

Course Number	Course Name	Course Description	Total Hours	Provider	City	Primary Contact	Email	Phone	Course Effective Date	Course Expiration Date
2026-001	Myopia Matters: From Evidence to Everyday Practice	1. TBD 2. TBD. 3. Making the Most of Myopia Control	5	Ohio Chapter of the American Academy of Optometry	Chillicothe	Steve Njeru, OD	aaopt.ohio@gmail.com	352-213-8011	2/7/2026	
2026-002P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	1. OCT and OCTA: How to Interpret and Utilize in Your Clinic 2. New Developments in Sustained in Retinal Drug Delivery	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	1/13/2026	
2026-003P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Annual Glaucoma Update	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	2/24/2026	
2026-004P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Pediatric Low Vision and Contact Lenses	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	3/10/2026	
2026-005	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Pediatric Ocular Emergencies	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	4/14/2026	
2026-005P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Pediatric Ocular Emergencies	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	4/14/2026	
2026-006P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Cincinnati OD Resident Grand Rounds Part 1	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	5/5/2026	
2026-007P	University of Cincinnati and Cincinnati Children's Optometric Continuing Education Lecture Series	Cincinnati OD Resident Grand Rounds Part 2	2	University of Cincinnati-Ophthalmology	Cincinnati	Brittney Morales	odlectureseries@cchmc.org	513-803-3013	5/19/2026	
2026-008	Virtual Realeyes Program Training	Realeyes Program Training	2	Ohio Optometric Association	Worthington	Cori McCabe	cmccabe@ooa.org	(614) 781-0708	2/18/2026	
2026-009	Mission Trip to Ichnul, Yucatan, Mexico	Mission Trip to Mexico providing eye exams.	16	The Chapel in Green & Mission House	Uniontown	Chase Donnelly	donnellysc@gmail.com	330-962-9426	2/28/2026	3/7/2026
2026-010P	Retina: Corneal Changes That Can Affect Vision With Need For Low Vision	1. New AMD Treatment 2. Anterior Segment Disease	2	Sight Center of Northwest Ohio	Toledo	Angela Jackson	drjackson@qualityfamilyeyecare.net	(419) 666-0700	1/22/2026	
2026-011P	ReVision Winter CE	Oculoplastic Case Studies, Anterior Segment Case Presentations, Advances in Corneal Transplants, AI in 2026	4	ReVision LASIK and Cataract Surgery	Columbus	Paige York	paige@revisioneyes.com	(614) 203-7064	2/28/2026	
2026-012	Allergic Conjunctivitis: An Allergist Approach	Allergic Conjunctivitis: An Allergist Approach	2	Premier Allergy Asthma	Dublin	Cassidy Pennington	cassidy@ohallergy.com	614-905-1784	3/1/2026	7/31/2026
2026-014P	Ohio Vision Foundation 2026 Spring Seminar	1. Neuro Disease in Optometry Practice 2. Update on Macular Degeneration 3. Update on Ocular Melanoma & Metastasis 4. Normal Tension Glaucoma	4	Ohio Vision Foundation	Poland	Randall Maceyko, OD	ranca2@gmail.com	330-727-0781	3/15/2026	
2026-015	In School Eye Exam (iSee) Program Northland High School	iSee Northland High School	8	Ohio Optometric Foundation	Worthington	Steve Dorman	sdorman@ooa.org	(614) 781-0708	1/9/2026	
2026-016	In School Eye Exam (iSee) Program Valley View Local Schools	iSee Valley View Local Schools	8	Ohio Optometric Foundation	Worthington	Steve Dorman	sdorman@ooa.org	(614) 781-0708	1/14/2026	1/21/2026
2026-017P	Stahl Vision's Winter CE Event	1. Eye Jeopardy 2. Challenges in IOL Selections 3. AMD/Retinal Vascular Disease	3	Stahl Vision, Inc.	Dayton	Ashleigh Underwood	ashleigh.underwood@stahlvision.com	(937) 427-2020	1/15/2026	
2026-018P	Winter Eye Alliance 2026- Canton, OH	1. Oculoplastics 360 2. Triage of Retinal Hemorrhages 3. Differential Diagnosis of Red Eye	3	Ohio Eye Alliance	Alliance	Scott Young	syod13@gmail.com	(330) 823-1680	2/4/2026	
2026-020P	EastWest Online University-Anterior Segment OCT Updates	This course reviews current advancements in anterior segment OCT technology, emphasizing diagnostic interpretation, clinical applications, and integration into contemporary optometric practices.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-021P	EastWest Online University-Contemporary Approaches to Diabetic Retinopathy Care	This course will review the pathophysiology, classification, and clinical presentation of diabetic retinopathy.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-022P	EastWest Online University-Dry Eye Masqueraders	This course reviews conditions that mimic dry eye disease and explores diagnostic strategies to distinguish true ocular surface dysfunction from neuropathic, inflammatory, structural, and systemic masqueraders.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026

