commission on Colleges of the Southern Association of Colleges and Schools.

History

In 1974, the University of Houston System took over the assets of South Texas Junior College. All coursework represented on a UHD transcript prior to the fall semester of 1974 was earned at South Texas Junior College. In 1979, the Texas Legislature granted the University of Houston Downtown College status as a freestanding academic institution under the Board of Regents of the University of Houston System. In 1983, the institution's name was changed to the University of Houston – Downtown (UHD)

Academic Credit/Calendar

The unit of credit awarded by UHD is the semester credit. UHD operates the academic calendar based on the semester term. Semester credits are awarded during the following established terms: Fall and Spring (16 week), Summer I, II, and III (5-8 week). Other terms may be periodically approved and utilized, such as the Winter Term or May Term (3 week).

Grading Scale

UHD operates on a 4.0 grading scale. The grade point average (GPA) is determined by dividing the total quality points by the total number of GPA credit hours earned.

Included in the calculation of the GPA:

GRADE	Q. PTS.	NOT included in the calculation of the GPA	Q. PTS.
A	4.00	A*	0.00
B	3.00	Non-credit grade	0.00
C	2.00	Non-credit grade	0.00
D	1.00	Incomplete	0.00
F	0.00	In progress	0.00
		Withdrawn	0.00
		Satisfactory	0.00
		Unsatisfactory	0.00
		Audit	0.00
		Credit Awarded	0.00

Repeated Courses

UHD has operated under various repeat rules. Effective the spring semester of 1994, when a course is repeated only the most recent grade received in the course will be used in computing the grade point average. This excludes courses repeated prior to Spring 1994. In the column marked "R", repeats that are included in the GPA are marked "Y", those that are excluded are marked "E".

Codes and Abbreviations

The following are codes commonly found on the transcript and their definitions:

SUBJ..... Subject	GRD..... Grade	Ehrs..... Earned Hours
CRED..... Credits	GPA-Hrs..... GPA Hours	R See "Repeated Courses"
NO..... Course Number	PTS..... Quality Points	I See "Repeated Courses"
CC..... Course Category	QPts..... Quality Points	E See "Repeated Courses"

Course Numbering System

All course numbers are four digits, the first representing academic level (1=freshman, 2=sophomore, 3=junior, 4=senior, 5=postbac, 6=master's) and the second digit representing the credit-hour value.

Academic Amnesty Program

Undergraduate students may elect under the Academic Amnesty program to have all academic coursework completed four or more years prior with a grade of 'D' or 'F' at UHD to be removed from consideration for degree candidacy. In the column marked "R", those grades that are excluded are marked "E".

Fresh Start Program

For students who are approved to be admitted under the fresh start program, the university shall not consider academic course credits or grades earned by the applicant ten or more years prior to the starting date of the semester in which they seek to enroll. In the column marked "R", those grades that are excluded are marked "E".

Academic Standing: Probation/Suspension

A student is placed on academic probation at the end of any term in which his or her cumulative GPA falls below the specified minimum cumulative GPA as shown below:

Semester Hours:	Cum. GPA Minimum:
1-29.....	1.70
30-59.....	1.90
60+, or declaration of major.....	2.00

A student who is not making satisfactory progress toward meeting graduation requirements may be placed on academic suspension if the record does not improve.

State of Texas Common Core

The State of Texas has established a "general education core curriculum" for public institutions as of Fall 1999. Coursework which has been completed in a designated core category will be noted on the transcript as follows:

010 – Communications	070 – Political Science
011 – Speech	080 – Social/Behavioral Science
050 – Visual & Perf. Arts	090 – Institutional Option
020 – Mathematics	
030 – Natural Sciences	

The completion status of UHD's general core curriculum will be indicated on the transcript as follows:

Complete Common Core: YES Complete Common Core: NO

Texas Success Initiative (TSI)

The TSI status of all students is printed on the transcript. THEA (or alternative) scores are printed for each section with the date of the attempt. Exemptions are also noted for each section. TSI satisfaction at another institution is indicated by the name of the school being printed for the appropriate section.

Course Drop Limit – TEC 51.907

Effective Fall 2007, undergraduate students enrolled at the University of Houston-Downtown are not permitted to drop more than six courses. The six drop limit includes any course a transfer student has dropped at another institution of higher education, per section 51.907 of the Texas Education Code.

SERVICE LEARNING COURSE DESIGNATION

Service learning is a teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities (Learn and Serve America National Service Learning Clearinghouse). Service-learning aims to connect the personal and intellectual to help students acquire knowledge and a useful understanding of the world, build critical thinking capacities, and perhaps lead to fundamental questions about learning and about society and to a commitment to improve both.

ACADEMIC ACHIEVEMENT THROUGH COMMUNITY ENGAGEMENT (A+CE)

Focusing on critical thinking skills using community issues/engagement.

ENGAGED SCHOLAR

An Engaged Scholar has successfully completed at least four A+CE (Academic Achievement through Community Engagement) designated courses that build critical thinking skills using community issues.

INTERPRETATION OF ACADEMIC RECORD INFORMATION

ACCREDITATION

University of Houston is accredited by the Commission on Colleges, Southern Association of Colleges and Schools, as a Level VI General postsecondary institution.

COURSE NUMBERING

All courses are identified by instructional area and number. Beginning in the fall term 1979, the University of Houston adopted a four-digit course numbering system.

ACADEMIC FRESH START PROGRAM

Former or current University of Houston undergraduate students may elect under the University's Academic Fresh Start Program to have all academic coursework completed at the University of Houston ten or more years prior to the term of election removed from consideration by the University and by the dean of the college of their major for any academic purpose. Transcripts will be annotated to indicate terms removed from consideration and those under the Academic Fresh Start Program.

GRADING SYSTEM

<u>Grade</u>	<u>Grade Points Per Sem. Hr.</u>	<u>Interpretation</u>
A	4.00	Excellent, superior achievement
A-	3.67	
B+	3.33	
B	3.00	Good, exceeding all requirements
B-	2.67	
C+	2.33	
C	2.00	Average, satisfactory, meeting all requirements
C-	1.67	
D+	1.33	
D	1.00	Poor, passing
D-	0.67	
F		Failing
I		Incomplete-conditional temporary delay of final course grade
NR		Not reported by instructor
Q		Withdrew without consequences
S		Satisfactory
U		Unsatisfactory
W		Withdrew

MULTI-INSTITUTION TEACHING CENTER

University of Houston supports a Multi-Institution Teaching Center (MITC) for the purpose of providing credit instruction from several "parent institutions" in a common geographic setting. Notation on the transcript of any of the following institution abbreviations and course information indicate an MITC course. Reference for course content should be made to the designated MITC institution catalog and course.

<u>Abbreviation</u>	<u>Name of Participating UH System Institution</u>
UHCL	University of Houston-Clear Lake
UHD	University of Houston-Downtown
UHV	University of Houston-Victoria

UNIT OF CREDIT

The unit of measure for academic credit purposes is the term credit hour. One term hour is normally equivalent to one hour of class work or from two to six hours of laboratory work per week per term. Most courses meet for three lecture hours a week in the spring or fall terms and have an academic credit value of three term hours. These same courses meet during the summer term with each session equivalent in class hours and credit granted.

CALENDAR

The academic calendar consists of two long terms lasting approximately eighteen weeks and one summer term consisting of four condensed sessions. Regardless of the length of the term, the same academic credit is given for a course whether it is taken during the fall, spring or summer term. A standard number of contact classroom hours is maintained in both cases.

SYMBOLS

- O University of Houston course taught at an off-campus site
- H Honors course with higher requirements
- * A course for which the student originally received a grade of incomplete
- > Student has completed the course but the grade has not yet been assigned
- # A major area of study but the student has not yet filed a degree plan specifying a major and degree objective
- + Course was taken for graduate level credit

TRANSCRIPT NOTATIONS

Texas public institutions of higher education are required to share information reflecting the student's status with regard to state mandated requirements such as the Texas Success Initiative (TSI) and completion of core curriculum requirements. For this purpose, transcript notations may be included on the student's academic transcript.

This Academic Transcript from the University of Houston located in Houston, TX is being provided to you by Parchment, Inc. Under provisions of, and subject to, the Family Educational Rights and Privacy Act of 1974, Parchment, Inc. is acting on behalf of the University of Houston in facilitating the delivery of academic transcripts from the University of Houston to other colleges, universities and third parties.

This secure transcript has been delivered electronically by Parchment, Inc. in a Portable Document Format (PDF) file. Please be aware that this layout may be slightly different in look than the University of Houston's printed/mailed copy, however it will contain the identical academic information. Depending on the school and your capabilities, we also can deliver this file as an XML document or an EDI document. Any questions regarding the validity of the information you are receiving should be directed to: Office of the University Registrar, University of Houston, Houston, TX 77204-2027, Tel: (713) 743-1010.

Grading System

- A - Excellent
- B - Above Average
- C - Average
- D - Below Average (lowest passing grade)
- F - Failure
- X - Audit
- W - Withdrew
- WX - Withdrew (Drop Counted)
- I - Incomplete
- P - Passing.

Credit in Semester Hours: 4 - Point Grading System

This information is transferred at the request of the student, only on the condition you will not permit any other party to have access to such information without the consent of the student.

ACCREDITATION

Wharton County Junior College is fully accredited by the Southern Association of Colleges and Schools.

REPEATED COURSES

A grade of "DR", "FR", etc., for courses transferred into WCJC indicates that the course was later repeated. For courses taken at WCJC an "E" at the extreme right end of the course record indicates that the course has been repeated. The "E" means that the course has been *excluded* from hour and GPA calculations. (Note: An "I" means the course is *included* in hour and GPA calculations.) Beginning Fall 2019: All repeated coursework will be recorded with an "E" or "I".

WHARTON COUNTY JUNIOR COLLEGE CORE CURRICULUM

Core	Core Component	Course Selection	#Hours Required
010	COMMUNICATION	ENGL 1301 and ENGL 1302	6
020	MATHEMATICS	MATH 1314, MATH 1316, MATH 1324, MATH 1325, MATH 1332, MATH 1342, MATH 1350, MATH 1351, MATH 2312, MATH 2413	3