2026-023P	EastWest Online University-Imaging the Future: AI and Multimodal Tools in AMD Management	This course will provide an overview of Age-Related Macular Degeneration including epidemiology, pathophysiology, and risk factors.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-024P	EastWest Online University-In the Center of Vision: A Deep Dive into Macular Disorders	This course provides an overview of macular disorders with a focus on multimodal imaging. Emphasis will be placed on differential diagnosis of disease including the role of OCT and FAF in disease monitoring, and treatment planning.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-025P	EastWest Online University-Non Ocular Office Emergencies	In this dual presenter course, Dr. Greiner and Dr. Vincent will walk the audience through a series of emergencies that can happen in your office not related to the patient's eye health.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-026P	EastWest Online University-Ocular Manifestations of GLP1/GLP1+GIP Drugs	GLP-1 receptor agonists are widely prescribed for the management of Type 2 diabetes and obesity. Numerous reports have cited ocular side effects associated with their usage. The most frequently reported complications include non-arteritic ischemic optic neuropathy, diabetic retinopathy, links to macular complications, changes in intraocular pressure, refractive shifts and dry eye.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-027P	EastWest Online University-Optimizing the Ocular Surface in Glaucoma	Patients with glaucoma present with visual field defects and the potential progressive vision loss, but an argument can be made that as important in the management of these patient is the quality-of-life issues they face with certain glaucoma treatments.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-028P	EastWest Online University-What's Wrong with that Cornea?	This course will be a refresher of a multitude of conditions that can affect the 5 layers of the cornea. It will review the causes of the conditions along with their treatments, including surgical options.	1	Ohio Optometric Association	Worthington	Jordan Quickel	jquickel@ooa.org	(614) 781-0708	1/1/2026	12/31/2026
2026-029P	Anterior Segment OCT for Ocular Surface Lesions: Part I	Review of interpretation of corneal and conjunctival landmarks on anterior segment OCT. Classification and differentiation of benign and malignant lesions will be discussed based on imaging characteristics via OCT.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-030P	Anterior Segment OCT for Ocular Surface Lesions: Part II	Review of interpretation of corneal and conjunctival landmarks on anterior segment OCT. Classification and differentiation of benign and malignant lesions will be discussed based on imaging characteristics via OCT.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-031P	All Things Drusen - Part 1	A comprehensive review of retinal drusen and drusenoid deposits including biogenesis, drusen types in aging and age-related macular degeneration and drusen associated with inherited retinal disease and systemic disorders.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026

2026-032P	All Things Drusen - Part II	A comprehensive review of retinal drusen and drusenoid deposits including biogenesis, drusen types in aging and age-related macular degeneration and drusen associated with inherited retinal disease and systemic disorders.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-033P	Neuro-imaging in Ophthalmic Disease: Part I	Guide the audience through basics of MRI and CT image sequencing and interpretation of normal and abnormal results. There will be a focus on proper imaging modality selection based on various ophthalmic and neuro-ophthalmic diseases.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-033P	Neuro-imaging in Ophthalmic Disease: Part I	Guide the audience through basics of MRI and CT image sequencing and interpretation of normal and abnormal results. There will be a focus on proper imaging modality selection based on various ophthalmic and neuro-ophthalmic diseases.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-034P	Neuro-imaging in Ophthalmic Disease: Part II	Guide the audience through basics of MRI and CT image sequencing and interpretation of normal and abnormal results. There will be a focus on proper imaging modality selection based on various ophthalmic and neuro-ophthalmic diseases.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-035P	Eyelid Lesions and Neoplasms: Part I	Review of eyelid tumors including epithelial, cystic, sweat gland, sebaceous gland, follicular, melanocytic, fibrous and vascular tumors. Clinical differentiation and management approaches will be discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-036P	Eyelid Lesions and Neoplasms: Part II	Review of eyelid tumors including epithelial, cystic, sweat gland, sebaceous gland, follicular, melanocytic, fibrous and vascular tumors. Clinical differentiation and management approaches will be discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-037P	Ocular Toxicity in Systemic Medications ? Clinical Screening Protocols: Part I	An overview of the most common systemic drugs which have a potential for ocular toxicity. There is a focus on applicable screening protocols. This will highlight the importance of awareness of evolving drug landscape as it pertains to ocular side effects.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-038P	Ocular Toxicity in Systemic Medications ? Clinical Screening Protocols: Part II	An overview of the most common systemic drugs which have a potential for ocular toxicity. There is a focus on applicable screening protocols. This will highlight the importance of awareness of evolving drug landscape as it pertains to ocular side effects.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026

2026-039P	Retinal Imaging Applications in Neuro-Ophthalmic and Neurodegenerative Disease: Part I	Discuss applications of retinal imaging modalities in evaluating neuro-ophthalmic and neuro-degenerative diseases. Review several cases highlighting the benefit of imaging in the eye clinic to differentiate and manage neuro-ophthalmic disease. Highlight important characteristics of retinal imaging that will allow differentiation of common neuro-ophthalmic diseases from other neuropathies such as glaucoma.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-040P	Retinal Imaging Applications in Neuro-Ophthalmic and Neurodegenerative Disease: Part II	Discuss applications of retinal imaging modalities in evaluating neuro-ophthalmic and neuro-degenerative diseases. Review several cases highlighting the benefit of imaging in the eye clinic to differentiate and manage neuro-ophthalmic disease. Highlight important characteristics of retinal imaging that will allow differentiation of common neuro-ophthalmic diseases from other neuropathies such as glaucoma.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-041P	Pituitary Tumor Endocrinopathies and Incidentalomas : Part I	Course will review epidemiology, pathophysiology and diagnostic evaluation of pituitary endocrinopathies. There will be further discussion of management of incidentalomas, pre-operative and post-operative neuro-ophthalmic consideration in pituitary adenomas and other chiasmal disease.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-042P	Pituitary Tumor Endocrinopathies and Incidentalomas : Part II	Course will review epidemiology, pathophysiology and diagnostic evaluation of pituitary endocrinopathies. There will be further discussion of management of incidentalomas, pre-operative and post-operative neuro-ophthalmic consideration in pituitary adenomas and other chiasmal disease.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-043P	OCT Angiography Review	Comprehensive review of OCT angiography interpretation with overview of common artifacts seen in normal and pathological eyes.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-044P	Retinal Hemorrhages: Leaky Pipes ? Part 1	This lecture will cover systemic diseases presenting with retinal hemorrhages. The course will include a review of retinal vascular anatomy and diagnostic criteria of these systemic diseases	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-045P	Retinal Hemorrhages: Leaky Pipes ? Part 2	This lecture will cover systemic diseases and the spectrum of retinal presentations, and conclude with cases and their respective clinical course follow-up.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-046P	Treatment and Management of Dry Eye Part 1	This lecture will review the definition of dry eye disease (DED), the multiple factors that contribute to DED, the prevalence, and the effects on patients.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-047P	Treatment and Management of Dry Eye Part 2	This lecture will review diagnostic methods, treatment options, and counseling of patients for best outcomes.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026

2026-048P	Is Yoga Safe For Your Glaucoma Patients?	This lecture will review basics of the physiology that regulates intraocular pressure as well as the pathophysiology behind glaucoma.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-049	Ocular Trauma ? Part I	This lecture will review common types of ocular trauma encountered by the eye care provider. It will focus on practical management and incorporate both case review and image quiz.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-050	Ocular Trauma ? Part II	This lecture will review common types of ocular trauma encountered by the eye care provider. It will focus on practical management and incorporate both case review and image quiz.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-051P	Glaucoma Update 2026: Part I	This lecture will discuss updates in glaucoma for the eye care provider. It will review updated research on the pathophysiology of glaucoma, new pharmaceutical approaches, and current and emerging procedures available in the space of minimally invasive glaucoma surgery.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-052P	Glaucoma Update 2026: Part II	This lecture will discuss updates in glaucoma for the eye care provider. It will review updated research on the pathophysiology of glaucoma, new pharmaceutical approaches, and current and emerging procedures available in the space of minimally invasive glaucoma surgery.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-053	Contact Lens Updates	This lecture will discuss updates in contact lenses for the eye care provider. It will review newest lenses to come to market and an overview of the soft lens choices available.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-054	Scleral Contact Lens	This lecture will discuss scleral contact lenses. It will overview basic fit techniques, adjustments that can be made based on clinical findings, and review common issues that arise as well as ways to troubleshoot.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-055P	Traumatic Brain Injuries: Part 1	Diagnostic methods and treatment options for patients with ocular dysfunction secondary to TBIs with case studies and clinical examples presented.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-056P	Traumatic Brain Injuries: Part 2	Diagnostic methods and treatment options for patients with ocular dysfunction secondary to TBIs with case studies and clinical examples presented.	0.5	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-057	Low Vision Basics	The goal of this course is to introduce basic tips and devices that optometrists could easily incorporate into a non-low vision specialty clinic. In addition to basic specific low vision devices, usage of common technology such as smart phones with built in accessibility features and specific apps are also discussed.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-058P	Herpetic Eye Disease	The goal of this course is to review the epidemiology and presentation of herpes zoster and herpes simplex along with updates in the treatment and management of herpetic eye disease.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026

2026-059P	Headaches and Facial Pain with Ocular Manifestations Part 1	A review of the International Headache Society Classification Criteria of primary and secondary headaches focusing on those with ocular manifestations. The lecture covers diagnosis criteria, neuroimaging indications, and identifying red flags in patients with headaches and facial pain.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-060P	Headaches and Facial Pain with Ocular Manifestations Part II	A review of the International Headache Society Classification Criteria of primary and secondary headaches focusing on those with ocular manifestations. The lecture covers diagnosis criteria, neuroimaging indications, and identifying red flags in patients with headaches and facial pain.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-061P	Current and Emerging Therapies for Age-Related Macular Degeneration: Part 1	This course aims to educate on the treatment landscape for both dry and neovascular age-related macular degeneration. This includes a particular focus on Anti-VEGF agents as well as injections for Geographic Atrophy.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-062P	Current and Emerging Therapies for Age-Related Macular Degeneration: Part 2	This course aims to educate on the treatment landscape for both dry and neovascular age-related macular degeneration. This includes a particular focus on Anti-VEGF agents as well as injections for Geographic Atrophy.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-063	Patient Centered Communication Part 1	This lecture will focus on tools for communicating with patients. It will discuss tips for navigating difficult conversations, navigating communication barriers, and improving patient outcomes. It will discuss types of difficult patient encounters and tips for how to approach them.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-064	Patient Centered Communication Part 2	This is a continuation lecture of part 1. It will also discuss tips for navigating difficult conversations, navigating communication barriers, and improving patient outcomes. It will discuss types of difficult patient encounters and tips for how to approach them	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-065P	Ocular Manifestations of Systemic Disease: Clinical Identification and Management Part 1	This lecture will cover an overview of ocular manifestations of common systemic diseases that are encountered in optometric practice. Diagnostic strategies and management considerations will be discussed to aid in enhancing interdisciplinary care and optimizing patient outcomes.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026
2026-066P	Ocular Manifestations of Systemic Disease: Clinical Identification and Management Part 2	This lecture will cover an overview of ocular manifestations of common systemic diseases that are encountered in optometric practice. Diagnostic strategies and management considerations will be discussed to aid in enhancing interdisciplinary care and optimizing patient outcomes.	1	Cincinnati VAMC	Cincinnati	Laura Perron, OD	laura.perron@va.gov	513-559-3599	1/1/2026	12/31/2026

2026-067	In School Eye Exam (iSee) Program Valley View Local Schools	iSee Valley View Local Schools	8	Ohio Optometric Foundation	Worthington	Steve Dorman	sdorman@ooa.org	(614) 781-0708	1/21/2026	
2026-068P	20/20 Seminars	1. Be Aware of Plateau Iris to Explain Some Post-Cataract Surgery Surprises. 2. Updates in Comprehensive Ophthalmology.	2	The OSU Dept. of Ophthalmology (Havener Eye Institute)	Columbus	Brian Ehrlich	brian.ehrlich@osumc.edu	614-685-8935	2/10/2026	
2026-069P	67th Annual Post Graduate Symposium in Ophthalmology	Various Courses	9	The OSU Dept. of Ophthalmology (Havener Eye Institute)	Columbus	Brian Ehrlich	brian.ehrlich@osumc.edu	614-685-8935	3/13/2026	3/14/2026
2026-070P	Optometric Retinal Update Webinar	1. Wet AMD Management: Milestones Achieved, Gaps Remaining 2. Macular Telangiectasia 3. When to Refer to Retina 4. Calendar Case Series	4	The Retina Foundation/Retina Associates of Cleveland, Inc	Beachwood	Jackie LoPresti	jlopresti@retinadoctors.com	216-831-5700	3/1/2026	4/30/2026
2026-071P	Pars Plana Vitrectomy for Complex Retinal Detachment Repair: Silicone Oil	Live Surgical Demo	2	The Retina Foundation/Retina Associates of Cleveland, Inc	Beachwood	Jackie LoPresti	jlopresti@retinadoctors.com	2165120788	2/2/2026	
2026-072P	Zone 3 Meeting- Akron, OH	Lasers and Eye Care	1	Ohio Optometric Association	Worthington	Cori McCabe	cmccabe@ooa.org	(614) 781-0708	2/4/2026	
2026-073P	Zone 5 Meeting- Marietta, OH	Update in Retinology	2	Ohio Optometric Association	Worthington	Cori McCabe	cmccabe@ooa.org	(614) 781-0708	2/17/2026
